## REUNION HELD BY PIONEERS; 200 TURN OUT

Cal Young's Farm Is Scene Of Big Event; Pageant Plans Discussed

## OLD DAYS REVIEWED

Colorful Ceremonies Mark Gathering; Relics Are Displayed

With an attendance which broke all records, the Lane County Pioneers association held their annual reunion picnic Thursday at the Cal Young farm, discussed the good old days when the winning of an empire was a challenge to the country's best—and the Oregon Trail pageant which will make those old times live again.

More than 175 had registered with Walter Dillard (who fell naturally into the duties of clerk) by 2 p. m. and down the road they were still coming. Cal Young figures there were more than 200 on the premises, easily allowing for those who had not yet been rounded up for registration.

And that, he declared, set an attendance record.

"Oh-yes! Oh-yes! Oh-yes!" From time to time Cal Young announced events on the program using the call of the old times.

Dinner Important Item

The picnic dinner under the big trees was not the least important of the day's events. Each family brought its own big basket of delicacies.

Mr. and Mrs. Young provided a spread for each as did not happen to be part of the family parties. It was a feast of the noblest proportions in accordance with pioneer traditions. Pies, cakes, salads, meat loaves, fried chickens, beautiful ice cream.

An exhibit of pioneer relics was one of the most interesting features of the day. In showcases on the lawn, Mr. Young had arranged some of the best of the relics which he has been collecting for many years.

Many of the families brought their treasures with them, old diaries of the journey across the plains, family Bibles, historic weapons which saw real action against Indians. Doris Smith, director of the Oregon Trail pageant was among the guests, absorbing pointers on how pioneer things.

Here Comes The Queen

The pioneers did not wait for the queen to be crowned.

## WEATHER NEWS

Good weather for haying on the farms but it is hardly warm enough to promote growth of most crops.

OREGON: Generally fair tonight and Friday except unsettled with light showers in northwest portion; slightly warmer in east portion tonight; cooler in east and south portions Friday; moderate southwest wind.

LOCAL STATISTICS: Minimum temperature Thursday, 45 degrees. Maximum temperature Wednesday, 79 degrees. Willamette river, minus 1.5 feet. Wind from northwest.

SISLAW TIDES: Friday, high, 1:15 a. m., 8:00 p. m.; low, 2:21 a. m., 1:29 p. m. Saturday high, 9:28 a. m., 10:15 p. m.; low, 3:21 a. m., 2:28 p. m. Sunday high, 9:35 a. m., 9:52 p. m.; low, 4:21 a. m., 3:35 p. m.

## "Recipes For Pioneer Dishes" Is Topic Selected For Forum

By MARIAN LOWRY

In these busy days of getting ready for the pioneer pageant, we all get busy with the housewives forum, too.

So the topic for the new week is "Recipes For Pioneer Dishes."

There's a topic that ought to make mothers and grandmothers sit up and take notice, because they, more than we, have first hand knowledge of these pioneer dishes.

We talk of salads, but some of the most amazing food bits that ever graced the table were the salads of pioneer days. The wilting process we all use today, not only for lettuce, but for many other items.

Old-time onion dishes—there's another pioneer favorite. We think of onion gravy; but there were many varied ways of preparing this old-time garden item.

And you among the folk who recall that the ever stand-by party dish, the floating island, a kind of pudding or such?

There are numerous other dishes we could enumerate that were popular in early days, but we are leaving it up to you.

You may have to study the old-time book at length and spend some

## QUEEN!

Miss Anne Whiteaker, who was crowned at Medford's Diamond Jubilee by being crowned queen mother, was honored also at the annual picnic of the Lane County Pioneer association, Thursday, when she was again crowned queen mother. Miss Whiteaker is president of the association and the daughter of Oregon's first governor, the late John Whiteaker of Eugene.

