low, 52.

### Rescue Flight Most Thrilling

### Of All, Says Jimmy Mattern

Alaska, July 21.—(AP)—  
Jimmy Mattern, barefoot round-the-  
world flyer, offered late last night to  
attempt a rescue flight to aid Wiley  
Post, who he heard had been stranded  
in his plane in landing at Flat  
Top, after being "lost" seven  
days.

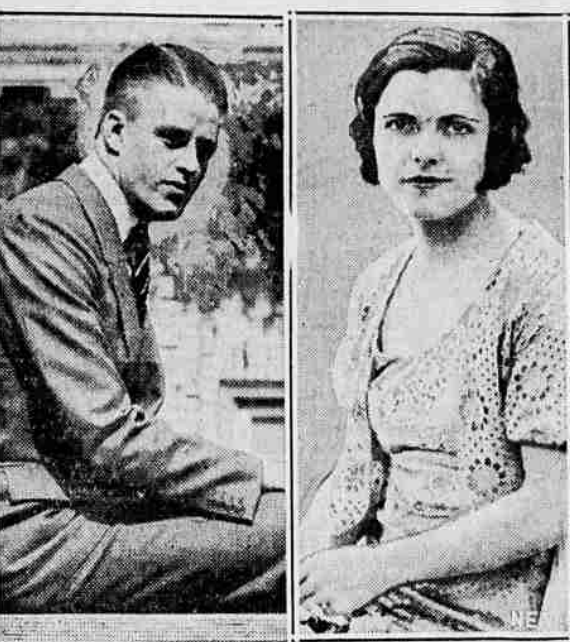

"I thought my flight from New  
York to where my plane crashed  
was full of thrills," he said, "but  
this last flight had them all stopped."  
The start was made on Wednesday,  
he said, but landing had to be made  
on St. Lawrence Island and they  
spent the night there in their sleep-  
ing bags, "just like Eskimos."  
After running out of gas as they  
nearly reached the Alaskan coast, a tugboat  
found them and towed them into  
Nome harbor, he said.

"My plane, when I crashed, was  
stranded so far away from the beach  
that I gave up any hopes of getting  
it out."

"There is one thing I will say  
about my stay in Anadyr and that  
was the Russians certainly took won-  
derful care of me and I wish at this  
time to thank the entire crew of the  
ship for the care they gave me."

## THEY'LL MARRY SATURDAY

BURLINGTON, Iowa, July 21.—(AP)—Elliott Roosevelt, son of the president, and Miss Ruth Coggins of Fort Worth, Texas, will be married here tomorrow under present arrangements, the Associated Press learned from an impeccable source today.

Young Roosevelt will arrive here by plane today, accompanied by his sister, Mrs. Anna Roosevelt Dall, Mrs. Dall will be Miss Coggins' only attendant.

Only immediate members of the two families will be present at the wedding in the home of George C. Swiler, brother of Mrs. J. B. Coggins, mother of the bride to be.

The hour for the wedding has not yet been set, the Associated Press was told. No formal statement will be issued until after the wedding and the couple has departed for a honeymoon "in the west," it was asserted.

## Acreage Cut Plan Blocked By Australia

LONDON, July 21.—(AP)—Stanley M. Bruce, Australian delegate, told the world economic conference today that his country certainly would not associate itself with any scheme for the restriction of wheat production as a solution for world difficulties.

"Australia has not at this moment subscribed to any such scheme," Bruce declared.

This declaration appeared to make more remote the chances for conclusion of an agreement for restriction of wheat production, which has been sought by representatives of the United States, Canada, Argentina and Australia.

Bruce was making an attack upon all sorts of projects for restricting production of commodities but what he said appeared particularly applicable to wheat for control of which negotiations had been going on by the big four producers for more than two months.

The Australian spokesman was considered in some quarters to have left the door open for further treatment of the wheat question however, when he said that he recognized that in some cases because of extraordinary surpluses and other conditions, limitation as a remedy might improve conditions.

## Bridge Dedication Will Be August 3

JEFFERSON, July 21.—(AP)—The new Pacific highway bridge here spanning the Santiam river will be dedicated August 3, announced Mrs. Karl Steiner, general chairman.

Leslie M. Scott, chairman of the state highway commission, will be the principal speaker.

## Farley Satisfied

WASHINGTON, July 21.—(AP)—Commenting today on the Tennessee repeal vote, Postmaster General Farley said:

"It's close, but it's O. K."

## Boundary Board Sets Next Meet

The county boundary board at its meeting Thursday set its next session for Aug. 14.

The group favored the formation of a union high school at Creswell. If no remonstrances are filed before Aug. 14, the next meeting time, the board will declare the school formed.

If remonstrances are filed before then, however, an election will have to be called. The new union high school would take in six districts.

