Obituaries

Mrs. Mabel Conner
COTTAGE GROVE, July 2.—(Special).—Word was received Monday of the death of Mrs. Mabel Conner, wife of Horace Conner at Grants Pass. Mrs. Conner was a former Cottage Grove resident and daughter of the late Irvin Petrie. Her death was sudden and particulars are not yet obtainable. Mr. Conner and two sons have been visiting in Cottage Grove, returning to their home Sunday night. Upon their arrival home they found Mrs. Conner dead in bed. She had been in poor health for some time but her death was unexpected.

Mrs. Conner was born near Lorane April 26, 1888. The widower and six children survive. Mrs. Dora Brooks of Grants Pass, Lois, Curtis, Hollis, Clair and Carolyn all at home. Grants Pass, E. C. Lockwood, of Cottage Grove is a cousin. The funeral will be held at Grants Pass and several relatives from Cottage Grove are leaving Tuesday for that city.

Mrs. Annie B. Howell
Word has been received by Mrs. Mary B. Kinsey of Eugene of the death of her sister, Mrs. Annie B. Howell, of Berkeley, Cal., Sunday, June 30, 1935. Mrs. Howell's early life was spent in Eugene, having come with her parents, Mr. and Mrs. Geo. Belshaw, in a covered wagon from Indiana in 1853. Her girlhood was spent in the family home five miles west of Eugene, on a donation claim in the district now Danebo.

Mrs. Howell was married in 1867 to John G. Howell and moved to California where she had since resided. Mr. Howell died a number of years ago. The survivors include three sons and three daughters; 15 grandchildren and a number of great grandchildren.

HOSPITAL REPORT
E. V. Stivers, E. W. Barrett and Earl Howard were admitted to the Eugene hospital Monday. L. Van Norwick was dismissed.

There's more than one way to have a perfect 4th

...but only one way to have perfect drinks every time!

Gin drinks can't be uniformly satisfying when the gin itself varies in flavor. But for 300 years distillers hadn't been able to do anything about it...until, after years of research, Hiram Walker solved the problem with the unique "C. C." (Controlled Condensation) Process. By distilling the various herbal ingredients into the grain spirits at different proofs, the flavor, aroma and smoothness are scientifically controlled! This exclusive process assures you that every bottle will give you smooth, unvarying drinks. Try Hiram Walker's London Dry Gin and see the difference it makes—in tall, cool, Summer drinks!

Just remember to make those 19th hole refreshments with Hiram Walker's London Dry. It's the gin whose smoothness and flavor are always pure—thanks to the exclusive "C. C." Process!

You can have a marvelous time at the beach. Marvellous drinks, too—if you take along Hiram Walker's London Dry! Made by the "C. C." Process, this gin mixes as smoothly and perfectly as your companionable crowd!

Hiram Walker's LONDON DRY Gin
DISTILLED FROM GRAIN BY THE EXCLUSIVE "CONTROLLED CONDENSATION" PROCESS
