

MANY FAMOUS SPEAKERS DUE AT U. O. MEET

Relation of Education to Changed Conditions General Topic

EXPERTS ON PROGRAM

First Gathering of Kind Attracts Interest Over Nation

Attention of educators, economists and political scientists of the entire United States will be directed to the University of Oregon campus July 11, 12, 13 and 14, when the first conference ever held to determine the significance of present social, economic and political changes for higher education will take place. It was stated here Saturday by Dr. C. V. Boyer, president of the university.

Proceedings of the conference, which will bring together a score or more of nationally known men in the fields to be covered, will be published in a large number of periodicals, and already requests for data have been received from many parts of the United States.

Noted Speakers Due
Among speakers from outside of Oregon will be Dr. James W. Angell, professor of economics at Columbia university; Dr. Frederick M. Davenport, congressman from New York; Dr. F. L. Howie, assistant director of the famed general college of the University of Minnesota; Dr. George W. Frasier, Colorado State Teachers' College; and Dr. E. J. Kelly, chief of the division of higher education, Washington, D. C.

Dr. Angell will talk July 12 on "Gold, Banks, and the New Deal," and will draw on his extensive experience in the field of economics, on which he is an authority. He is the author of "The Theory of International Prices," "The Financial Foreign Policy of the United States," and other works. He is at present a member of the Columbia Commission on Economic Reconstruction.

Education and Politicians
Striking a new note in both higher education and politics, Dr. Davenport will speak on "The Importance of the Educated Politician in the New Order." As a member of the house of representatives he was a member of the ways and means committee, and throughout his long political career has been interested in bringing intelligent young men into public affairs. He is advisory counsel for the National Institution of Public Affairs in Washington, under the terms of whose foundation 150 young men will be brought from universities after

WEATHER NEWS

July is to be inaugurated with summer temperatures according to the weather man with a maximum temperature of 80 degrees being recorded for Saturday, June 30, and continuing warm weather forecast. The last day of the month was one of the hottest days of the summer with the highest temperature recorded June 11 when the thermometer rose to 90 degrees. June 10 also recorded a maximum of 89 degrees.

OREGON: Fair Sunday and Monday; continued warm with low humidity; fresh northerly wind offshore.

LOCAL STATISTICS: Minimum temperature Saturday, 59 degrees; maximum temperature, Saturday, 89 degrees; Willamette river, minus 1.7 feet. Wind from northwest.

SUSLAUW TIDES: Sunday, high, 3:12 a. m.; 4:19 p. m.; low, 9:56 a. m.; 10:26 p. m. Monday, high, 4:11 a. m.; 5:03 p. m.; low, 10:40 a. m.; 11:26 p. m. Tuesday, high, 5:13 a. m.; 5:49 p. m.; low, 11:25 a. m.

All Types Of Cake Frosting Eligible In Housewives Forum Contest; 9 Prizes Up

By MARIAN LOWRY

Cakes are always in demand, and of course, the frosting to go with them. For that reason, the housewives from those as this week's contest, "Recipes for Cake Frostings and Fillings," is being held.

You have the choice of sending in a recipe from every type of frosting or filling made—the boiled kind or those made by custard method; they may be chocolate, vanilla, fruit and nut types, they may be variations of whipped cream fillings, they may be any kind of filling used for cakes.

This is a topic requested many times by contributors of the forum. All recipes must be in at the Register-Guard office by 6 p. m. Wednesday. As usual, the first prize will be \$1 in cash, the next eight prizes, 50 cents each.

Another group of pioneer recipes from last week's contest is published today as follows:

Molasses (New Orleans)
2 cup molasses
2 beaten eggs
1 cup brown sugar
1 tablespoon melted butter
1 tablespoon vinegar
Blend and pour into pie tin lined

Raymond Marlowe Signed For Tenor Role In Oregon Trail Pageant; Ticket Sale For Epic Event To Open On Thursday

Raymond Marlowe, one of the outstanding lyric tenors of the United States, has accepted the invitation of the Oregon Trail pageant officials to sing the leading role in the presentation to be given here July 26, 27, and 28, it was announced Saturday by Hugh E. Rosson, Trail manager.

