NOTICE OF HEARING ON FORMATION OF PEOPLE'S UTILITY DISTRICT

Notice is hereby given that a public hearing will be held by the Hydroelectric Commission of Oregon on Monday, October 2, 1933, beginning at 10:00 A. M. in the Grange Hall about one-half mile west of Blachly, Lane county, Oregon, to consider the preliminary petitions of voters of a portion of Lane County for the formation of a Peoples' Utility District to be known as the Lake Creek Peoples' Utility District, which district would embrace an area of approximately twenty-five square miles in Lane County, including Triangle Lake and the unincorporated communities of Blachly and Horton. The boundaries of the proposed district are briefly described as follows:

Beginning at the Southwest corner of Section 3, Township 17 South, Range 8 West, W. M., running thence East three miles; thence North one and one-half miles; thence East one-half mile; thence North one and one-half miles; thence East one mile; thence North one-half mile; thence East one-half mile; thence North one-half mile to the Southwest corner of Section 16, Township 16 South, Range 7 West, W. M.; thence East one mile; thence North one mile; thence East three miles; thence North one mile; thence West one mile; thence North one mile; thence East one mile to the Southeast corner of Section 36 Township 15 South, Range 7 West, W. M.; thence North one mile; thence West three miles; thence South one mile; thence West three miles; thence South two and one-half miles to the East quarter corner of Section 13, Township 16 South, Range 8 West, W. M.; thence West one-half mile; thence South one and one-half miles; thence East one-half mile; thence South one mile; thence West one mile; thence South one-half mile; thence West one mile; thence South one-half mile; thence West 1 mile; thence South 1 mile to the Southwest corner of Section 3, Township 17 South, Range 8 West, W. M. at the place of beginning, all in Lane County, Oregon.

In the above description, it is assumed that all sections are one mile square, that all section lines run due north and south or due east and west, and that the lines of this description follow in all cases section lines or lines of subdivisions of sections.

The purpose of organizing said district as stated in the petitions filed with the Hydroelectric Commission is to construct and/or acquire and operate a hydroelectric plant utilizing the waters of Lake Creek, a tributary of the Siuslaw river in Lane County, Oregon, including such dams, forebays, pipe line or other conduits, transmission and distribution lines and/or other works necessary and/or convenient for the development of hydroelectric energy for distribution and sale to municipal, residential, commercial, industrial, agricultural and general consumers.

All persons interested are invited to be present at the hearing, at which time the Hydroelectric Commission of Oregon will make a report of its preliminary investigation and will hear evidence in favor of and against formation of said district.

Dated at Salem, Oregon, this 7th day of September, 1933.
HYDROELECTRIC COMMISSION OF OREGON.
