

CONTRACT CHANGES PLANNED BY A. A. A.

(CONTINUED FROM PAGE 1)

four-year wheat contracts, Davis said:

Both Protected
"Even if an adverse decision by the supreme court should materialize at some future time, the contract in its present form is admirably devised to protect both the farmers and the government."

The new contract, to be offered to farmers probably within two or three weeks, will cover the crop years 1936-39 inclusive. It will be subject to termination at the end of any marketing year by the secretary of agriculture, and any grower will be given the option of withdrawal at the end of the first two-year period.

Davis urged farmers to sign as soon as the contracts are completed. He called attention to the pending AAA amendments which he said should make certain constitutionalities of the farm program.

In case of invalidation by the high court, he said, "the government would have both a moral and a legal obligation to compensate farmers fully for performance up to the date of such a decision."

Government Bound
"The government in fairness and honesty would pay, and legally would be bound to pay in full for their compliance up to that time, but not beyond that time," he added.

The AAA, officials said, will seek to place from 50,000,000 to 33,000,000 acres of wheat land in the nation under contract. In 1935, approximately 51,000,000 acres were placed under contract, and a 10 per cent acreage reduction was required for 1934. The contract covered 1935, when a 10 per cent reduction was required.

Two principal differences between the new contract and that signed in 1933 were reported as follows:

A more specific provision for adjustment payments based on actual average farm prices of wheat during the marketing year.

Maximum reduction from the total base acreage of 25 per cent instead of 20.

TRUCKMAN FINED ON SPEED CHARGE

While Deputy Constable Van Svarverud was on his way to his office in the courthouse Wednesday morning he trailed a coastwise freight truck several blocks on Franklin boulevard and the constable's speedometer registered as high as 50 miles an hour. The state police were notified and Svarverud was authorized to arrest the driver. He caught up with him north of Eugene and brought him back. In justice court the truck driver gave his name as Paul Manning. He was fined \$10 and costs.

Dr. Charles A. Dodson of Roseburg was fined \$5 and costs for exceeding the speed limit with his car. He was driving 70 miles an hour in a 45-mile zone in Creswell.

M. L. Downing of Springfield was fined \$15 and costs for being drunk on a public street.

Plane Crashes in Lake; Three Killed

VANCOUVER, B. C., July 31.—(AP)—Three persons are dead and one critically injured as the result of a seaplane crash at Alta Lake 50 miles north of here.

Dean R. W. Brock of the University of British Columbia and William McCluskey, an airplane pilot, were killed and Mrs. Brock was fatally injured when their plane nose-dived into trees at the south end of the lake yesterday. Pliers familiar with the lake said a prevailing down current of air at the south end probably was responsible for the wreck.

NEW LAFAYETTE IS SHOWN IN EUGENE

The 1935 Lafayette! A year ahead of most auto companies, the Lafayette for 1936 arrived in Eugene this week, and the Lane Auto company hadn't had the model in the shop an hour before it was sold.

Eugene will see no 1935 Lafayettes this season. A limited number were built, and they were all sold before any reached this section. For that reason, the company has launched its 1936 program.

Although the Bearstro brothers, who operate the Lane Auto company, had no stock models on hand, E. W. Findley, who bought one of the machines some time ago and went east to secure it at the factory, was in, and had nothing but praise for the beautifully streamlined automobile.

He arrived Monday, after driving it from the factory, and he was enthusiastic about its smooth ride, roominess and stinging with gasoline. "It's the smoothest car I've ever driven, the most comfortable ride," he stated. Findley drove out by way of Yellowstone, and over many rough roads, but he never had any trouble and the ride remained velvet. The Bearstros expect a new shipment soon.

SMALL TOTS HAVE PLAY FACILITIES

(CONTINUED FROM PAGE 1)

savers are on duty throughout the day, and no small children are allowed to pass the floating logs which serve as boundaries of the shallow pool.

