# This Truck can "take it" because it's All Truck!

THE new Ford V-8 can "take it" with a heavy load in any weather because every part is a true, heavy-duty truck part. In designing this unit no compromise with passenger car manufacture has been allowed at any point in the chassis or body. The new Ford truck has a special, heavy-duty, 8-cylinder truck engine. It develops 80 full horsepower. Dual down-draft carburetors have added to the V-type engine's inherent economy and power. New floating copper-lead connecting-rod bearings prevent bearing failure. These brand-new inserts do not pound out. The rear axle is full-floating. The driving pinion is straddle-mounted. See the new Ford V-8 now on display at your nearest Ford dealer's. Body types available in two wheelbases to meet every hauling need.