## LUMBER QUOTAS GIVEN BIG CUTS

West Coast Division Is Reduced By 14 Per Cent

WASHINGTON, June 21.—(AP)—Pointing out that lumber "production totals have been consistently kept above the possibilities of consumption since the lumber code became effective last August," the lumber code authority yesterday ordered a drastic curtailment of production in the industry for the third quarter of this year.

The reduction will be 15.5 per cent less than the allotments for the current quarter. The code authority approved production of 3,545,000,000 board feet of lumber in the next quarter, a reduction of 705,000,000 feet compared with the current three-month period.

The softwood divisions, with an allocation of 3,170,000,000 feet—a reduction of 480,000,000 feet, were assigned a slash of 10 per cent except in the three larger areas under supervision of the West Coast Lumbermen's Association, the Southern Pine Association and the Western Pine Association, which were cut on an average of about 14 per cent.

An allocation of 40,000,000 feet was given to the Tillamook (Oregon) burn area in an attempt to salvage

## County Chamber to Meet on Thursday

The June meeting of the Lane county chamber of commerce will be held at Cottage Grove Thursday evening, starting with a dinner at 6:30 o'clock. The meeting will be at Bartels hotel.

A delegation from the Eugene chamber will attend the meeting, it was announced by H. E. Cully, secretary.

A stunt advertising the Oregon Trail pageant will be one of the features of the program.

## BREAK LOOMS IN RANKS OF NAZI BROTHERS

Dispute Between Radicals, Conservatives May Disrupt Party

BERLIN, June 21.—(AP)—A dispute between radical nazis and conservatives over basic party tactics seemed destined today for decisive submission to 86 year old President Paul von Hindenburg, Germany's first World war hero and premier elder statesman.

The disputants, led by Vice Chancellor Franz von Papen for the conservatives and Minister of Propaganda Paul Joseph Goebbels for the radical nazis, appealed to Chancellor Adolf Hitler to decide.

Hitler left for Neudeck today, it was officially announced.

Hitler Fears Break

The government version was that he had come to tell the aged field marshal-president about his recent visit to Premier Benito Mussolini at Venice.

The real reason was believed to be to ask his advice in a situation that worries him greatly—a break between powerful non-nazi elements in the government and country and the radical section of the men who through years when they were derided fought to take Hitler to power.

How confused the situation was, and alarming to nazis, was shown by conflicting official announcements.

Announcements Conflict

Half an hour before Hitler left, the official news agency announced he had gone. Then it killed the announcement.

## Sipe to Conduct Plant Survey of Deschutes Region

A thorough botanical reconnaissance of the semi-arid area of central Oregon with the view of determining plants adapted to checking erosion and for use as forage crops, will be started this week by E. P. Sipe, assistant professor of botany at the University of Oregon, with Herbert Alexander, student at George Washington university in Washington, D. C., as his assistant.

The reconnaissance will cover the Deschutes region east to the Blue mountains and will be part of a federal project covering the Pacific northwest semi-arid regions, according to Professor Sipe. Mr. Sipe's party will be one of five such groups sent into the northwest areas this summer by the federal bureau of plant exploration and introduction, under the U. S. department of agriculture.

"The bureau hopes to find many plants suitable for checking soil erosion in these areas and at the same time suitable for forage," Sipe explained. "Experimental nurseries will be established in strategic spots throughout the area and the plants selected will be sent there to be observed."

The groups will be in the field till Sept. 1, and perhaps longer, Sipe said.

## University Plans Swimming Classes

Swimming classes for children up to 12 years of age are planned by the school of physical education at the University of Oregon, and classes will meet each Monday, Wednesday and Friday, it is announced by Dr. Dan E. Clark, director of the sessions here. Children will be given instruction by experts and will be carefully supervised at all times. A small fee for the class will be charged.

If there is sufficient demand another class will be formed for boys 12 to 18, at a time to be arranged. A class for women will be held each Monday, Wednesday and Friday from 4 to 6, and if enough men register, a class for them will be held during the evenings, it is announced.

Those wishing to enter the classes are asked to call the school of physical education at the university.

