

AMERICAN LEADERS LOSE, AS BROWNS, INDIANS ADVANCE

By HUGH S. FULLERTON, JR. (Associated Press Sports Writer)

Two significant changes were recorded in the American league standings today. While the pace-setting Tigers and second-place Yankees were taking a pair of trimmings from tail-end clubs yesterday, the Cleveland Indians moved into third place ahead of Boston and the St. Louis Browns slipped past the tottering Senators into fifth.

Due to Monte Pearson's wildness, the Cleveland Tribe had a difficult time winning its fourth in a row and its second from the Red Sox, 5 to 3. When Pearson became wild in the eighth Mel Harder had to rescue him.

Rogers Hornsby's Browns took a more decisive method of shoving the 1935 league champions down to sixth place. They won 7 to 4 for their sixth straight triumph.

Jimmie Fox clouted his 29th home run of the season in the eighth inning to provide the winning tally in the A's 5-4 victory over Detroit. The White Sox had to go 13 innings to beat the Yankees, 7 to 6.

The proverbial "luck" of the Giants held good to give the National League leaders an extra half game margin over the Cubs. Four runs down to the Reds in the fourth inning. They were halted for an hour by a rain-storm. When play was resumed St. Johnson had cooled off and couldn't halt the New York batters, who slammed out seven runs in the fourth and won 11 to 5.

The Cubs only succeeded in playing one scoreless inning against the Phillies before rain wiped out their game.

The third place Cardinals kept pace with the Giants by smacking down the Braves, 5 to 1 behind the five-hit flinging of James Otto (Tex) Carleton.

Pittsburgh and Brooklyn had an open date.

SIX COAST CLUBS IN PENNANT RACE

By THE ASSOCIATED PRESS

Only Portland and Sacramento are out of step in the Coast league scramble for second half honors. Six teams are now grouped within five games of each other, with only the Beavers, 14 games behind San Francisco, and the Senators, 9 games back, apparently out of the fight.

One of baseball's quirks enabled the Seals to beat Seattle, 4-3, and maintain their two-game first place margin over Hollywood and Los Angeles, tied for second. With the bases loaded in the ninth, Pinch Hitter Jimmy Zinn was struck by one of Bill Radonits' pitches to force in the winning Seal run. Until that unfortunate toss Radonits had held his own against LeRoy Herrmann in a tight mound duel, Chick Elickworth, Indian shortstop, hit four in four.

Fay Thomas marked up his 16th victory of the season as the Angels made it four straight over Portland, 9-2, and took over half of second place as the Stars divided their twin bill at Oakland.

Hollywood finally broke the Oakland winning streak by taking the short nightcap 12-0 after the Oaks had handed the Stars their fourth beating in a row in the 15-inning opener, 3-2. Ken Douglas of Oakland and Joe Sullivan, youthful Hollywood star, staged a splendid tussle in the long opener. Oakland won out when Bill Radonits' infield hit scored Frenchy Thalt with the winning tally. Thalt had doubled and been sacrificed to third. Archie Campbell twirled the Star shutout in the second game.

Wayne Osborne, ace of the younger Mission hurlers, stopped Sacramento 2-1 with eight hits to keep the Reds in third place a game behind Los Angeles and Hollywood. Sacramento's only run resulted from a wild throw by Jim Stroner, Mission third sacker. Bud Hafe's double on top of a walk and an infield hit by Clyde Beck produced both Mission runs.

Loveclock Upsets Favored Bonthron In Slow Contest

WHITE CITY STADIUM, Eng., July 21.—(AP)—Jack Loveclock, great New Zealand mile runner, today defeated Bill Bonthron of Princeton, in the mile run climax of the annual international track meet between the combined forces of Oxford-Cambridge and Princeton-Cornell.

The Oxonian won by a yard in a thrilling race with Bonthron, who had chased him to the then record mile of 4:07.6 in the Princeton stadium last summer, a mark since erased by Glenn Cunningham's great 4:06.7 on the same track last month.

It was a stunning upset for the Americans who had been led to believe a knee operation last winter had robbed the New Zealand star of much of his speed. Bonthron only two weeks ago had established a new world mark of 3:48.8 for the 1500 meters and was thought to be at the top of his form.

