Sally's pretty and Sally's smart!

She uses cosmetics every day but she guards against unattractive Cosmetic Skin

HAVE you seen warning signals of unattractive Cosmetic Skin—enlarged pores, dullness, tiny blemishes...blackheads, perhaps? No need to worry!

To guard against this modern complexion trouble—keep their complexions exquisite—thousands

of clever girls all over the country are adopting the screen stars' beauty care.

Cosmetics Harmless if removed this way

Cosmetics need not harm even delicate skin unless they are allowed to choke the pores. Many a girl who thinks she removes cosmetics thoroughly leaves bits of stale rouge and powder in the pores day after day. Then the pores become clogged, distended—Cosmetic Skin develops.

Lux Toilet Soap is made to remove cosmetics thoroughly. Its ACTIVE lather sinks deeply into the pores, carries away every vestige of dust, dirt, stale cosmetics. Before you apply fresh make-up—ALWAYS before you go to bed at night, use this gentle soap.

Though I use cosmetics, as most girls do, I never worry about Cosmetic Skin. Gentle Lux Toilet Soap guards against it surely