## MACON HOME

SUNNYVALE, Cal., June 21.—(AP)—The navy's giant airship, the Macon, was moored today at its hangar here after a training cruise that carried the dirigible as far as Coos Bay, Ore. The Macon was secured to its mooring mast at 7:20 last night.

## FELT HURRICANE'S BLAST!

Sweeping in from the Gulf of Mexico with blinding fury, a 70-mile hurricane devastated large areas in Louisiana and Mississippi, causing seven deaths and property damage to the extent of millions of dollars. In Morgan City, La., where the storm left scarcely a building undamaged, here's what the high winds did to a garage.

## Oregon Must Share Relief, Says Hopkins

SALEM, Ore., June 21.—(AP)—Federal Relief Administrator Harry Hopkins today called on the state of Oregon to pay a share of assisting its needy citizens.

In a telegram to Governor Meier, Hopkins declared that the federal government did not feel that it should carry the entire cost of unemployment relief for the state of Oregon.

"I must insist that satisfactory arrangements to this administration must be worked out immediately, whereby the state of Oregon will defray its fair share of cost of unemployment relief in Oregon," Hopkins said.

The government would continue to advance relief funds for the present, but that arrangements for the state sharing the costs should be made not later than August 1.

Last fall, after the federal government threatened to withhold relief funds from Oregon, Governor Meier named a special committee, representing all classes, to study relief needs. Estimates as to the amount of money required ranged from \$3,000,000 to \$15,000,000 a year.

The special session of the legislature took the minimum estimate and ordered appropriation of the first \$3,000,000 receipts from liquor profits and taxes. Money allocated for relief so far totaled \$44,000, none of which had been distributed by the state relief board. The federal government contributed from \$900,000 to \$800,000 a month.

## Southern China Has Severe Flood

FOOCHOW, China, June 21.—(AP)—Flood waters covered Foochow's streets today, following torrential rains which swelled the Min river. Heavy loss of life in outlying districts was reported.

Water stood at a depth of six feet on some streets of this coastal city. Traffic is impossible except by boat.

The floods were described as the worst in a quarter of a century.

## Chamber Forum to Be Held On Friday

The weekly forum luncheon of the Eugene chamber of commerce will be held at McCrady's cafe Friday noon. Several topics of interest are expected to be presented the group for discussion, according to H. E. Cully, secretary of the chamber. It is expected there will be about 100 persons at the luncheon.

## French Workmen Killed in Wreck

MULHOUSE, France, June 21.—(AP)—Six persons were killed and eight injured seriously when a local commuting train from Wesseling crashed today against the bumper in the main station here.

Faulty brakes were blamed for the accident. All the victims were workers en route to Mulhouse.

More than 1,000 persons were affected, dispatches said, and the national health department was appealed to for aid in preserving their sight. |          |  |

## NEW WEAPON ON MONOPOLY IS NRA PLAN

Federal Trade Board Will Serve As Court on Code Violation

WASHINGTON, June 21.—(AP)—The government, an authoritative source disclosed today, has forged a new weapon to strike at monopolistic oppression of the "little fellow" and chiseling.

By a far-reaching change in procedure, this source said, the federal trade commission will become a business court to mete out swifter decisions of unfair practices.

The new weapon, involving a basic change of the relations between the commission and NRA, is contained in a technical order issued by the commission.

Judicial Function Stressed

As this order was explained today, the emphasis will be placed on the commission's judicial function, hitherto its operations have been three-fold. It investigated, made complaints, and then sat in judgment on its own complaints.

President Roosevelt, it is said, suggested the commission and NRA get together to iron out apparent conflicts in procedure. Out of conference between the two, the new plan arose.