Loveclock won in the slow time of 4:15.4.

Miss Sellars was four up at the halfway mark.

Mrs. Lane set a surprising pace to reach the finals of the tourney, numbering Mrs. B. E. Eva and Mrs. Geo. Jones among her victims. But Miss Sellars, 1933 champion, proved too good for her.

ASSIE'S CRAWFORD DEFEATS SHIELDS IN DAVIS CUP PLAY

WIMBLEDON, England, July 21.—(AP)—America's chances of reaching the challenge round for the Davis cup all but evaporated today when Jack Crawford and Vivian McGrath of Australia captured the opening singles matches.

Playing the interzone final between Australia and the United States, Crawford downed Frank Shields of New York, 6-1, 6-2, 12-10, and Vivian McGrath downed Sidney B. Wood, Jr., also of New York, 7-5, 6-4, 1-6, 0-7, national tennis competition.

It was the third straight victory for the polished tennis strategist from down-under over Shields, the last being in the semi-finals at Wimbledon two weeks ago where Frank took Crawford to five sets before yielding. Crawford also won in the American National semi-finals last fall.

The American was nervous as the match opened, and proved an easy victim to Crawford's steady stroking but he rallied in the final to play brilliant tennis and lead up to the last two games. Several times Shields was within two points of set victory.

PIONEER YONCALLA RESIDENT IS DEAD

Henry Burt, who had lived in Yoncalla all his life until the past year, died Thursday night at the home of a daughter, Mrs. H. Brawn in Pendleton. He was born in Yoncalla in 1857 and was 77 years of age.

Funeral arrangements have not been completed but will be held Monday at Yoncalla.

Steam Threshers Will Operate If Gas Supply Short

HARRISBURG, July 21.—(Special)—There is talk here among farmers that if the gas supply is shut off it may be necessary to fire up the steam threshing engines. There are still several of the engines left in this community, but unless some emergency arises soon for the first time in half a century not one of them will be used in the harvest season. For many years the steam rigs did all the threshing, following the older horse power machines. But in late years they have been dwindling in numbers rapidly. Other methods now appear to be more economical. Wood fuel is scarcer than it was. Smaller grain fields make the moves of large outfits expensive. Also a trend to small gas combine machines made the big rigs obsolete. However, two or three steam machines have run each season until this year.

Omer Monger won the principalship of the high school here at the board meeting Tuesday night. Mr. Monger has been in school work in Montana for several years, though he is an Oregon man. He and Mrs. Monger have returned to Montana for their household goods and will move here in August. Since the resignation of Principal J. O. Burcham the school board has been busy examining the 40 applications for the place here. Mr. Burcham plans to leave tomorrow for Lakeview where he will superintend the schools next year.

Mr. and Mrs. D. D. Carr observed their golden wedding at the Carr home here Monday. At the table during the dinner hour were gathered six of the children, one not being able to come. To the evening a reception was given to the couple at the Christian church by the men's Sunday school class. Mr. and Mrs. Carr received many fine presents. The first wedding took place in Nebraska July 16, 1884. Two of Mrs. Carr's brothers who attended at that time, Frank and John Penderast, came to be present at the anniversary Monday. The Carrs came to Oregon in 1910 and have lived at Harrisburg since that time. There are seven children, seven grand children and one great grand child in the family.

A thief with a specialty for motors visited this community recently. Two electric motors were taken from the Murphy hop drying house. The motors were used last year for driving a fan. About the same time some one took a gas motor from Ira Tanton's motor boat.

The Methodist Sunday school held a picnic Sunday at the Hayworth grove. Members of the school united with the Epworth League for the event. Games and swimming occupied most of the time of the children and a big picnic dinner at noon divided the day into two happy parts.

Ralph Detering has bought the Sorrenson farm five miles south of Harrisburg and will occupy it in a short time. Mrs. Hazel Murgess, who is now living on the farm, will move to her own place as soon as she can get the new house ready.

The Linn county cannery will operate at Harrisburg on its first run July 23-24. Canning permits can be obtained from the local Red Cross chairman, Mrs. L. J. Scholz. The cannery is run to supply the need of the unemployed. It will can apricots, peaches, pears, prunes, beans, corn, peas, tomatoes, meat and fish as they are in season.

