

## SUCCESSFUL YEAR REPORTED IN 4-H CLUB WORK HERE

A very successful year of Four-H club work in Lane county has just closed. It is revealed in the annual report of R. C. Kuehner, county leader, just completed and forwarded to the extension department of the state agricultural college under which Mr. Kuehner is employed.

The report shows that 241 local leaders assisted in the program in 1934 communities in the county; 2510 individual members were enrolled in 2000 projects and 3354 projects were completed with a percentage completion of 98.54.

The school census shows 5,424 rural boys and girls between the ages of 9 and 18 inclusive. In this same age range there were 2510 boys and girls enrolled in 4-H club work, or 46.4 per cent of the rural boys and girls. The percentage of all boys and girls in the county between these ages was 25.5.

There were 341 clubs organized; 247 clubs standardized; 233 100 per cent clubs with 3600 projects enrolled for and 3547 projects completed. The total value of all projects having a cash value was \$15,098.71 with a cost of \$9465.28 and a profit of \$5633.43.

Both of the girls selected as being outstanding at the state fair were Lane county girls. The selection was made on the quality of work and the premiums won. This made three of the four outstanding girls selected at the state fair in two years for Lane county with 36 counties in the state competing.

The Montgomery Ward girl record champion for 1934 was also a Lane county girl, and the corn growing champion for Oregon in 1934 was a Lane county boy. Both of these members received a trip to the national club Congress with their expenses paid as their award.

Exhibits representing the state at the national club congress were a cotton school dress, placing fifth and corn entries in the junior corn growing contest at the international grain and hay show placing second, eighth and ninth. Other awards on canning were won at the club congress.

Livestock members were no less fortunate in competing with their stock at the state fair and the Pacific International. First and second place was won in the Union Stock yards special hog growing contest, in the region in which Lane county club members were competing.

Open class of first in the 100-ear open class exhibit of corn and third in the ten ear class were won. The first, second and fifth place in the Willamette valley division of the Union Stock yards corn growing contest and champion record book of the contest were won by Lane county clubbers.

The statistics part of Mr. Kuehner's report follows:

Corn—One club; 11 members; value, \$768.74; cost, \$283.10; profit, \$515.64.

Wheat—One member; value, \$54; cost, \$58; profit, \$1.

Forage Crops—Three members; value, \$85.10; cost, \$36.30; profit, \$48.80.

Potatoes—Three members; value, \$101.31; cost, \$70.10; profit, \$31.21.

Home Gardens—Twelve clubs; seven standardized clubs; five 100 per cent clubs; 62 boy members, 27 girl members; value, \$634.23; cost, \$289.02; profit, \$344.61.

Home Beautification—One club, which was standardized and 100 per cent; four boy members and two girl members; value, \$185; cost, \$19.50; profit, \$165.50.

Flower Garden—Two clubs, both of which were standardized and 100 per cent; four boy and 11 girl members; value, \$35.98; cost, \$34.39; profit, \$15.59.

Forestry—12 clubs; 10 of which were standardized and 100 per cent; 75 boy members and 15 girl members; 784 cones collected, 12,118 seeds collected, 4784 trees planted.

Poultry—Four clubs all of which were standardized and 100 per cent; 33 boy members and 12 girl members; 1075 birds; value, \$1279.07; cost, \$626.29; profit, \$652.78.

Bee—One member; 14 colonies; value, \$39.30; cost, \$13.65; profit, \$25.65.

Dairy Cattle—Nine clubs; 6 of

## THEY ACHIEVED IN 1934!

Leading roles in 4-H club achievements in Lane county during 1934 were played by Myrna Laird of Edenville, upper left; Helen Michael of Garden Way, upper right; Carson Adams of Junction City, lower left; and R. C. Kuehner, lower right, county club agent. Miss Laird, Miss Michael and Adams added to their already large list of prize awards in county, state and national competition while Mr. Kuehner was recognized nationally for the success of his work directing club activities in Lane county.

which were standardized and 100 per cent; 60 boy members and 8 girl members; value, \$1427.15; cost, \$328.02; profit, \$988.43.