An explanation is contained in a private memorandum, technical in character. This does not discuss the implications of the order, but it was said these three points are important:

1. The small business man may approach the commission as judge.

2. The NRA change story page 2.

## DIXON IS SOUGHT FOR TENOR ROLE

Few Places Left in Chorus; Call Is Issued for More Relics

An attempt to engage Sidney Dixon, noted Pacific coast tenor, for one of the leading roles of the Oregon Trail pageant was being made in San Francisco Thursday by Hugh Ross, manager of the pageant. Dixon sang the "Indian Love Call" in the last pageant, the number being one of the outstanding features of the presentation.

Second rehearsals on chorus and dance groups were scheduled to be held Thursday evening at 7:30 o'clock. Members of the chorus will meet at the music building and the dance groups will rehearse at McArthur court.

There are still 25 places left in the chorus and anyone interested in trying out for these positions are urged to attend the Thursday night meeting. Pageant headquarters Thursday urged anyone planning to attend the Brownsville picnic Friday to stop at Oregon Trail headquarters to obtain literature to distribute at the picnic, advertising Eugene's show.

Another call for old relics of pioneer interest was issued Thursday. Many of these relics have been brought to headquarters, but more are needed for the extensive window display program planned for the city.

The first state-wide advertising stunt for the pageant was started Thursday when members of the pageant staff accompanied the American Legion plane to Roseburg, Corvallis, Hillsboro, Portland and other valley towns, to distribute literature on the pageant.

## Three Are Hurt In Accidents in City; Will Recover

Three Eugene men were in the Eugene hospital Thursday as the result of two different accidents which occurred Wednesday.

Ralph Perry and Ira Baker were injured when the car which Perry was driving crashed into a telephone pole on the west side of Blair boulevard between Fifth and Sixth avenue. Perry received several fractured ribs and a few cuts. His condition was said to be "not at all serious" by his physician. Baker likewise was reported to be in good condition Thursday. He has a broken left knee cap and numerous lacerations.

The car was traveling north on Blair boulevard about 11 p. m., and struck the telephone pole on the left side of the street. Baker was crashed into the windshield by the force of the impact. Police stated Thursday that broken bottles and spilled liquor were found in the wrecked car.

Jesse H. Bond, professor in the university's school of business administration, received an extensive scalp wound Wednesday afternoon when he fell from a cherry tree, but his skull was not fractured, as was at first reported. He also suffered several body bruises, but no broken bones. He was much improved Thursday and was to be dismissed from the hospital during the day.

## Wheat Compliance To Be Checked Here

Wheat production control contract compliance will be checked by Lane county inspectors starting Friday, it was announced Thursday. H. Bruce Shaw, assistant to County Agent O. S. Fletcher, and the five inspectors for this county, will have charge of the inspections.

The Lane county men attended a meeting at Corvallis Wednesday where they received instruction on inspection. It will take some time to do all the inspecting in this county, it was said.

Local inspectors are Welby Stevens, Lewis Clark, H. P. Ross, N. L. Parkinson and Harry Chase.

## WOOL SALE REPORTED

PENDLETON, June 21.—(AP)—The sale of 250,000 pounds of wool for one or two stops in Canada and the state department is consulting the Canadian government for landing authorization and cooperation.

## FLEET TO RETURN

WASHINGTON, June 21.—(AP)—Unwilling to risk the consequences of

## SEA HERO!

Hero of a dramatic rescue in the Gulf of Mexico is Captain George McBride (above), of the United Fruit Liner Zacaipa, who picked up 17 members of the crew of the Norwegian freighter Knut Hamsen after the nitrate-laden ship burst into flames. A lifeboat with 18 other men of the crew was still adrift when Capt. George McBride made his rescue.

## DATA ASKED FOR FLOOD CONTROL

Accurate Information Is To Be Sought Monday At Hearing

Farmers and other land owners along the Long Tom and Willamette rivers in Lane and Benton counties and on the McKenzie and Coyote creeks in Lane county who have suffered damage by the overflow of these streams are being invited to attend a meeting of the Willamette Valley Flood Control association in Eugene next Monday. The meeting will be held at the courthouse, beginning at 10 a. m. County Judge D. O. Woodworth of Lane, president of the association, and T. O. Russell of Eugene, secretary, are in charge of plans for the hearing.