Rosson met Marlowe recently in San Francisco, told him about the civic pageant in which 2,000 citizens of Eugene will take part this year, and the idea so appealed to the singer that he readily offered to come here for the event. In the pageant he will sing "Indian Love Call," and "Awake, Beloved," two solos especially adapted for the outdoor presentation.

Marlowe has had a leading role in two productions of "Blossom Time"; in the "Student Prince" presented in New York, London and Chicago; "The Last Waltz," and "Kiss Me." From 1932 to the present he has been leading lyric tenor in the San Francisco Opera company. He sang with Lily Pons in "Lucia," with Lawrence Tibbett in "Emperor Jones," with Grace Moore and other noted artists in other productions.

The ticket sale for the Oregon Trail pageant will open Thursday, July 5, at Trail headquarters, it was announced Saturday by Mr. Rosson. Reserved seats may be purchased for \$1.65 and for \$1.10. General admission tickets will not be obtainable until the night of the pageant.

Citizens of Eugene may reserve their seats, and may get seats for friends who will be here for the event. Since there will be a heavy out-of-town demand for Friday and Saturday, people of this city are urged to buy their seats for the opening night, Thursday.

Mail orders may be sent in now to Trail headquarters at Seventh and Willamette, and will be filled in the order received. It is announced. Work on the pageant, the pioneer parade, progress parade and other phases of the Oregon Trail is progressing rapidly. Casts are now practically complete for the pageant, and regular rehearsals in all divisions are being held.

Major appointments made to the cast of the pageant during the past few days include George Bishop, Eugene baritone, who will sing the solo in the impressive "In Memoriam" episode; Wayne L. Morse, dean of the school of law at the University of Oregon, who will be "Head Skinner"; Dr. R. T. Burnett, who will portray Meriwether Lewis; Orlo Henderson, who will have the role of William Clark.

Work on the "Progress Parade," an event of July 28 in which scores of cities and organizations are expected to take part, is now well under way, with the appointment of Jack Medway to the position of chairman. He held this place in 1929 with conspicuous success.

President Ready To Begin Vacation Cruise On Sunday

WASHINGTON, June 30.—(AP)—President Roosevelt today ordered a vacation for government leaders and in the sweltering heat of the capital packed his own bags for a month's cruise to Hawaii and the west coast. The president told his aides it was time for a breathing spell from the intensive sixteen months recovery drive and time to give the country an opportunity to test out on its own the program drawn up in an effort to bring better days.

Confident and eager after his week's survey of government affairs and the domestic situation, Mr. Roosevelt ordered everything in readiness for a departure from the heat-ridden capital late tomorrow.

It will board the cruiser Houston at Annapolis, Maryland, tomorrow night and set sail immediately. A halt will be made at Hampton Roads, Va., Monday morning to receive dispatches and clear up last minute business.

Two destroyers, the Glimmer and the Williamson, will trail him in the Atlantic waters. Secret service men and three newspaper men representing each of the press associations supplying news to the newspapers of the United States will be on these destroyers.

The literary calls for his arrival in the Hawaiian islands about July 24, with a departure about July 28. Arrival on the Pacific coast will be about August 2 or 3 and very probably at Portland, Ore.

Marriage Licenses Granted 61 Couples

Whatever other indications may be as to the recovery from the depression, June marriage licenses for Lane county for 1934 just a little more than held their own over the 1933 figure, totalling 61 as against 60 a year ago.

Five couples planning weddings on Tuesday had their plans saved Saturday by Judge Fred Fisk who granted waivers of the three day provision in obtaining licenses. Otherwise the couples could not have obtained licenses until next Thursday as a lapse of three full days from Saturday would have held the licenses up until Wednesday when the courthouse will be closed for the holiday.

Premier Is Found Guilty of Seduction

EDMONTON, Alberta, June 30.—(AP)—J. E. Brownlee, premier of the province of Alberta, was convicted by a jury today of seduction. The stenographer who brought the charges—Vivian MacMillan—was awarded \$10,000 damages.

