

HARRISBURG NEEDS NEW CITY BASTILE

HARRISBURG, July 6.—(Special)—

The town council at the last meeting took up the subject of building a new jail. The present building is a leftover from the days when wood was good enough. Now the officers fear to use it much and want a better one. Several convictions lately, in which there were jail sentences, in which the necessary arrangements to use the county jail. That is regarded as rather expensive. It is proposed to use money set aside for a rock crusher, in the last budget, for a jail, as the purchase of the crusher was turned down afterward.

A free clinic was held here Tuesday under the direction of the county health association. The county nurse, assisted by the local health representative, Mrs. J. W. Owen, Dr. A. F. Kirschman, dentist, Dr. D. G. Clark and Mrs. Mabel Kirschman made the examinations. Eighteen children of pre-school age were looked over and several cases of flat feet, bad adenoids, defective teeth, poor hearing and poor sight were discovered.
