

WOMAN SCIENTIST BURIED; SIMPLICITY MARKS LAST RITES

By ROBERT PARKER (Associated Press Foreign Staff) SCEAUX, France, July 6.—(AP)—Mme. Marie Curie was buried today as she had lived, in the utmost simplicity.

There was a 10-minute ceremony without a civil or religious ritual. Her frail, wasted body, which she devoted to science, was lowered in a plain oak casket into the same grave with her husband in a crowded and least expensive part of the little village cemetery.

Roses were distributed to each of the 25 laboratory associates and 150 friends and scientists who were there when an automobile hearse brought the casket at 11:30 a. m.

The mourners formed a line and each placed a rose on the closed casket in walking by.

Mme. Curie's two daughters, heavily veiled and wearing black, and a son-in-law then, according to French custom, stood nearby and received condolences.

The flower ceremony was conducted without a word being spoken. But the human silence was broken by the constant singing of hundreds of birds perched in nearby trees.

Four of the family's graves are these now: Professor Pierre Curie, husband of Mme. Curie and co-discoverer with her of radium, who was killed when struck by a truck in 1906, and his father and mother, are buried side by side.

At the head of Prof. Curie's grave is a rambling rose bush planted 28 years ago by Madame Curie. It is now in gorgeous bloom for the first time since it was planted, villagers said.

Housewives' Forum

By MARIAN LOWRY (Continued From Page 1)

Mrs. P. G. Bradway, Motor R. 3, Eugene.

Delicious Mocha Icing

- 1-3 cup of butter
2 cups confectioners' sugar
3/4 cup cocoa
3 tablespoons coffee
1 teaspoon vanilla
Beat butter to a cream, add one cup sugar, then cocoa. Beat well, put in coffee and remaining sugar and vanilla.—Mrs. R. M. Mitchell, 1439 Pearl St., Eugene.

Fruit Dressing

- (To be served with Angel Food Cake)
1 quart jar of seeded red cherries
1 cup cubed pineapple
1 cup pecans
1 cup diced marshmallows
2 cups whipping cream
Drain and chop the cherries with the pineapple. Chop the pecans. Mix the cherries, pineapple, pecans and marshmallows and add to the sweetened whipped cream. Put in refrigerator until ready to be served.

Cover slices of angel food cake with the dressing. Serve 12.—Mrs. C. L. Huffaker, 1519 Fairmount, Eugene.

Prune Icing

- 1 1/2 cups powdered sugar;
12 prunes which have been soaked, pitted and ground. Mix these two ingredients with enough thick cream to make it the right consistency to spread. This is delicious.—Eugene Young, R. 1, Junction City.

Marshmallow Icing

- 1 cup sugar;
1/4 lb. marshmallows
1-3 cup milk
3 tablespoons hot water
1/2 teaspoon vanilla
Stir sugar in milk. Boil slowly for 10 minutes. Cut the marshmallows in small pieces. Pour the water over them and cook the mixture slowly until smooth. Then add the sugar syrup, stirring all the time. Beat until smooth and of right consistency to spread. Add vanilla.—Mrs. E. O. Evans, 318 Adams St., Eugene.

Minted Ground Chocolate Frosting

- 1 cup ground chocolate
4 tablespoons butter
Hot coffee to moisten
Few drops mint extract.
Melt butter in hot coffee, setting it over hot water. Add very gradually to the ground chocolate until of the proper consistency. Add mint or spearmint extract to taste (few drops are sufficient). Use while hot or chocolate will lose glaze. Mint may be omitted and vanilla added. This is delicious if thinly spread over a white fed cake, after white icing is thoroughly set.—Mrs. W. R. Armstrong, 1392 W. 11th Ave., Eugene.

Caramel Frosting

- 2 cups brown sugar
1 cup white sugar
1 cup sour cream
1 tablespoon butter
1 teaspoon vanilla.
A little fresh cream or top milk.
Combine the sugars and sour cream in a large saucepan and stir over low heat until sugars are dissolved. Cook until a little of the mixture dropped in cold water forms soft ball. Remove from heat, add butter and vanilla and cool until lukewarm. Beat with rotary beater until quite stiff, then add heavier fresh cream or top milk, while beating, to get frosting of right consistency to spread. This recipe frosts an 8-inch two layer cake. Use one-half recipe for loaf cake.—Mrs. M. Johnson, 501 West Broadway, Eugene.