MARIE DRESSLER BETTER

SANTA BARBARA, June 30.—(AP)—The condition of Marie Dressler, 62-year-old stage and screen actress, was slightly improved this morning. Physicians were able to leave the bedside at midnight for the first time in several nights.

Textbook Repair Project Submitted

A project involving the employment of five women for six weeks in repairing textbooks used in the grade schools, junior highs and high schools of Eugene has been approved by the county relief committee and forwarded for consideration by the state office of the SEIRA, according to Earl M. Dyer, county SEIRA manager.

COUNTY CLUB'S PICK BRANKE TO V. J. CLUB

State President Praises 2 Party System as Most Suitable

REID IS SECRETARY

Committee Named for Local Participation In State Picnic

Organization of the Lane county chapter of the Oregon Republican club was effected at a meeting at the county court house Saturday afternoon. E. G. Boehnke, Eugene, was elected president of the county organization.

Other officers elected were: Mrs. Mary Near, Eugene, vice-president; Carl Blirup, Junction City, vice president; Frank B. Reid, secretary; Cal Bryan, treasurer; John Hobbs, sergeant-at-arms.

Under a constitution adopted upon report of a special committee, it was decided to have ten vice presidents from the various districts of the county. These officers will be named after conferences with republicans of the various districts.

Party System Praised

The constitution of the state association, with a few minor modifications to make it applicable to the Lane county organization, was adopted upon the report of a committee headed by E. A. McCormack and consisting of Mrs. Dorothy Hesse, Sidney R. George, C. A. Huntington and Charles P. Poole.

Carl Britt Nedry, president of the state association of Oregon Republicans, attended the meeting and spoke briefly on the plans of the organization. After tracing the history of the growth of the two party system in America, Nedry declared that this country persistently adhered to the traditions of the two-party system and prospered thereunder.

He declared the present movement was aimed at harmonizing and uniting all republican forces of the state.

Split Held Healed

President Boehnke, in a short talk, mentioned the split in the republican party occasioned by the independent candidacy of Governor Meier, but said that split did not now exist as Meier followers were true republicans.

A committee consisting of Cal Bryan, Wendell Van Loan, G. W. Bennett and Mrs. C. A. Huntington was named to have charge of local participation in the state-wide republican picnic in Portland Sunday, July 8.

Lyle Thomas, republican candidate for representative from Polk county, attended the meeting and made a short talk.

Camp Fire Permits Now Required in Willamette Forest

Campfire permits will be required within the Willamette national forest, beginning July 1 and continuing throughout the fire season until weather conditions make this requirement unnecessary, it was stated at the office of Supervisor P. A. Thompson, Saturday.

Permits can be secured at the district ranger stations at Oakridge, West Boundary (Reserve), McKenzie Bridge, Cascade and Detroit, and at all occupied guard stations within the Willamette forest.

Special care in putting out campfires is urged inasmuch as a shortage of snowfall in the high country last winter indicates the possibility of flash burning conditions during warm, dry weather, and especially when accompanied by low humidity.

In connection with Fourth of July outings, it is pointed out that the use of firecrackers is prohibited on national forest lands.

Socialists to Hold Convention July 4

A state convention of the socialist party will be held July 4 at Albany for nominating candidates for the November elections. It was announced Saturday night by J. J. Martin, district organizer.

