## "Becky Sharp" Held Over At Mayflower; State To Bring "Stolen Harmony"

as an epochal event in the history of film entertainment, Pioneer picture "Becky Sharp," continues for the week at the Mayflower theatre, where it has been a tremendous success. The picture, which is a masterpiece of the art of the camera, is a story of a woman's life, from her childhood to her death. It is a story of love, of passion, of sacrifice, and of the triumph of the human spirit. The picture is a masterpiece of the art of the camera, and it is a story that will live in the hearts of all who see it.

Shirley Temple seems to have no limit to her resources for winning and holding audiences. In one picture she dances, in another she sings; in some pictures she tugs at the heart strings of her audience, and in still others she sends them home roaring at her comedy antics.

But her newest starring picture, "Curly Top," which comes Sunday to the McDonald theatre, combines all of Shirley Temple's many talents and adds still another. Shirley sings, dances, laughs—and plays Cupid in bringing sweethearts together.

"Curly Top" opens with scenes in an orphanage where Shirley is the irreplaceable cut-up, forever getting into trouble and forever laughing herself out of it.

John Boles, the millionaire patron of the orphanage, adopts the child, who has won his heart with her gaiety and wholesomeness. But he also has to adopt her pet pony, her duck and her lovely grown sister, Rochelle Hudson, in the bargain.

The ensuing scenes of the film show Shirley Temple as a character to linger long in the memory.

as most lovers of the picture know, is the story of a woman who uses her wit and charm to win the love of a man who is a social climber. The picture is a masterpiece of the art of the camera, and it is a story that will live in the hearts of all who see it.

convict in "I Am a Fugitive from a Chain Gang," has Muni appeared in a picture of such dramatic importance and such outstanding ruggedness. One of the most brilliant and colorful actors of the American stage or screen, it is in such characterizations as that in "Bordertown," that Muni rises to the full height of his talents.

He instills both life and fire into the character of a foreign youth who is torn by conflicting emotions in his desperate battle to win success and love against insurmountable odds.

Bette Davis has the role of a fiery adventuress, wife of Muni's partner, who slays her husband in the hope of winning the love of the younger man. She does a splendid piece of acting in a tremendous emotional scene.
