

### 2 DEER HUNTERS VICTIM OF QUEER SHOOTING MISHAP

BEND, Ore., Sept. 21.—(U.P.)—Two deer hunters wounded yesterday morning at Yamsay mountain, in the Lakeview district not far from the California line, were in the Lumbermen's hospital here today while state police and county officers attempted to solve the mystery left by the shooting.

William Mauch, 24, of Eddyville, Ore., is the more seriously wounded of the two. State police believe three bullets struck Mauch, two in the chest and one in the left arm. Emanuel Gill, 26, of Oregon City, has a bullet wound in his left leg.

Glen Smith, 34, of Klamath Falls, member of a hunting party of five from the Diamond Lake road camp, told officers he fired once at Mauch and Gill when he mistook them for deer as they were resting by a trail yesterday morning at 11 o'clock. L. M. Kramer and H. L. Bailey, the two other members of the hunting party, were not with the trio at the time of the shooting but accompanied them on the long trip to Bend.

Mauch, with a gaping wound in his chest and a bullet in his left arm below the elbow, walked about two miles to the car and rode more than a hundred miles to Bend, reaching the hospital seven hours after he was wounded. No attempt to secure an ambulance was made. Gill was hit in the leg.

Smith insists he fired only once. Mauch and Gill say they heard only one shot, although Gill says he thought at first he had been wounded by the accidental discharge of his own gun. It was not until Smith appeared from the woods and Mauch slumped over that Gill knew someone else had fired.

One possible explanation advanced by officers came from Gill's statement that he "pumped" the shells out of his gun immediately after he was wounded in the leg. He may have fired the shells, instead of "pumping" them out.

Smith was to be taken to Klamath Falls for further questioning today. Officers reported he had no hunting license.

### Quilting, Birthday Parties Are Held

BELLFOUNTAIN, Sept. 21.—(Special)—A quilting party was held at the home of Mrs. O. K. Scott Wednesday and a covered dish dinner was served at 1 p. m. with Mrs. Addie Larkin as the guest of honor, in recognition of her eightieth birthday. The W. C. T. U. held their regular business meeting in the afternoon. Ladies present were Mrs. Addie Larkin, Mrs. Irvin, Mrs. T. M. Coon, Mrs. George Tompkins and son, Floyd, Mrs. Tom Reader, Mrs. F. A. Nusbaum, Mrs. Chester Oaks, Mrs. Wm. Hull, Mrs. George Buckingham, Mrs. John Post, Mrs. Wm. Christlance Sr., Mrs. Clyde Graves, Mrs. W. A. Burnham, Mrs. A. L. LeVaugh, Miss Mary Hall, Miss Beatrice Burnham, Miss Edith Larkin and the hostess, Mrs. Maud Sammis and Mrs. O. K. Scott.

Relatives of Mrs. Addie Larkin, more familiarly known to her many friends as "Grandma Larkin," gathered at her home Monday for a surprise birthday dinner in honor of her eightieth birthday anniversary. Those who attended the dinner were Mrs. J. P. Larkin, Mrs. Edward Bennett, E. P. Larkin, Mrs. J. L. Post and daughter, Barbara, Mrs. J. E. Larkin and daughter, Maxine and Ida May, Mr. and Mrs. Avery Larkin and children, Dorothy, Garth and Melvin, Mrs. Addie Larkin and Miss Edith Larkin.

Friends and relatives who called during the day were Clifford Larkin, Mrs. F. A. Nusbaum, Mrs. H. J. Kessler, J. P. Larkin, Dr. E. Bennett, Mrs. T. M. Coon, Mrs. Irvin, Mrs. A. P. Starr, Mrs. O. K. Scott, Mrs. Maud Sammis, Miss Emma Haines, and Mrs. Delmar Larkin and children, Marlin and Patsy.

In the afternoon a beautiful big birthday cake decorated with eighty candles was presented Mrs. Larkin, which was afterward cut and served with ice cream to the guests. She received several beautiful gifts from her friends and relatives.

School opened Monday morning with thirty-three enrolled in the high school and fifty-seven in the grade school. The teachers for this year

### Fashion Showings—Coat-Like Dress

Of New Velvet or of Woolen for Smart Fall Wear

Edited by LAURA I. BALDT, A. M.

For many years Assistant Professor of Household Arts, Teachers College, Columbia University, New York

Illustrated Dressmaking Lesson Furnished with Every Pattern

Here's a charming dress to add to your fall and winter wardrobe. There is a definite slimming quality about this wrap-over model with its slender V-neck with soft jabot collar, an advantage if you are not as slyph-like as you would wish.

Peacock velvet wool made the original model. It's perfectly stunning, besides being quite the newest fabric mode is favoring.

Other interesting suitable fabrics for its development are metal-threaded woollens, gay angora plaided woollens, pebbled crepe silks, rayons that suggest wool, etc.

Style No. 3318 is designed for sizes 16, 18 years, 36, 38, 40 and 42 inches bust. Size 36 requires 4 1/2 yards of 39-inch material.

Send FIFTEEN CENTS (15c) in stamps or coin (coin is preferred) for PATTERN. Write plainly NAME, ADDRESS and STYLE NUMBER. BE SURE TO STATE SIZE YOU WISH.