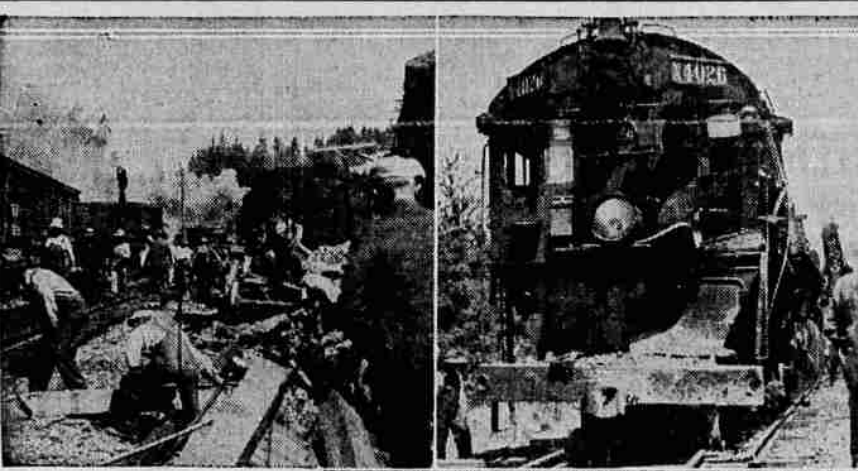

Delegations from all over the state are expected to be present. Lane county, with over 400 registered socialists, is expected to be well represented. The Lane group plans to get together while at Albany to set a time for a county convention and put a full slate in the field for county offices. Those planning to make the trip may arrange for transportation by getting in touch with Mr. Martin at 1742-J.

Mountaineer Killed When Rope Breaks

VANCOUVER, B. C., June 30.—(AP)—Plunging 1,000 feet when a rope snapped, Alex H. Dalgleish, 24, was killed today when he and three companions were within sight of Mount Waddington, Coast Range of British Columbia's "mystery mountain," his parents, Mr. and Mrs. L. C. Dalgleish, were informed here.

Constant Harold Engleson, summoned to the scene from Alert Bay, reported to British Columbia provincial police headquarters, at Victoria, that the accident occurred when Dalgleish's rope broke. It took three and one half hours to reach the body, buried in soft snow outside the reach of avalanches, he said, and estimated that it would require 10 days for a party of six experienced climbers to bring it out.

WHERE FALLEN ROCK FORCED TRAIN OFF RAILS!

Here are some views of the scene where a southbound Southern Pacific freight train was derailed early Saturday morning between Natron and Jasper after a huge section of sandstone broke loose from the wall of the cut and crashed onto the track. The picture at the upper left shows a general view of the scene, with the box cars and cattle cars righted again and pulled from off the highway where they came to rest after the wreck. The upper right shows how the head end of the giant locomotive appeared after bouncing off the rock. The lower picture shows only a portion of the rock that caused the trouble, workmen having blasted much of it away. The section that fell was fully 30 feet long.

FUNDS AVAILABLE FOR HOME REPAIR

Government Offers New Loan Service Under HOLC Setup

Federal loans for reconditioning homes are now available here, under a department of the HOLC, it was announced Saturday by Edward F. Bailey, district manager of HOLC here. Application blanks may be obtained at Mr. Bailey's office.

A special department has been set up in the Portland office and it is possible a special office will be established here in the near future, it was said.

Under the program, the HOLC is authorized to lend money for reconditioning only to home owners in distress. Mr. Bailey points out, and in most cases only in connection with the usual home owner's loan. Loans will be made to those who already have secured loans from the corporation, those who are eligible to have their mortgages taken over by the corporation and to those who own their homes clear of any mortgage, but in this case only if they cannot get loans from private lending agencies.

In taking a reconditioning loan, the borrower has 15 years to pay the principal in monthly installments. The interest rate is five per cent, the monthly payments amounting to \$7.91 for each \$1,000 borrowed.

Home owners wishing to make necessary repairs which have been neglected for some time due to lack of finances and those wishing to remodel their homes to modernize them are specially urged to look into this proposition, Mr. Bailey said.

The government has set up a fund of \$200,000,000 for reconditioning loans.

Foster Case Left Up to City Attorney

Disposal of the Clyde Foster case was placed in the hands of the city attorney by the mayor and police committee, it was announced Saturday by Dr. George A. Simon, chairman of the police committee.

Dr. Simon said that at a meeting attended by the city attorney, mayor and members of the police committee, it was decided to leave the matter of a re-trial for Foster up to the city attorney, S. M. Calkins, city attorney.

Foster was charged with reckless driving by the city and a police court jury was unable to agree on his case at the trial last Wednesday.

Robbers Abandon Bloodstained Car

GOODLAND, Ind., June 30.—(AP)—A brown (Hudson) sedan, the side of which was covered with blood, and in which were a number of cartridge clips, was abandoned this afternoon by four men two and a half miles northeast of here. The car answered the description of the machine in which John Dillinger gangsters escaped after robbing the Merchants National bank at South Bend this morning.