Beef Cattle—Five boy members and one girl member; 8 animals; value, \$484.59; cost, \$310.68; profit, \$173.91.

Sheep—Nine clubs; five standardized and 4 100 per cent; 54 boy members and 4 girl members; 310 animals; value, \$254.39; cost, \$179.98; profit, \$104.41.

Swine—One club which was standardized and 100 per cent; 16 boy members and 2 girl members; animals, 60; value, \$814.24; cost, \$472.53; profit, \$341.71.

Rabbits—One club which was standardized and 100 per cent; 11 boy members and 4 girl members; 47 animals; value, \$265.60; cost, \$161.75; profit, \$103.75.

Goats—Two boy members and 3 girl members; animals, 12; value, \$343.15; cost, \$156.87; profit, \$186.28.

Marketing—108 clubs; 51 standardized and 51 100 per cent; 338 boy members and 328 girl members.

Cooking—30 clubs; 27 standardized and 22 100 per cent; 78 boy members and 207 girl members; 2651 dishes; 308 loaves of bread; 907 meals; value,

\$2046.56; cost, \$1023.28; profit, \$1023.28.

Canning—6 clubs; five of which were standardized and 100 per cent; 1 boy member and 40 girl members; 243 containers of jams and jellies; 3095 quarts fruits and vegetables; value, \$706.04; cost, \$329.01; profit, \$377.03.

Clothing—39 clubs; 27 standardized and 24 100 per cent; 15 boy members and 254 girl members; 1037 articles; 118 dresses; value, \$611.70; cost, \$336.03; profit, \$275.67.

Homemaking—Four clubs, all of which were standardized and three 100 per cent; 41 girl members; \$500 tasks.

Room Improvement—One club; 1 boy member and 6 girl members; value, \$64.84; cost, \$32.75; profit, \$32.09.

Handicraft—Nine clubs, all of which were standardized and 7 100 per cent; 103 boy members and 4 girl members; 631 articles; value, \$306.43; cost, \$162.30; profit, \$144.12.

Health—92 clubs; 85 being standardized and 100 per cent; 683 boy members and 507 girl members.

Rodent Control—182 boy members and 33 girl members; 11,076 rodents caught.

Fire Prevention—140 boy members and 116 girl members; 577 hazards existing; 371 hazards eliminated.

Totals—341 clubs organized; 247 standardized; 233 100 per cent; 1886 boy members; 1714 girl members; 3600 projects; 3545 completed; 98.5 per cent completed.

## AIR BASE HELD NEEDED HERE IN DEFENSE SCHEME

(CONTINUED FROM PAGE 1)

he demanded of congress early in the approaching session by representatives from the Pacific coast states.

The present defense armament of the west coast has been described as "woefully weak" by many representatives who have studied the situation, and Representative Dockweiler, of Los Angeles, who made a special investigation of the fortifications in California, is expected to present a program to the military affairs committee.

War department records revealed there were 13 forts designed to protect Pacific coast harbors, of which five are not garrisoned, and of which only two have full complements of officers and men.

**Big Guns Few**  
The largest guns on the coast are those of the 14-inch variety at Fort McArthur, Los Angeles. Other forts have 12-inch guns, 12-inch mortars, 10-inch, 6-inch, and 3-inch.

Delegate Dimond, of Alaska, is advocating establishment of a naval base and air fields in the northern territory, where at present the army has no defense establishments.

The renunciation of the naval treaty by Japan has been mentioned frequently as a demonstration of the need for additional defenses for the large population along the Pacific coast. Shortness of funds has been a barrier.

Representative Cordon of San Pedro, Cal., said "I think it is a criticism of our defense plan that we have most of our soldiers in the west stationed at forts established during the Indian wars, when the Pacific coast is the most vulnerable spot. Our coast defenses should be strengthened materially, and also additional support should be given to the national guard coast artillery and anti-aircraft units."