Serve in nests of lettuce heart leaves.—Catherine Kabler, Goshen.

California Tongue
1 fresh tongue.
1-3 cup salad oil.
1 1/2 cups chopped onions.
1 clove garlic.
1-3 cup chopped canned green chili pepper.
1 cup seedless raisins.
3 cups tomatoes (solid pack).
1/2 cup sliced green stuffed olives.
1 1/2 teaspoon salt.
Boil tongue until tender—several hours—and when cold remove the skin. Fry onion and whole clove of garlic in oil until onion is brown. Remove garlic, add raisins, and fry until chili pepper, tomatoes, olives, and salt. When the mixture boils, pour over the tongue and bake for one hour in a moderate oven. This may be prepared the day before it is needed and merely reheated before it is served.—Mrs. C. L. Huffaker, 1810 Fairmount.

ing questions at issue in the waterfront strike, representatives of the waterfront employers union, of the steamship companies, of the San Francisco Industrial association and of the six newspapers of the San Francisco Bay area held an all day conference yesterday.

The employers had agreed with the president's mediation board to arbitrate all differences with the longshoremen and to bargain collectively with the maritime unions if and when they select representatives under the direction of the board. The employers have not heretofore agreed to arbitrate with the maritime unions.

In view of the teamster's union returning to work, and other developments to bring about industrial peace and harmony, the members of the conference believe that in the event the longshoremen's union should vote to submit all differences to arbitration by the president's board, the steamship owners should agree to add to their offer already made and should agree to arbitrate hours, wages and working conditions with the maritime unions.

Following the conference steamship representatives consulted the numerous companies involved and have obtained their adherence to a plan of arbitration if the longshoremen's union will make such a course possible.

Hiring Halls Not Mentioned

The statement made no mention of the specific issues of operation of hiring halls and union recognition made by the longshoremen, but reliable sources pointed out that arbitration with longshoremen would be badly limited if these issues were not included.

Rains May Cause Fruit-Brown Rot

The rain will have a tendency to promote brown rot in stone fruits, according to C. E. Stewart, county horticultural inspector, who was in Eugene Saturday.

Peaches in Lane county have been suffering from this disease to some extent already and the unusual moisture at this time will probably cause damage to prunes and plums, he said.

ored. There will be a private booth (as well as a public booth) where supporters may buy votes without other persons finding out the extent of their purchases.

A wealth of features for the dance is promised by Manerud and Earl Immel, who will act as master of ceremonies for the dance. Red shirts, old-time dresses, whiskers and all other Oregon Trail regalia will be in order at the dance. Tickets are 40c for men, 25c for women, and 10c for admission to the balcony.

Princess managers have issued a plea to all supporters to cast all votes early, if possible before 5 o'clock tonight. Last night's announcement of standings will be the last until the announcement of the winner which will be at midnight providing the counters are able to complete their work. This depends on the cooperation of all persons now holding votes to casting them early. The Junior chamber of commerce will stand by the dancers in cast the counting is completed by midnight.

In the last count, conducted Friday evening, Princess Marion Davis maintained her slight lead in the contest. However, it is known that most of the competing organizations have very large blocks of votes and money (raised through dances, benefits, etc., as well as by subscriptions) that leave the outcome entirely in the dark. Compared to the approximately 11,000,000 votes already cast, there is expected to be almost double that number cast before the close of the contest. Since the four contestants are so very closely aligned, a prediction as to who will win is a virtual impossibility. Friday night's standings, the last to be announced until the final count, are:

Marion Davis (service clubs), 2,981,590; Yvonne Stevens (labor groups), 2,923,465; Marjorie Wilhelm (fraternal groups), 2,813,795; Jo Skene (veterans and business and professional women), 2,603,010.

lantes was necessarily the best way to stamp it out.

J. J. Rogers, lumberman—I have no use for communism, and I think anything that can be done to prevent its growth is decidedly worthwhile.

Ray Babb, merchant—I think Communism should be eliminated, but I don't approve of the methods employed by the Vigilantes.