A sack of tacks also were found in the abandoned machine. Officers expressed the belief these were to be scattered along the road to damage the tires of pursuing cars.

Canadian Fishermen Drive Japanese Out

BULL HARBOR, B. C., June 30.—(AP)—Advancing Hull-to-hull, 60 trolling vessels manned by Canadian fishermen, swept down on eight Japanese fishing craft today and thrust them from Bull Harbor and out toward the sea, with warnings that the Japanese must not return to this fishing area.

The Canadian fishermen's move to clear the harbor followed a clash with Japanese fishers, two men being arrested when Japanese claimed they were harpooned with gaffs.

Roosevelt Picks Board Of 5 For Aviation Study

WASHINGTON, June 30.—(AP)—President Roosevelt today selected five men to investigate and formulate a rounded, integrated aviation program for the United States.

The commission was created under authority of the permanent air mail bill and its membership will be: Clark Howell, Sr., publisher of the Atlanta (Georgia) Constitution.

Jerome C. Hunsaker of New York, a retired naval officer who specialized in lighter-than-air crafts.

Edward P. Warner, of Washington, D. C., editor of an aviation magazine, and former assistant secretary of the navy for air.

Franklin K. Lane, Jr., of California, son of the former secretary of the interior, a lawyer.

Albert J. Berres of California, long associated with labor organizations.

The purpose of the board is to study the economical needs of the nation, from the point of view of both commercial requirements and the demands of national defense. It will conduct hearings and make private investigations with a view to reporting to congress and recommending legislation.

Senator Borah May Be Invited To See Oregon Trail Event

The suggestion that Eugene invite Senator William E. Borah, militant republican of Idaho, for the Oregon Trail pageant was made here Saturday by Earl Britt Nedry, president of the state association of Oregon Republican clubs.

Mr. Nedry conferred with Mrs. William E. Borah Wednesday at which time Mrs. Borah said her famous husband would likely be in this vicinity about the time of the pageant here the latter part of July.

Senator Borah is scheduled to make a series of speeches throughout the country this summer on national affairs. Mr. Nedry's suggestion was relayed to pageant headquarters here.

Farm Mortgage Moratorium Bill Signed By President; Would Block Foreclosures

By SAM BLEDSOE
Associated Press Staff Writer
WASHINGTON, June 30.—(AP)—President Roosevelt today ended speculation over the fate of the Frazier-Lemke farm moratorium bill with the announcement he had signed it.

One of the broadest acts yet passed for the relief of any class of debtors, the bill would allow debt-burdened farmers a five-year moratorium if they were unable to reach a satisfactory arrangement with their creditors.

Mr. Roosevelt approved the bill on June 28 but he delayed announcing his action so he could explain his reasoning for signing it.

"There has been a serious lack of understanding of its provisions," Mr. Roosevelt said, "and it has been alleged that insurance companies and other mortgagees will suffer severely through the use of this law by farmers to evade the payment of debts within their capacity to meet."

"I do not subscribe to these fears," Mr. Roosevelt said, "and I have been assured by the overwhelming majority of farmers to believe that they will not evade the payment of just debts."

He added that "Congress in the bill

STRIKE PARLEY IS STILL DEADLOCKED

New Settlement Basis is Expected at Sunday Negotiations

SAN FRANCISCO, June 30.—(AP)—The 63 day old Pacific coast maritime strike was still in deadlock tonight as another day's exhausting conferences ended, but leaders were hopeful a settlement is near.

President Roosevelt's mediation board announced that shipowners representatives have agreed to hold a Sunday morning conference with the board. The meeting has been called for 10 a. m., and delegations of strikers have agreed to be on call also tomorrow, presumably depending upon the outcome of the mediation board-shipowners conference.

Spokesmen on both sides declined to make any announcements tonight, having pledged secrecy for the time being to the board, but all appeared to agree that a new basis for continuing the discussions had been hit upon.