The meeting will be in the nature of a hearing, according to County Judge Fred Fish. The land owners whose property has been damaged by the floods that occur almost annually along these streams will be asked to give accurate and detailed data as to their losses incurred by the overflowing streams in the last few years. The hearing is for the purpose of compiling a summary of these losses and to determine the acreage destroyed and the approximate value of the land.

Blanks and questionnaires to be submitted at the meeting may be had at the courthouse or at the Eugene chamber of commerce, according to Mr. Russell.

## RAIL LABOR BILL SIGNED

NEW LONDON, Conn., June 21.—President Roosevelt signed the railroad labor bill and a number of other measures passed in the closing session of congress, including the act removing restrictions on loans by the RFC to closed banks, today while aboard the Sequoia in the Thames river off here.

## ARMY PLANS MASS FLIGHT; FLEET TO RETURN TO COAST

WASHINGTON, June 21.—(AP)—Smarter under criticism heaped on it while it flew the air mail, the army air corps is planning a spectacular massed flight from Washington to Nome, Alaska "to prove its flying ability," it was revealed today.

Detailed plans have not been drawn up but the flight will have three primary objectives:

1—To demonstrate massed flying abilities of army air corps pilots who had only a modicum of success in flying the air mail.

2—Good will promotion between the United States and Canada.

3—A thorough testing of the efficiency of the 12 Martin bombers to be flown.

It is understood 40 pilots, air corps officers and men will participate in the flight.

Brig. Gen. Oscar Westover, assistant chief of the air corps, has been suggested to lead the flight but it has not been definitely decided whether he will do so.

The exact itinerary remains to be worked out. The tentative plans call for one or two stops in Canada and the state department is consulting the Canadian government for landing authorization and cooperation.

## FLEET TO RETURN

WASHINGTON, June 21.—(AP)—Unwilling to risk the consequences of

## NEW LAW IS INVOKED IN DISPUTE

Leaders Say Secretary Not Well Informed As to Present Status

SEATTLE, June 21.—(AP)—Violence broke out on the Seattle waterfront today and several persons were injured in clashes between striking longshoremen, police and civilians.

Police, with swarming clubs, charged scores of longshoremen in an effort to clear the tracks for an empty freight train being shunted to pier 40, and the officers were met by a barrage of rocks hurled by strike pickets. At least one man was hurt.

## HIRING NOT ALONE SETTLEMENTS WITH OTHER GROUPS HELD TO BE ESSENTIAL

WASHINGTON, June 21.—(AP)—Secretary Perkins of the labor department today invoked the new labor disputes act in an effort to settle the longshoremen's strike at San Francisco.

Pointing to the new legislation, the secretary wired Joseph A. Ryan, president of the International Longshoremen's association, and Thomas Plant of the American-Hawaiian Steamship company at San Francisco, urging them to accept arbitration of

## SEE ARBITRATION STORY PAGE 2

## PARAGUAY LAUNCHES OFFENSIVE IN CHACO

ASUNCION, Paraguay, June 21.—(AP)—One thousand Bolivians were killed last night in a desperate battle which may prove the decisive point of the war. The battle raged along a 75-mile front in the Gran Chaco, an official communique said today.

The announcement said the Paraguayans evacuated their trenches as a subterfuge and the Bolivians fell into the trap, advancing into the trenches where they were caught under a deadly triangular fire of light artillery and machine guns.

It was estimated 60,000 Bolivians and 40,000 Paraguayans were battling on the Bolivian front along the Pilcomayo river.

The fighting has centered around Fort Bolivian for nearly two months. Desultory at times, it broke out in the last six days with a determined Paraguayan drive to force Bolivian evacuation of Fort Bolivian, key to the rich Chaco oil fields.

An official Paraguayan announcement said that after last night's battle, the offensive was continued at dawn after a heavy artillery bombardment of the fort.