## STOCKS STAGE WILD DAY AS VALUES DROP

Issues Plunge Downward As Selling Frenzy Reaches Peak

EXCHANGE STAYS OPEN

Green Pits Shut to Give "Rest" After Severe Drop Thursday

NEW YORK, July 21.—(AP)—Stocks crashed downward today in the wildest market since 1929. Extreme losses generally ranged from \$3 to more than \$12 a share for shares of the country's largest corporations.

Trading in many issues was demoralized due to the absence of supporting orders. Pools liquidated stocks in enormous volume and there was tremendous selling from speculative margin accounts that had collapsed.

Reports that the New York stock exchange planned to close were denied by the exchange, which also said that dealings had not been suspended in any issue, despite the chaotic condition of the market. The tape at one time fell half an hour behind floor transactions.

## Ticker Falls Behind

The turnover exceeded 9,000,000 shares.

At 3 o'clock, the usual closing hour, the tape was half an hour late.

Not since the frenzied early stages of the decline four years ago had the market witnessed such a drastic deflation of values as occurred this afternoon. Stocks were offered for what they would bring and buyers, for a time, were scarce at any price.

An upswing started shortly before 3 o'clock, apparently due to heavy short covering as well as purchases by traders who were trying for "a turn" on the theory that a rebound was due.

The break coincided with a tumble of 80 a bale in cotton not long after 1 o'clock. Until then the market had been steady.

SEE STOCK MARKET STORY PAGE 2

## Many Apply For Hop Picking Here; Start August 25

Hop picking for the early hops is expected to start in this section some time around Aug. 25 to 30, local growers report.

Already numerous applications have been made by those wishing to get employment in picking hops. Salem has reported its registration of pickers completed, one of the larger yards usually taking three weeks to register workers having completed the job in three days. The local growers will not be advertising for workers until a little later.

The outlook is for a fine crop in this section this year and of course growers are getting a fine price this year with the legalized beer returned. The Lane county section has quite an increased acreage of hops this year.

Growers are now busy spraying their hops. It is said the local section is not losing as heavily from mould as some other sections in the state.

## Lumbermen Meet at Osburn On Friday

Lumbermen of the Willamette valley will gather at the Osburn hotel Friday evening at 6:30 o'clock for the meeting of the Willamette Valley Lumbermen's association when they will hear discussed the proposal to build the Oregon coast highway bridges of lumber.

The principal speaker will be C. C. Croves, of Portland, who will outline the policies of the Oregon State Lumbermen's Institute, an organization formed to promote the interest of lumber generally and in the coast bridges particularly. J. S. Magladry, president of the association, will preside at the meeting.

## Ex-Sheriff to Ask New Trial

MEDFORD, July 21.—(AP)—Attorneys for Gordon L. Schermerhorn, former sheriff who was convicted Sunday of complicity in the ballot theft case here, late yesterday filed motion for a new trial.

The lawyers alleged the jury was drawn in an illegal manner, that evidence was insufficient to warrant a conviction, that the verdict was contrary to law and that certain jurors had expressed the opinion before they were drawn as jurors, that Schermerhorn was guilty.

## Lumber Wages Are To Low, Objects Green

WASHINGTON, July 21.—(AP)—William Green, president of the American Federation of Labor, today denounced the wage code proposed by the lumber industry as insufficient.

"The wages imposed in this code do not conform with the spirit or letter of the recovery act," he protested at the hearing on the code.

"The lumber industry must organize as the law permits it to organize and as a result receive a decent price for its product so that it can pay a decent wage and put its hours of work at a point at which it can absorb its idle workers."

Wages proposed by the code range from \$10.80 in the south to \$20.40 per week in the northwest, with hours from 40 to 48.

Green objected that such wages would not provide the purchasing power which is the purpose of the law and contended the hours were much too long.

Green objected to the differentials.

## HULL INTRODUCES NEW MOVE AT MEET

American, In Last Minute Act to Save Principle Of Truce, Speaks

LONDON, July 21.—(AP)—In a last minute effort to save the principle of a truce in economic warfare, Cordell Hull, American secretary of state, introduced a new resolution in the world economic conference today under which the United States might take such action as would be necessitated by the raising of wages and shortening of hours of labor.

Hull's proposal, presented in a statement designed chiefly as a basis for study during the recess of the parley which will begin next Thursday, was presented to the economic commission after extensive exchange of views with Washington.

"The government represented at the world economic conference," it said, "being desirous of abandoning economic conflict and collaborating in seeking general economic improvement through mutually possible exchange of goods, undertake to reach an agreement, first in a negative way of ceasing to erect new barriers, and then in a positive way of progressive reduction of existing barriers."

In an accompanying letter the American chief delegate said that his document advocated the immediate undertaking of reductions of existing barriers by the encouragement of bilateral and of practical multilateral agreements.