Edward F. Bailey, democratic leader—I personally have never noticed any subversive activities here, and I see no justification for the raids. There is no need for "vigilantes" unless customary means of law enforcement are unable to cope with a problem. So far, I see no problem necessitating action, either by the law or self-styled "vigilantes."

Mayor Elsha Large—I have no statement to make concerning the raids at the present time. If necessary for official action arises, then will be the time for any statements.

Ben Perlich, grocer—I have nothing to say regarding the action of the vigilantes but in regard to communists, I believe they should be eliminated to make room for idle American citizens who really wish to work.

Raymond Torrey, businessman—I feel that a raid such as that staged Friday does no good because communists thrive on publicity and it seems to me a mistake to give them so much of it. Such a raid seems unnecessary as the communists here don't amount to anything anyway.

Rev. Frank S. Beistel, minister—We have an orderly process of government in this city and we should stand by it. I do not believe in such a manifestation of vigilantes as shown in the raids here Friday.

yesterday without being able to maintain normal pressure in the mains.

The maximum temperature here of 88 degrees was misleading in its measurement of human misery. A humidity of 88 per cent and an absolute lack of breeze sent 90,000 persons to beaches.

Seventeen persons died here in the last 24 hours of sunstroke, heat prostration and heart disease aggravated by the temperature.

Thermometer readings from other points in the afflicted zone were fantastic.

At Joliet, Ill., penitentiary inmates were relieved of work when the temperature reached 115. Pierre, S. D., reported 113; Burlington, Ill., 111; St. Louis, 110; Kansas City and Cincinnati, 108; Springfield, Ill., 105; Indianapolis, 102; Jackson, Mich., 101; Detroit, 96; Shreveport, 96.

Weather bureau forecasters said that New York, Washington, Philadelphia and Boston would feel the moving wave late today.

VIGILANTE MOB STORY

(CONTINUED FROM PAGE 1)

American Legion, Sheriff Swartz and Chief Bergman both declared the raiding party was without official status of any kind, no warrants having been issued and no officers accompanying the group.

No members of the communist group had voiced any official protest Saturday.

Legal aspects of the raid were somewhat hazy Saturday. Deputy District Attorney Bryson, commenting on the seizure of literature at the communist headquarters, declared that to constitute a larceny case, the material must have been "seized with intent to deprive the owners of their property." If the literature had been seized as evidence, being held for presentation in a prosecution, it would constitute no crime, he said.

However, since no officer participated in the act, the legality of thus seizing "evidence" is subject to question, it was said.

What actually happened to the material seized is a mystery. Material taken on the first raid Friday noon was taken to the sheriff's office during the absence of Sheriff Swartz. When he returned later in the afternoon, he released the literature to members of the communist party here. As a result, a second raid was staged about 7:30 o'clock Friday night and this time the material was packed in a small truck and spirited away. There was talk that it had been burned, but this could not be verified.

Ulen Pickett Threatened

A street rumor to the effect that the picket carrying a banner announcing a meat market "unfair to union labor" on East Broadway was to be "given a ride" Saturday night, could not be confirmed Saturday. No appeal for police protection had been made late Saturday afternoon.

Following is what Eugene citizens had to say about the raids Friday:

Art Hendershott, councilman—I think we've put up with the Communists here long enough, and it is time to move them out.

Rev. Cecil Ristow, pastor of the Methodist church—I think the action of the "vigilantes" was the best thing that could have been done to boost communism, for its followers thrive on this sort of publicity and persecution. I also think the raids constitute the greatest breach of American ideals of freedom of speech and assembly, and were the most un-American acts to occur in this city since I have been here.

J. O. Nell, secretary of the Eugene Fruit Growers—While I have no use for communists, I think the raids Friday were rather childish.

C. K. DeNeffs, merchant—I see no necessity for the raids. There was certainly no emergency, and even in an emergency the only time a mob is justified in taking control is when law and order breaks down. There has been no breakdown here.

Rev. Bryant Wilson, pastor of the Baptist church—I don't know what was behind the raids here, so I feel that I'm hardly qualified to speak. I am opposed to communism, but I don't know whether the action of the vig-
