

WORK PROGRESSES ON ROADS IN LAKE

The state highway department has a crew working on Deadwood mountain at Cougar creek, widening and smoothing the surface on the road there. This is under the secondary highway work. P. M. Morse, county surveyor and engineer, reports fine progress and a good piece of work.

Mr. Morse and Cal M. Young, county commissioner, were out in the west lake section Monday, looking over right-of-way matters on the Siuslaw.

Mr. Young inspected the Deadwood bridge, near the Lincoln county border, repairs being asked for it. He arranged for the work to be done.

Mr. Morse announced Tuesday that the work on Fire Clay road, south of London, had been completed by the county. This job runs about one and one-half miles.

Tuesday afternoon, Mr. Morse went to inspect the Sears road, east of Baginaw, the county crew expecting to finish the quarter mile stretch there Tuesday.

LOVELY SKIN! What woman doesn't yearn for it! The fascinating screen stars who must have this priceless charm have used Lux Toilet Soap for years to keep their complexion smooth, young-looking.

Now scientists tell you WHY this soap is such a great complexion aid.

Young skin is rich in certain precious elements. As years go by, these elements gradually are lost: then skin grows dull, old-looking.

But, say scientists, Lux Toilet Soap checks the loss of these precious elements from the skin—because, tests prove, it actually contains such elements, is completely free from harshness, readily soluble. It is indeed a remarkable aid in keeping skin soft, young-looking, scientists declare.

Why don't you give your skin this scientific care?