In various other sections of the city, branch nurseries are being formed. These nurseries will serve as neighborhood play centers. Six have already been fitted out with sand boxes, furnished by the local post of the American Legion, and supervisors will be placed in charge of the playgrounds, starting Friday, Aug. 2. The small play centers will be located at Geary school; at Hendricks Park, between 4th and 5th on Alameda street; between Kincaid and Harris, on Twenty-second avenue east; at the corner of east Twentieth and Onyx; and at the Peterson school.

Those who are now serving as supervisors at the Skinner's Butte nursery are Mrs. Rose Shearer, Mrs. Eula Flint and Mrs. Mabel Goodwin.

A new feature of the playground program this year is music instruction. The musical work, under the direction of Mrs. Edith Siefert, includes classes in music appreciation, radio broadcasts, group singing and the formation of rhythm bands.

The classes in music appreciation are conducted with the use of phonograph records, playing classical, semi-classical and popular selections. Parents throughout the city have contributed to the record supply from time to time, and the phonographs were donated by Eugene people. The city schools, located at the various playgrounds, have allowed the use of pianos for instruction.

Classes in group singing, for both boys and girls, are conducted each day. Younger children have been formed into small rhythm bands, using, as instruments, tambourines, toy xylophones, bells of different kinds, wood blocks and other noise-making devices. These groups have been featured from time to time on the playground broadcast over KORE at 3:30 each day.

Mrs. Siefert is assisted in her work by Miss Doris Hack. The schedule for the music classes and the playgrounds at which they are held is as follows: Willard, 1-3 p. m. Monday and Wednesday; Skinner's Butte, 1-3 p. m. Tuesday and Thursday; Condon, 3-5 p. m. Monday and Wednesday; Lincoln, 3-5 p. m. Tuesday and Thursday.

Mrs. Siefert is making plans for a music appreciation class for older boys and girls, especially those of the Junior symphony group. The class will be held at 3 p. m. Friday, Aug. 2, at the University of Oregon music auditorium. Music instructors at the University will aid in the instruction.

SUITS ON GOLD CLAUSE FAVORED

(CONTINUED FROM PAGE 1)

WASHINGTON, July 31.—(AP)—Administering a sharp set-back to the administration, the senate banking committee today reported out the gold clause bill revised to permit suits on government obligations for six months after enactment of the measure.

The amendment, by Senator McAdoo (D-Calif.), would permit suits either on government "gold clause" obligations now matured, or upon interest coupons, but would require the bondholder to show he had been injured by the action of the government in refusing payment of gold on its obligations.

The change was attached to the bill by a vote of 11 to 7 over the opposition of administration leaders on the committee who had sought to approve the measure in a form outlawing all suits on government gold notes and obligations.

The bill provided that for six months after enactment, suits for damage could be brought against the government "upon any gold clause securities of the United States or for interest thereon, or upon any coin or currency of the United States, or upon any claim or demand arising out of any surrender, requisition, seizure, or acquisition of any such coin or currency or any gold or silver, involving the effect or validity of any change in the metallic content of the dollar or other regulation of the value of money."

PORTLAND, Ore., July 31.—(AP)—Scale for relief forest work in Oregon and Washington will be \$44 a month for common labor, \$50 for intermediate, \$63 for skilled and \$89 for professional, Regional Forester C. J. Back revealed today.

NEW YORK, July 31.—(AP)—The Westinghouse Electric and Manufacturing company today resumed dividends on its common stock with a declaration of 50 cents, payable Aug. 30, to stock of record Aug. 12.

2 Local Stores to Do Business in New Locations Soon

Two local business firms that have been located in the Graham block on West Broadway will soon be doing business in new quarters. One has already moved and the other will as soon as its new store room is remodeled.

O. C. Caswell has moved his variety store from the room next to the alley in the Graham building to 76 East Broadway and he announces a reopening August 3.

The Music Box, a well-known music store has leased a room in the Schaefer's building on the north side of East Tenth street off Willamette street and Architect John Hunzicker is drawing plans for remodeling it. This store is now located in the room to be occupied by the state liquor store.

