"MY KIND OF TRAVELING TAKES HEALTHY NERVES, TOO"

Earle W. Schoonmaker of Nutley, N. J. travels thousands of miles every year as a commuter. He says:

"I'm quite a traveler, too! And I think I know something of nerve strain. Rushing through breakfast, racing for the 8:04, then facing the same old trip again at the end of a hard day... six times a week, fifty weeks a year. I'm a constant smoker. Morning, noon, and night. My brand? Camels, of course. Because I can enjoy Camels steadily and I never have to worry about jangled nerves. To me Camels are the mildest cigarette. They've got what I call real flavor!"

Thomas Olsen, who sailed a 26-foot boat across 9,000 miles of ocean, says:

"There's one cigarette that I can smoke steadily without getting nervous or 'fed up' with smoking. I mean Camels. They taste mild—never flat—and there is a delicate flavor to Camel's costlier tobaccos that certainly does set Camels apart from other cigarettes."

How Are YOUR Nerves?
Most all of us know jangled nerves by these telltale signs—jumping when doors slam, scolding, worrying, nail-biting, frowning, foot-tapping. If you are the nervous type, check up on your eating, your sleeping, your recreation. And be on the safe side about smoking—take up Camels now.
Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand. Thousands daily are turning to Camels. And finding a new zest for smoking that each Camel refreshes and renews. Your taste will always respond to Camels' finer flavor. And they never get on your nerves.

WANT TO LOOK YOUNG?

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—faintness—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in China, perfected a vegetable compound as a substitute for calomel to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets are gentle in their action yet always effective. They help bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color, 15c, 30c, 60c.

This Woman Lost 64 Pounds of Fat

A Long Island matron writes: "A year ago I weighed 150 pounds. I started to take Kruschen and now I weigh 120 and never felt better in my life—and what's more, I look more like 20 years old than the mother of 2 children, one 19 and the other 18. Every one of my friends say it's marvelous the way I reduced." To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—get it at Stearns's, Inc., 147 N. Davis Drug Co., Carroll Drug Co., or any drug store in America. If not joyfully satisfied after the first bottle—money back.