**Forts Poorly Manned**  
There are two forts in the Pacific coast harbor defense chain almost fully manned, they are at San Francisco and at Puget Sound.

The west coast forts are as follows: Fort Stevens, Oregon, on the Columbia river, with 4 officers and 47 men, it is on a maintenance basis; Fort McArthur, at Los Angeles, with 31 officers and 390 men, which also is on a maintenance basis; Forts Casey, Flager, Ward, Townsend and Whitman, on Puget Sound, which have no garrisons; Fort Worden, on the sound, with 29 officers and 411 men, a virtually complete complement; Fort Winfield Scott, San Francisco, 39 officers and 383 men, a virtually complete complement; Forts Baker and Barry, San Francisco, 4 officers and 80 men, on a maintenance basis; Forts Miles and Funston, San Francisco, 1 officer and 20 men, on a maintenance basis; and Fort Rosecrans, San Diego, 1 officer and 40 men, on a maintenance basis.

## TIMBER TRANSFER STORY

(CONTINUED FROM PAGE 1)

county has 302,787 acres in the grant and these lands had a valuation of \$3,316,305 in 1918. Subsequent revenue from the lands, received from the United States through the Standfield act, was predicated on the 1918 valuations. The entire acreage in the grant is 2,175,305, and tax revenue from all these lands bids fair to be lost to the counties if they are turned over to the forest service.

2. Plan of acquisition committee of state planning commission for the state to take over past and future county owned timbered lands. This would mean that all timbered lands taken over by the counties for delinquent taxes would be deemed to be state and the counties would be paid an annual sum from a yield tax, which would be little or nothing for many years to come, the members of the grant land association argue.

3. The state planning commission favors the transfer of 70 billion feet of timber, most of it west of the Cascades, to the government for the benefit of future generations. This would be twice as much timber as there exists in the O and C grant and to make such a transfer would mean that the value of taxable property would be lowered in every county to the extent that the taxes on other property would be much higher than they are now, according to the arguments of the association members.

Inasmuch as 60 per cent of the land in the state and 54 per cent in Lane county is non-taxable because it is owned by the government, the grant counties are opposing the transfers as mentioned unless they receive proper recompense for the taxes they are deprived of, Judge Fisk said.

## WANTED

Experienced Life Insurance Salesman as District Manager for Eugene Agency

One of the leading Pacific Coast life insurance companies seeks an experienced life insurance salesman as District Manager for Eugene and vicinity. Must be a personal producer with a desire to build his own agency. Prefer married man, age 25-40, with residence in this territory. Salary plus overwriting plus good first year and renewal commissions. Give full information in reply which will be confidential. Address: Superintendent of Agencies, 312 Filling Bldg., Portland, Oregon.

juice, then mix in egg yolks and then cherries. Cook over hot water until thick and add butter before removing from fire. Pour into baked crust and cover with meringue made of the two egg whites beaten stiff and 4 table-spoons powdered sugar and ¼ teaspoon almond extract beaten in gradually. Brown in slow oven.—Mrs. Emily Peters, 1190 Chet, Eugene.

**Cream Fruit Pie**  
Line a pie plate with pastry and bake 10 minutes.

Filling—Mix ¼ cupful flour, ½ cupful sugar, 1-8 teaspoonful salt, and 1-3 cupful milk. Add 1-2 cupful scalded milk, stir constantly and cook in top of double boiler for 15 minutes. Pour this mixture gradually over 3 beaten egg yolks while stirring. Put in double boiler and cook 5 minutes. Chill thoroughly. Then pour into baked pastry shell and top with 1½ cupfuls sliced peaches, bananas, strawberries or raspberries. Top with 1 cupful whipped cream.—Marie Barnum, Creswell.