Let the latest FALL AND WINTER BOOK OF FASHIONS solve your clothes problems at a minimum of cost and effort. It tells you how to make a smart coat as easily as a simple dress. There are clothes for elaborate occasions as well as many smart trim designs for general wear. You'll enjoy reading about your favorite screen stars. You simply must not miss this issue.

will be G. K. Litchfield, principal, Mrs. Helen White, high school, Mrs. Leta M. Davis, Miss Retta Joseph and Mrs. Evadna Stahl, grade school.

Howard Buckingham is still in the Corvallis hospital but is recovering from his accident when both arms were fractured while at work in the W. J. Miller logging woods.

Delmar Larkin is again having trouble with his leg which was badly crushed and broken in a tractor accident three and a half years ago. It will be necessary to have the silver plate removed from his leg, as it has caused an abscess to form.

Lawrence Gene Malcom arrived Sunday evening to gladden the home of Mr. and Mrs. Ralph L. Malcom. Mother and baby returned home from the Corvallis hospital Thursday afternoon and Mrs. Mary Gragg is caring for them and little Robert Lynn at their home near Dawson.

Miss Emma Haines was a Tuesday night guest at the home of Mrs. Addie Larkin and daughter, and left Wednesday morning for Portland where she has employment for the winter.

Mr. and Mrs. John Moreland and sons, Mason and Robert, of Estacada were week-end guests at the home of Mrs. Moreland's sister, Mrs. O. K. Scott.

Hearing, as a rule, is more acute with the right ear than with the left. In 1929, there were 1,655,847 golf balls, valued at more than \$6,444,727, manufactured in this country.

### SALEM MAY ADOPT SALARY PLAN FOR MAYOR IN FUTURE

SALEM, Sept. 21.—(U.P.)—A full-time, paid mayor for Salem was advocated here today by labor groups. An initiative measure to be placed on the November 6 city election ballot seeking to provide such a change in the city government was favored by E. G. Burrell, chairman of the legislative committee of the Salem trades and labor council. He said the organization had instructed his committee to discuss advisability of the proposed change and to outline methods of procedure.

The proposed annual salary would be \$2400, it was said. No criticism of the men who have served as mayor, but rather opposition to the old system was voiced in the move, Burrell said.

### Oil Man Declares Business Is Better

Major officials of the Associated Oil Company, headed by William F. Humphrey, president, were here Thursday on a coast-wide inspection of Associated properties. They stopped in Eugene for a conference with W. L. Hoadley, local agent of the company.

Mr. Humphrey was accompanied by C. R. Brown, assistant to the president, B. I. Graves, vice-president in charge of sales, P. E. Allan, domestic sales manager, R. H. Cook, district sales manager and H. V. Heffner, district sales supervisor.

Mr. Humphrey, who recently returned from an extended trip throughout the east, reported that nowhere did he find business conditions better than the outlook more hopeful than on the Pacific coast.

"The Associated Oil company is confident that business conditions on the Pacific coast will continue to improve," Mr. Humphrey said. "We are backing this belief with a program calling for the expenditure of \$350,000 in construction of new service stations, and the expenditure of addition-

### FANS OUT!

### BUSINESS REVIEW SAYS FALL SHOWS FAVORABLE TREND

NEW YORK, Sept. 21.—(U.P.)—The fall season already has succeeded, said the Dun and Bradstreet weekly trade review today, in making a more favorable trade showing than appeared likely from early estimates, despite poor weather and a nationwide strike.

"In many of the agricultural districts," it said, "farmers have started to spend on a broad scale, giving a decided spurt to business, as copious rains have revived courage."

Reports on retail trade revealed an estimated gain over 1933 of 3 to 10 per cent. Sales in New England were retarded by the textile strike. The upswing of trade on the Pacific coast was modified by the textile strike.

The business activity barometer stood at 61.0, against 62.2 a week ago and 63.5 a year ago.

### Warning Is Issued By State Official

Charles H. Carey, corporation commissioner for the state, Friday issued the following signed statement to all newspapers:

"Almost every day complaints are made to the corporation commissioner that one A. K. Wilson, of Portland, is getting assignments of building and

"Our Tax Problem"

# "Over Fish Ranch Grade in HIGH and I was convinced!"

(From letter in Shell Oil Company files at San Francisco)

"My car used to get to that first steep part, then...ping...ping...ping. No matter what gas I used (other than premium Ethyl) I'd have to shift. I don't know why your gasoline should be so different, but using it yesterday there wasn't a sign of a knock. And I went the full 2 1/2 miles to the top in high."

Now can one gasoline be so different from another? Here's why:

Any petroleum engineer will tell you that no two gasolines are exactly alike. Power, anti-knock, quick-starting, and other fractions can be blended in all sorts of proportions. And crudes vary. As do refining methods.

Super-SHELL differs from other fuels largely because of the way it is concentrated. Low-powered gassy "tops" and sluggish "bottoms" are removed. Only the heart cut of petroleum comes to you. No waste parts. The result is—**Super-SHELL positively reduces at least ten little wastes that ordinary gasolines cause.**

Fill up with Super-SHELL today. You may not notice so much difference in average driving—but when you need an extra ounce of power—you'll feel it. And by all means check your Super-SHELL mileage!