Meanwhile, cargoes rested in ship's holds, and stood piled to the roofs of docks. A little loading and unloading proceeded under guard, and threats of forcible opening of the port were repeated.

The industrial association here estimated today that tonnage valued at \$50,000,000 is tied up here now at

Price Cuts Not For Lumber Code

WASHINGTON, June 30.—(AP)—The lumber code authority announced today President Roosevelt's order permitting a 15 per cent price reduction in bids for government contracts does not apply to the lumber code.

It was explained the presidential order did not apply to lumber because the lumber code specifically authorizes only minimum prices, established for cost protection, which the authority said now return less than costs of production.

Farm Mortgage Moratorium Bill Signed By President; Would Block Foreclosures

By SAM BLEDSOE
Associated Press Staff Writer

GERMANS FEAR NEW OUTBREAK IN NAZI RANKS

Hitler Supreme But Nation Feels More Revolution Lurks In Offing

QUICK ACTION STUNS

Friends of Von Schleicher Are Expected to Make Reprisal Attempt

By LOUIS P. LOCHNER
Associated Press Foreign Staff
(Copyright, 1934, by The Associated Press.)

BERLIN, June 30.—(AP)—Chancellor Adolf Hitler, ruthless and uncompromising, smashed a revolt in the Reich today with swift retaliation that took the lives of high oppositionists to his rule.

Over all Germany tonight, however—with troops and machine guns, rifle-carrying police and guards on patrol—there was suspense, fear, apprehension over a civil war or at least a revolution within the ranks of the National Socialist (Nazi) party.

For the present, Hitler held undisputed power.

Leaders Are Victims
In a day of summary punishment for those who challenged his authority—the denouement of the crisis of recent weeks, hastened by the disclosure of immoral orgies indulged in by leaders of his own storm troops—the chancellor "liquidated" leaders of a threefold opposition: the reactionary monarchists, the "Catholic Action" group and left wing storm troopers who plotted his end.

Two of the dead were charged with plotting with a "foreign power" and the Hitler regime.

Rehm Is Suicide
They were:
Kurt von Schleicher, former chancellor who wanted to restore the monarchy. He was killed with Frau von Schleicher when they resisted arrest.

STOREY NORTHWEST AMATEUR CHAMPION

SPOKANE, June 30.—(AP)—The two Puget Sound players who came to the Pacific northwest amateur golf tournament "for fun" didn't have any fooling time in the finals today, with Ken Storey, the mighty midwest of Spokane and Miss Marian McDougal, sun-bronzed Portland performer, capturing the championship by long-sided scores.

Storey, the littlest guy in the meet, won the biggest prize awarded by defeating Ralph Whaley, Seattle, 9 and 8, while Miss McDougal was conquering Mrs. Don Scott, Bremerton, 8 and 7.

By virtue of their victories, Storey brought the title back to Spokane for the first time in eight years and Miss McDougal gave the Rose City its first women's crown in thirty-one seasons. Only twice has Portland been victorious in the feminine race and that was back in 1903 and 1900.

Both of the new champions were up all day, gaining their leads on the first nine holes this morning and adding additional holes over so often as they thrilled a gallery of some 3,000 persons as far as they went over the 36-hole route.

Storey, whose only other claims to titles being in inland empire tournaments here, won a one hole advantage on the first nine, gained four more on the way home and went nine ahead at the 27th. He finished the contest by halving the short 28th with a three, and was one under par for the day.

Relief of many uninformed persons this is not a general or wholesale moratorium privilege.

After the farmer begins bankruptcy proceedings, the court is to appoint appraisers to arrive at the "fair value" of his land and chattels, if liens are held against them.

If that appraisal is satisfactory to the lien holders, the farmers may pay off the indebtedness over a six year period at rates of interest which begin at one per cent on the total and gradually rise to five per cent.

Any creditor may block the settlement if he desires. But if he does, the federal court is authorized to give the farmer a five-year moratorium. During that time, the debtor would keep his place and pay a "fair rental" value to be determined by the court. This rent would be divided among the creditors.

At the end of the five year period, the court may take a new appraisal of the property and the farmer could still be relieved of his debts if the lien holders accept that valuation and it