**Cream Peach Pie**  
Slice peaches thin, put into pie crust and sprinkle with sugar. Put top crust on without pinching together; and bake. Mix one half pint cream, one teaspoon cornstarch, and one teaspoon sugar together and let boil. Take top crust off pie and pour cream mixture in on top of peaches. Put crust on and serve.—Esther S. Miller, Goshen.

## JOBS SETUP STORY

are: A civilian conservation corps enlarged to take care of about a million men.

A work relief program contemplating slum clearance and low cost housing.

A broadened public works plan, two phases of which would provide for elimination of grade crossings on principal highways and rural electrification.

The president's letter said revision of procedure for municipal financing had been found essential.

## WINTER SPORTS STORY

(CONTINUED FROM PAGE 1)

announces prizes will be awarded winners in the stunt contest.

**16 Inches Snow Reported**  
The highlights of the evening's program will be the annual liar's contest for the championship of Lane county. Roland Burkhardt, present title holder, will be there to defend his title and others are expected to enter.

Sixteen inches of snow covered the ground at the slide Saturday and it was still snowing, according to forest officials, thus assuring plenty of snow for the outing. The slide is located about two miles above Lost Creek ranch and one-third mile south of the McKenzie highway. The road will be kept open to the turn-off and the road into the slide will be usable, it was said. The area is about a two hour drive from Eugene.

Cars can be driven to within 600 feet of the slide, but chains are advised, it was announced.

Nearly 70 persons had registered for the outing Saturday and many were going up Sunday and Monday morning. Anyone desiring further information concerning the outing or the turkey dinner on New Year's day is asked to call the Dotson Photo shop or Cliff Stalsberg at 2700.

## OREGON WEATHER STORY

(CONTINUED FROM PAGE 1)

Snow continued to fall tonight in the mountains.

The Pacific highway over the Siskiyou was reported open, with rain falling there tonight. State police advised all motorists not to attempt the trip without chains. A foot of snow lies on the summit of the Siskiyou.

A state police report said that similar conditions prevailed on the Ashland-Klamath Falls highway over the Green Springs mountains.

## LUMBER OUTLOOK FOR COMING YEAR APPEARS BRIGHTER

(CONTINUED FROM PAGE 1)

of lumber is the development of the logged off areas. Some of this land is adapted to farming and grazing, but the larger percentage will always be most valuable in the growing of timber," said K. M. Murdoch, assistant divisional forester of the West Coast Lumbermen's association, Eugene district.

"In order to leave these logged off lands in favorable condition for reproduction certain things will have to be done in the woods, that in the past have not customarily been done.

"During the past year an encouraging amount of progress has been made by the lumber operators of Lane county in the regulation and development of timberlands. Tools and equipment for fire protection have been installed in woods operations and methods of fire prevention have been developed. Already these precautions have shown results, for in Lane county during the first season of 1934 there have been only two operation fires. During the months of October and November all logging operators, with the assistance of the state and association fire wardens, were able to burn practically all of the slash created during the year of operation, and in many instances were able to dispose of slash created in the past few years.

"Although fire protection of standing timber and logged off lands is the most important phase of reforestation it is only one of the four problems, for the leaving of seed trees, the felling of snags, and the homesteading of forest lands should also be considered. In the first two of these reforestation problems the lumbermen have again made decisive progress. Results of these efforts will be increasingly evident in future years.

"In helping the lumber operator to carry on this new development of forest practice, the federal government has also been active. All the vacant public lands throughout the western states were withdrawn from entry recently through an executive order issued by President Roosevelt. The total area withdrawn is some 173,000,000 acres and includes over 15,000,000 acres in Oregon. Over two million acres of this is O. & C. lands.

The area affected in Lane county will be 278,813 acres. In announcing the order, Secretary of the Interior Ickes stated that it was for the purpose of effectuating the conservation aims of the Taylor grazing act, with the intention of classifying the land to its proper use. It is hoped that this can be accomplished within the next six months.