Baked Icing, Unsurpassed

- 2 1/2 cups sugar
3-4 cup water
1/4 cup white corn syrup
2 egg whites, stiffly beaten
Roll together the sugar, water, and syrup until a sample forms a soft ball in cold water. At this point pour half the mixture over 2 egg whites, beaten till they stand up. Beat well until the mass is again capable of standing up. Meanwhile boil the rest of the syrup until it forms a hard ball in cold water. Then add it also to the white mass. Beat till it is firm enough to spread on the cake. (If it begins to get too hard, add a small amount of hot water to soften it.) This is the smoothest and most wonderful icing I have ever seen.—Mrs. H. L. Penney, No. 7 Jensen Apts., Eugene.

Lemon Coconut Filling

- 1 cup confectioners' sugar
1/4 teaspoon salt
1 teaspoon grated lemon rind
1/4 cup lemon juice
1 egg, slightly beaten
1 cup shredded coconut.
Combine sugar, salt, lemon rind and juice and egg in top of double boiler. Place over boiling water and cook 5 minutes or until mixture is thick, stirring constantly. Remove from boiling water, add coconut and cool. Use on either cake or cup cakes.

Especially attractive for filling cup cakes. Remove coneshaped piece from center of each cake, add filling and replace tops. Cover with whipped cream.—Miss Melus Hill, 1458 Hilary St., Eugene.

DRUM CORPS MEETS

Final selection of members of the Eugene American Legion drum corps will be made at the rehearsal at the Eugene armory Friday evening, starting at 7:30 o'clock. It was announced Friday. It is expected to have 30 members in the corps which is being re-organized for the Oregon Trail pageant.

DOCK STRIKE STORY

(Continued From Page 1)

maritime unions on strike whether they would submit the dispute to arbitration.

Three Courses are Open

In the event the proposal is rejected, Cushing said the board had three courses to follow. One would be to hold a public hearing, the second a private hearing, or the board could demand a referendum for the strikers to decide who should represent them.

In speaking of the San Francisco situation, acting Governor Merriam said at Sacramento it "has gone beyond the point of common sense and good citizenship." The national guard, the governor said, "represents no class, serves no faction and takes no sides." He declared the strike had gone beyond the bounds of a legitimate dispute and that "there will be no turning back from the position I have taken in this matter."

TRUCKS THREATENED

THIRTY four trucks were halted by two asserted longshoremen from San Francisco here today and their drivers warned not to proceed with their loads. Reports also were received that trucks carrying fruit and vegetables destined for Bay region points had been over-taken in Livermore canyon.

During the morning there were isolated instances of violence.

Police were informed that before daylight a rock had been tossed through the window of the Pelicano and Rossi food company's retail store. Mayor Angelo Rossi is a partner in the company.

Opposite pier 32 on the embarcadero a truckload of sheep from Fortuna, Cal., caught fire. Cause of the fire was obscure. Police and guardsmen helped C. L. Hatch, the driver, put out the fire and save the sheep.

Anonymous telephone calls to St. Luke's hospital threatening union boycott if the hospital continued to receive injured strikebreakers caused police to guard the hospital.

The militia placed a guard around a brick dump on King street, which had been a source of ammunition for rioters. They set up machine guns there.

Three machine guns were placed on the second floor ramp of the state terminal building commanding a large area of the Embarcadero, another at King street and the Embarcadero and others were placed on the roofs of piers. Rifle guards were stationed on the roofs of strategically placed piers.

Under the guns of these millionmen trucks continued hauling freight from piers to the warehouse on King street, trucking headquarters of the Industrial association. They carried furniture, piece goods, iron pipe, and a great variety of cargo.

PORTLAND QUIET

PORTLAND, Ore., July 6.—(AP)—More than 125 men were at work on Portland's waterfront this afternoon, unloading and loading various types of cargo in defiance of orders of striking longshore unions. There was no disturbance at any of the terminal points.

The United States navy transport, Meigs, arrived today to load four for Manila. Other ships being worked were the Illinois, taking logs for China; the Charles L. Wheeler Jr., loading lumber for California, and the Walter A. Longbeach, discharging general cargo from the east coast and California.