COST ESTIMATE ON COURTHOUSE SOUGHT

(CONTINUED FROM PAGE 1)

ant Officer Price will have one of the rooms where the surveyor is now located and R. C. Kuehner, county club agent, will have a part of his present room, adjoining the office of the county school superintendent. It is likely that Constable Marsh and his deputy, Van Svarverud, will have a part of the space allotted to the justice of the peace.

No Debt, Says Fisk
When the architect submits his figures on the estimated cost of the structure and if it is found that the county can scrape up enough money from the emergency fund or other sources without going into debt for its share of the cost, application for WPA funds will be made immediately, County Judge Fred Fisk said Wednesday. "The county is not going into debt one cent to build the addition nor is it going to borrow any money," the judge declared.

The addition, originally planned to afford protection for the county records from fire, will also provide better and more commodious quarters for the offices named, making for more efficiency and convenience in each.

NO MANDATE
ADDIS ABABA, July 31.—(AP)—Ethiopia, prepared to defend their ancient empire to the death if need be, looked to Great Britain today as the chief hope of averting a war with Italy.

They believe that unless Britain acts war is certain, and they say they will accept none but an honorable peace.

To rumors that Ethiopia would accept a form of international mandate—officials said stoutly that it was out of the question. They will accept no overlordship, they agree.

LEAGUE FAILS IN PROGRAM FOR PEACE

(CONTINUED FROM PAGE 1)

Arbitration question in its dispute with Ethiopia.

Anthony Eden, the British minister for league of nations affairs, agreed to Aloisi's position for a temporary restriction of the league's discussion to arbitration, on the condition, however, that this would be merely a temporary measure and would not prejudice the right of the council to discuss other questions if such discussion seemed desirable.

Diplomats Agree
Maxim Litvinoff, Russian foreign commissar and president of the council, agreed with Eden that the limitation of the discussion was merely a temporary decision and did not in any way, bind the council's future activities.

Aloisi declared it was essential, first of all, that a full light be thrown on the L'Abal incident of last December in which both Italians and Ethiopians were slain.

"Nothing can be usefully done until that incident is cleared up," said the Italian, adding that the council could not go outside this phase of the problem.

An open clash between Italy and Great Britain, despite the common front they achieved at Stresa in May, was predicted in view of Britain's authoritative reported determination to have the whole African situation thoroughly thrashed out around the council table.

Italy has indicated she merely wants to bring about resumption of the work of the Italo-Ethiopian conciliation commission. A British spokesman asserted it would be "futile, perfectly futile" thus to limit the council's activity.

Three Boys Will Be Let Out of Jail

Gilbert Palacio, Robert and Gregorio Lago, Los Angeles boys who were picked up by the state police a few days ago and have been held in the station since, will be released, according to officers in the California juvenile court in Los Angeles. The boys are on parole according to the best information obtainable here. A release received at the state police Wednesday morning from Scudder, probation officer, stating that Los Angeles accepted the boys if sent there are no funds with them. All the other boys can do, it was stated, is to remain loose and tell them to the probation officer at home city.

CAMPBELL FAMILY HAS REUNION HERE

William's split top bread

PRESENTING Donald Hassad, himself, "respected" West 10th Street citizen. Next to Popeye Don likes Split Top Bread best. "There's nothing like a slice of Split Top to pep a feller up—better than spinach," says Don. Split Top is made from high protein wheat, which is energy building and non-fattening.

It pays to be critical

More and more people every day are discovering that it pays to demand genuine Gordon's Gin. No other gin has such silken smoothness, such wonderful flavor.

Gordon's costs a little more, it is true, but to offset the slightly higher cost, Gordon's is 94.4 proof which means that it goes farther in mixing drinks.

Made according to a secret formula that is 166 years old, Gordon's is the standard of quality in every country in the world.

If you have been laboring under the impression that "gin is gin," try Gordon's. Then you'll know why it is the world's favorite gin.
