Glacier Party Has Difficulty On New Trail, Get In Late

Obsidians and townspeople who explored the lower end of Collier glacier ran into difficulty in exploring new trails Sunday afternoon and as a result spent four or five hours feeling their way along the old Scott trail in the dark.

The party, under the leadership of Lonie Waldorf, left cars at Frog camp, went to White branch camp and thence up to the snout of the glacier. On the return trip they decided to follow the new Skyline trail which leads northward, expecting it to take them out to the highway, but instead it led them northeast and then stopped.

The group was forced to return and struck the old Scott trail which led them to the highway where the road turns off to Scott lake. However, by the time they reached the Scott trail, it had become dark and as there were no lights in the party, they were forced to feel their way along, going by the sound of the path underfoot and feeling trees for blaze marks. The party finally reached the cars sometime after midnight, foot-sore and tired, but convinced they had had a great trip.

Those making the trip were Carl Young, Dr. R. E. McIntyre, Dr. E. T. Helms, Iro O. Stewart and Louis Waldorf. Other members of the original party, Bailey Costelloe, Robert Lemon, Marie O'Neil and Ruth Hopson, left the others at the glacier and climbed Little Brother.

Ralph & Stanley
Saturday we with our membership in Lane County Retail Grocers Association, because we will not submit to the dictation that it is posed to put over.
Mr. Harlan, secretary of the Chamber of Commerce, seems to have taken upon his shoulders the burden of running Eugene's grocery business. He is able to run the cashbooks with some of the grocers, but he will not be able to dictate policies of the Ralph & Stanley stores.
First: He insists all grocery stores shall maintain opening hours as he chooses to select, and we know this is in direct violation of General Johnson's request.
Second: He insists that all retail grocery stores must be based on profit added to replacement costs, and we claim this would unduly raise prices to the consumer, a direct violation of General Johnson's request.
So, dear folks, as always, the Ralph & Stanley Stores will continue "paddle our own canoe."
Yours truly,
GEO. C. STANLEY.

IT TAKES HEALTHY NERVES TO FLY THE MAIL AT NIGHT!
ABOVE—A. M. WILKINS, air-mail pilot for Transcontinental and Western Air, Inc., has flown the night air mail over 150,000 miles. It takes healthy nerves to hang up a record like that!
RIGHT—AT THE END OF his night run A. M. Wilkins joins a fellow pilot, W. Niedernhofer, at Newark Airport, the Eastern Terminal of TWA, for a chat and a smoke. "Camels never ruffle or jangle my nerves," Wilkins says.
IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. They are milder, richer in flavor. They never tire your taste or get on your nerves.
STEADY SMOKERS TURN TO CAMELS
A. M. WILKINS, air-mail ace, says: "It's a steady grind, all right, being a night hawk on the air mail. A man has to have healthy nerves to live up to our tradition that the mail must go through! That's why I smoke Camels. And I smoke plenty! Camels never ruffle or jangle my nerves, and I like their mild, rich flavor."
Steady smokers turn to Camels because the costlier tobaccos in Camels never tire the taste—never get on the nerves.
Your taste and your nerves will confirm this. Start smoking Camels today and prove it for yourself. It is more fun to know!
Camel's Costlier Tobaccos
NEVER GET ON YOUR NERVES NEVER TIRE YOUR TASTE