Representatives of the central labor council would not comment on gossip that trade unions might join in a general strike in support of striking longshoremen and seamen. The only available information from that source was that no other union had taken a strike vote.

DEAD ARE MOURNED

SAN FRANCISCO, July 6.—(AP)—Roses and American flags were placed today on the sidewalk where two men fell mortally wounded in battles with police.

In front of the International Longshoremen's association headquarters on Steuart and Mission streets, the strikers outlined in chalk the spot where the two victims fell yesterday. Then roses were scattered around the outlines.

An American flag was placed on each blood marked location, and in chalk on the sidewalk the strikers lettered:

"Two men killed here, murdered by police."

News of Thurston

THURSTON, July 6.—(Special).—A large number from Thurston motored to Swimmers' Delight for the July 4 picnic and among the family parties were relatives and friends from Springfield and Thurston with Mr. and Mrs. Roy Edmonson and daughters Nathalie and Genevieve of Thurston, Mr. and Mrs. Woodson and son of Albany, Mr. and Mrs. Jack Saffley of Roseburg, Mrs. Snowgrass and daughter Maxine Snowgrass, Eunice and Joe Gerber, Mr. and Mrs. Matson, Mr. and Mrs. Hertsch and daughters Theda and June Rhodes and Henry and Meeton McKlin all of Springfield. Sports, ball game, swimming and dancing made up the day's entertainment, with a fireworks display in the evening.

Mrs. Fred Russell of Thurston, Frankie McFarland of Springfield, Mrs. Melvin Gustafsen and daughter Melva Joan of Eugene and Mrs. Lynn Endicott and son Freddy of Thurston came

will give short talks on Eugene and Lane county resources and industry.

The entire luncheon program will be broadcast over station KEX.

Mrs. Doris Smith, stage director, announced Friday that Faye Knox, instructor in dancing at the University of Oregon, had been secured to dance the Mayan sacrifice number in the pageant. Miss Knox is widely known for her dance creations and is a performer of high excellence, Mrs. Smith declared.

Virgil Edwards, of Jasper, has been obtained to play the part of the lone cowboy. Edwards can ride, yodel and play the guitar, Mrs. Smith says, and is admirably suited to the part.

Mrs. Smith also announced the selection of the five big Indian chiefs. They will be Tom Tongue, Dr. Ed Buchanan, Jr., Carlton Spencer, Cecil Snyder and William Bowerman.

Cal Young visited the Crawfordville round-up July 4 and made preliminary arrangements for horses and other stock to be entered in the pioneer parade, it was announced Friday.

Manager Rosson announced that five bands already have been secured for the pageant parades here. Rosson was at Oakland on the Fourth where he conferred with the director of the Roseburg high school band of 75 pieces and it is expected this band will be here for the parade. The Roseburg band has attracted considerable attention this year, appearing at the Portland Rose show and at the Diamond Jubilee at Medford.

Secret Indictments Returned By Jurors

The Lane county grand jury returned three secret indictments late Friday afternoon. Names of the persons indicted were withheld pending arrest, it was stated.

The grand jury has been in session several days and was known to be considering one case involving a former county employe.

RFC LOANS STORY

(Continued From Page 1)

ors, even though loans are not made for the actual payment of this indebtedness;

PAY taxes on property necessary to the operation of business;

FINANCE construction, improvements and repairs;

SUPPLY working capital to contractors.

The corporation will not make loans to:

FINANCE consumer purchases, installment sales;

FINANCE imports or exports;

DEVELOP promotional projects or business expansion;

PROVIDE for the operation of business in receivership;

REOPEN businesses which have been inactive for a substantial period.

In order to be eligible for these loans, applicants must have been established in business prior to Jan. 1, 1934, there must be adequate security, the loan must mature in five years and the applicant must be solvent at the time of disbursement of the loan.

When the RFC loans to industry were first discussed here, it was believed they would be available for financing business expansion and the revelation that loans would not be made for this purpose met with some expression of disappointment here, it was said.

Several local concerns, hoping to expand their businesses but unable to obtain financing from other sources, had hoped to get funds from the RFC. It was hoped, however, that under working capital loans, some expansion might be allowed.
