

MANY MILLIONS IN FARM MORTGAGES TO BE REFINANCED

By ROY F. HENDRICKSON Associated Press Staff Writer

WASHINGTON, July 6.—(AP)—More than \$500,000,000 in farm mortgages locked in closed banks will be refinanced under plans being drawn by the farm credit administration.

The funds thus released will go to depositors in banks which are either in liquidation or being operated under restrictions limiting withdrawals.

A survey undertaken by the credit administration since opening a campaign to reopen closed Wisconsin banks was said today to have convinced its officials of the feasibility of carrying out a comprehensive plan during the next twelve months to cover most states where the problem is acute.

The program is most acute in the middle west and some southern states and will be worked out in each case with state banking authorities and officials of the twelve federal land banks.

Similar studies now are being conducted in Minnesota, Michigan, Illinois, Indiana and others are soon to be started in Georgia, the Carolinas and Texas.

Applications have been received informally from many states to apply the Wisconsin plan there.

Lands representing the security for the mortgages are being reappraised in Wisconsin by a large staff of men and the St. Paul federal land bank is making offers to the mortgagees with the average write down of the face value of the original security expected to be about 50 per cent.

Fireworks Cause Fewer Deaths in Observing Fourth

By ASSOCIATED PRESS America paid a greater price in loss of lives in its annual celebration of its independence that it did in the initial skirmishes of the Revolutionary war, it was revealed by a survey which showed, however, a sharp decrease in fireworks fatalities.

A total of at least 185 men, women and children perished during the holiday, compared with the total loss of 7 men at Lexington and 66 at Concord back in April of 1775 when the forces of the original revolution clashed with those of King George III.

In addition there were hundreds of cases of injured, New York city alone reported 670 treated at hospitals for fireworks injuries, but only a few of the victims were seriously hurt. Twenty-one were injured in Minneapolis.

Fireworks fatalities, however, totalled 7, compared with 10 in 1932. Motor car mishaps contributed heavily to the total deaths, as usual, with 82. Fifty-eight perished by drowning. Thirty-eight others lost their lives in other accidents. Airplane accidents, shooting and fights, helped to swell the total. A parachute jumper fell to his death at a Chicago's Century of Progress exposition.

A more brilliant and fascinating Carole Lombard than has been seen before on the screen came to the Heilig today in the leading role of "No More Orchids," a modern drama of a modern girl. "No More Orchids," offers this volatile blonde screen actress more opportunity to display not only her ability to wear clothes but to carry a major dramatic role. Her first sincere emotion, when she falls in love with a young, alert and handsome lawyer, Lyle Talbot, meets a complete dramatic conflict when her wealthy grandfather refused to let her marry him and picks a Prince for her instead. Walter Connolly, Louise Clouser, Hale and C. Aubrey Smith are in the cast.

Romance, pathos and strong human interest are the high points in "Black Beauty," opened Wednesday at the Colonial. "Grand Slam," the romantic comedy which opens at the Rex Thursday, accomplishes a double purpose as screen entertainment. To ardent bride fans it offers an unusual and comical insight on the game which means so much to them, and to those who are not susceptible to the great national disease, it offers split-second action, fast moving comedy and ingratiating romance. Loretta Young and Paul Lukas have the leading roles, and are supported by Glenda Farrell, Frank McHugh and others.

George Arliss, probably the greatest of stage and screen luminaries at the present day, opens Thursday at the McDonald in "The Working Man." The picture is a delightfully entertaining comedy drama which presents Arliss in a type of picture in which he has had his greatest success. As the head of a large business, he masquerades as a lowly fisherman in order to save the children of his one-time most formidable business rival from moral and financial ruin. Bette Davis, Slim Summerville, screen comedian, became the first transcontinental hitch-hiker on record many years ago when he made a trip across the country to Los Angeles, where he soon became an extra in Mack Sennett comedies—at three dollars per day. Summerville is now a star and will close tonight at the State in "They Just Had to Get Married," in which he is co-featured with Zasu Pitts.