"I contemplate," the letter said, "that this truce agreement might be carried into effect when and as the conference truce—which I understand remains in effect among adhering states during the recess—may end."

"This further truce may carry through a longer period required for carrying out the general aim of reducing existing barriers. The terms suggested are more precise than those of the conference truce."

## Lindberghs Off For Greenland On Chart Trip

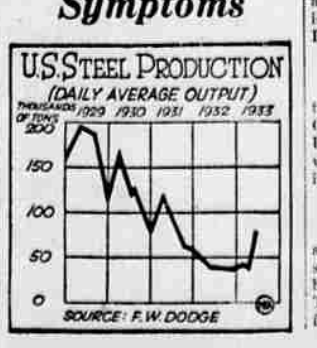

HALIFAX, N. S., July 21.—(AP)—Slightly more than two hours after they had taken off from Cartwright, Labrador, for Juliane-Haab, Greenland, Col. and Mrs. Charles Lindbergh landed their plane at Hopeville, about 150 miles from Cartwright. A wireless from Belle Island to the marine department here said they turned back because of fog.

## Cartwright, Labrador, July 21

Colonel Charles A. Lindbergh and Mrs. Lindbergh took off from here today for Greenland on their aerial map-making expedition.

Lindbergh was piloting the ship and his wife served as wireless operator.

They arrived in Cartwright a week ago from St. John's, Newfoundland. At Cartwright they awaited for better weather. Meanwhile the supply ship Jelling was en route to their Greenland base.

## SHIP REPAIRED, POST RESUMES WORLD FLIGHT

Aviator Gets Needed Rest When Plane Tips Over at Flat

REACHES FAIRBANKS

Plans Short Stop for Fuel At Edmonton; To Hit N. Y. Saturday

FAIRBANKS, Alaska, July 21.—(AP)—Wiley Post, Oklahoma flier, circling the world by air, landed here at 10:42 a. m. today (3:42 p. m. E. S. T.) it was raining and there was poor visibility.

Guided by Joe Crosson, pioneer Alaska flier, Post left Flat, 375 miles away at 7:28 a. m. (12:28 p. m. E. S. T.). The flight took three hours and 14 minutes.

## FLAT, Alaska, July 21

Wiley Post, Oklahoma flier, resumed his aerial jaunt around the world today at 7:28 a. m. Fairbanks time, (12:28 p. m. E. S. T.)

Joe Crosson, who brought a new propeller for Post's plane from Fairbanks, circled over the field here at 7:25 a. m., and three minutes later Post joined him in the air. Both planes headed east for Fairbanks where Post will refuel for his flight to Edmonton.

The weather was good.

Post was due in Fairbanks in less than three hours as it is only 375 miles away. He still has a chance to set a new globe-girdling record, eclipsing that he and Harold Gatty set in 1931. This year he is flying alone.

Gets Bit of Rest

Post was exhausted and extremely nervous when he nosed his plane over in a cross wind and damaged its landing gear and propeller yesterday afternoon after a 3000-mile flight from Khabarovsk, Siberia.

He had become lost in the fog over interior Alaska and had been following one river and then another.

## Balbo, Fliers Given Typical N. Y. Greetings

NEW YORK, July 21.—(AP)—To the cheers of an enthusiastic throng described by police as the greatest since the welcome to Col. Charles A. Lindbergh six years ago, New York City today gave its official reception to General Italo Balbo and his 96 gallant Italian fliers.

Police estimated that at least 60,000 jammed Broadway and City Hall park crying "Viva Balbo!" and "Viva Italia!"

Ticker tape, confetti and torn leaves from the telephone books fell like rain and at times it seemed the vision of the drivers of the dozens of automobiles in which the fliers rode might be impaired.

The procession was led by an escort of honor headed by Col. Joseph A. Marmion, regimental commander of the 16th U. S. Infantry.

General Balbo greeted the cheers of the thousands with a smile and a quick salute and appeared to be thoroughly enjoying the continuous ovation.

Mayor O'Brien welcomed the Italian to whom he described as "the largest Italian city in the world." He presented a medal to each flier.

## Grocers to Form Code Here Monday

Retail grocers of Lane county will meet at the chamber of commerce Monday, July 24, at 8 o'clock, for the purpose of forming a county grocers' code to be submitted to Washington for approval under the national industrial recovery act.

Grocers of the county are urged to attend this meeting and those who are unable to be present are asked to send a written proxy and a list of all full time employees. The meeting is being sponsored by the Eugene Retail Grocers association.

TRIAL RECESSED

SALEM, July 21.—(AP)—With testimony all in, the trial of O. H. Goss for vagrancy in connection with Unemployed Council activities here will be resumed tomorrow, today being a legal holiday.