"Taking up of homesteads on O & C lands that are typically forest in nature and are unable to produce agricultural crops has added to the county costs in road and school development and also contributed to a distinct fire hazard. In addition to this many of these homesteaders, unable to make a living, are on the relief rolls. Forest agencies for some time have strongly urged that these lands be withdrawn until they can be classified as to their use and following such classification, homestead entry permitted only on those lands which are adapted to agricultural development."

## COUNTY FINANCE STORY

(CONTINUED FROM PAGE 1)

ments were 30, while they increased to 43 in 1934. In 1933, 4 were committed to the home for the feeble-minded, while 6 commitments were made in 1934. During the year 1935, 47 boys were brought before the juvenile court for hearings on various charges, and 6 were committed to the state training school at Woodburn, while 2 girls were sent to institutions. During the year of 1934, 60 boys were brought before the court for hearings,

and 18 of these boys were committed to the state training school, while 9 were committed and paroled.

In 1933, 15 adoptions were made by the court, while the number was only 10 in 1934. Guardianships granted in 1934 were 38, while there were only 20 in 1933.

The marriage department of the county judge's office has been more active in 1934 than in 1933. There were 98 marriages performed in 1933, while in 1934, the number was 100.

The Christmas seal active campaign closed this week-end, grand total from all sources \$1222.54. A total of \$733.88 been received from the 1500 left sent out by mail. All individuals and firms are asked to make a report soon.

Rural schools are incomplete the figure to date reaching 112. Health centers added this week were Springfield, \$30.15, S. Clara, \$14.97; Wendling, \$14.97, making the total to date of \$122.12.

Eugene public schools with D. H. Brown and Mildred Williams supervising, came in with a quota of five cents per capita. Frances Willard leads the elementary schools with 12 per cent. Theodore Roosevelt with 8 per cent. University high report campus with incomplete return listed \$45.18.

Sale of seals in the downtown booths under the direction of Spinsters club totaled \$15.01. After January 8 reminders to be sent to those who reach seals by mail. Below is an ad list of rural schools reporting to date:

Dist. 1: 5, Upper Camp Creek, \$1.00; 6, Willakenzie, \$4.87; Oak Grove, \$2.00; 18, Mt. Vernon, \$1.00; 22, Spencer Creek, \$5c; 43, Coburg, \$5.50; 51, Butte, \$3.00; 52, Bethel, \$2.50; 64, Mabel, \$1.65; 85, McKenney, \$2.50; 86, Irving, .63; 91, DeWoods, \$1.00; 78, Pine Grove, \$2.12; 120, Chickahompy, \$1.00; 112, Central on Deadwood, \$5c; 128, Iburg, \$1.43; 121, Red Oak, \$1.75; 133, Danesho, \$1.30; Elmira, \$2.81; 138, Mt. Carmel, \$1.66; 142, Ten Mile, 20c; Sweet Creek, \$1.00; 157, Sylva, \$1.00; 162, Bear Creek, \$1.00; 168, Beers, \$1.00; 190, Rooster Beach, 15c; 151, College Creek, \$3.15; 184, Lone Cedar, \$1.00; 181, Delight Valley, \$1.54; 139, 170, Fiddle Creek, \$2.58; Hadleyville, \$1.00; 150, Patience, \$1.23; 98, Fox Hollow, \$1.19; Fair View, \$1.00; 127, Glad, \$2.00; 9, Scharen, 49c; Willagallispie, \$2.30.

Launch will be served in the chamber of commerce dining-room after the morning and afternoon services for the visitors and delegates. Arrangements are being made for the entertainment of out-of-town guests remaining over night in local homes whose hospitality is offered.

NRA today moved further away from price fixing by ordering the minimum price provisions of the waste paper code dropped January 7.

The recovery organization's administrative board also advised all codes authorities that any phase of codes or code operation that in any way affected prices would be considered at the general price-fixing hearing here January 9.