VETS TO BANQUET

SALEM, July 21.—(AP)—An open air banquet Monday evening will be served Spanish War veterans as they begin their annual encampment here. The committee in charge is planning for 1000 delegates.

## MOBILIZER!

E. R. Morris, president of the Eugene chamber of commerce, who Friday received instructions from Washington regarding details of swinging Eugene into line under the National Recovery act. Mr. Morris wired Washington that Eugene would give all possible cooperation in the national program.

## JOHNSON SPEEDS PLAN INTO ACTION

Nation-Wide Cooperation Asked in Drive For Re-employment

WASHINGTON, July 21.—(AP)—Hugh S. Johnson, recovery administrator, set swiftly in motion today the nation-wide campaign to swing every employer into the wage raising movement.

He telegraphed to chamber of commerce presidents in all cities of over ten thousand, asking them to create local committees which will run the community end of the re-employment drive.

While Johnson acted, President Roosevelt kept close watch on the movement, alert for public reaction to the program he approved only last night.

Meantime, deputies pushed ahead hearings on four separate industries which have stepped forward with codes for self regulation and labor betterment.

These were the shipbuilding, lum-

## Husky Manager Asked to Resign

SEATTLE, July 21.—(AP)—Earl F. Campbell, graduate manager of the University of Washington since 1928, today confirmed a report that he had been asked to resign by Charles F. Frankland, named director of athletics several months ago.

Campbell said he would not leave until "fired." Prior to 1928 he had been manager of the university bookstore for six years.

"I have nothing to say," Frankland declared when asked for comment on a report that Campbell's term at the university would expire at the end of this month.

## "Fruit Meringues" Win Recipe Contest Prize For Mrs. Lott

By MARIAN LOWRY

Her suggestion on "Fruit Meringues" won for Mrs. John H. Lott, 751 Fourteenth avenue east, first prize in the Register-Guard's housewives' forum contest for the past week on the topic of summer desserts. She receives \$1 in cash.

The other eight winners, each to receive 50 cents, are:

Mrs. T. F. Kahler, rt. 1, Creswell.  
Mrs. William Madenough, Veneta.  
Mrs. Miller Stroud, 1263 Patterson street, Eugene.  
Mrs. R. H. Hewitt, 1923 Nineteenth avenue east, Eugene.  
Mrs. H. C. Griffin, 443 Twelfth avenue east, Eugene.  
Mrs. F. C. Scott, box 71, Lakeside, Ore.  
Mrs. Chester L. Stevenson, 803 Twentieth avenue east.  
Mrs. Dan Stewart, 1109 Willamette street, Eugene.

Mrs. Lott terms her dessert, "simple, inexpensive, different, and delicious." Following is the recipe:

### Fruit Meringues

6 egg whites,  
2 cups sugar,  
1 teaspoon vanilla.  
Beat the egg whites to a stiff froth,

## CALL COMES FOR UNITED DRIVE HERE

President of Chamber Gets First Orders From Gen. Johnson

PLANS ARE OUTLINED

Morris Flashed Back Word That Cooperation Can Be Counted On

Eugene must mobilize its civic and business leadership to banish depression and unemployment, just as it was organized to float Liberty loans and back up the men who did the front line fighting in wartime.

This is the sum and substance of a telegraphic message from General Hugh Johnson, recovery administrator at Washington to Edward R. Morris, president of the Eugene Chamber of Commerce Friday.

Wants Action at Once

Morris is asked by General Johnson to get busy at once with the mobilization of civic and business leaders into an effective working unit to campaign for application of the recovery act here.

"We're ready!" was the substance of the reply which Mr. Morris sent back to General Johnson immediately, pending more detailed orders.

The appeal from Washington follows closely on the action of President Roosevelt giving his approval to the decree establishing new working hours and wages for all American industry pending the working out of voluntary agreements within each industry.

Carry Out President's Plan

Presumably the group which Mr. Morris is asked to mobilize will be called upon to see to it that the president's edict is followed to the letter throughout the community, although its powers may be those of moral suasion.

SEE EUGENE ACTS STORY PAGE 2

## BANKS GRANTED TIME EXTENSION

An order was received from Judge G. F. Shipworth late Thursday granting Llewellyn A. Banks, convicted slayer held in the Lane county Jail, 30 days additional time to tender and file a bill of exceptions.

Judge Shipworth is in Klamath Falls conducting the Jackson county ballot theft cases transferred to Klamath county, but telegraphed the order to be entered in circuit court here.

Banks' attorneys, led by Frank J. Lomenaga of Portland as chief counsel, filed for a new trial on June 21 after being given extensions of time.

Banks is still in jail here. For several weeks following his conviction of second degree murder on May 21 for the slaying of George J. Prescott, Medford constable, he was in the hospital, having undergone a major operation. He has been in the jail for some time since, however.
