

SECURITY PROGRAM EXPLAINED AS F-D APPROVES MEASURE

(CONTINUED FROM PAGE 1)

and the blind. Congress is expected to appropriate the actual funds before adjourning this session.

The administration's committee on economic security estimates at least 2,400,000 persons are over 65 and in need. How many of them will be helped immediately depends largely on the states. Federal funds will be granted only to the extent that states or their subdivisions pay pensions to the aged.

Permanent Plan Starts in '37

But in 1937 an estimated 25,000,000 persons will begin paying special taxes which eventually will take three per cent of their wages each year. Their employers will be required to pay an equal levy. From the proceeds of these taxes, beginning in 1942, persons who have been paying the taxes for five years and who are over 65 and out of work will receive pensions direct from the federal treasury.

Th unemployment insurance program will not help those now jobless. But it will virtually force the states to set up insurance plans guaranteeing limited benefits to those who lose their jobs in 1939 and thereafter.

Federal Board in Charge

The entire program will be administered by a federal social security board of three members.

Major points in the complex program are:

IMMEDIATE AGE PENSIONS

The federal government allocates \$49,750,000 for the fiscal year ending June 30, 1937, and as much as may be needed thereafter, to match state pensions to the aged needy. This system also will be used in the future to care for those not covered by the permanent annuity program.

The federal contribution is limited to \$15 per person per month. If a state out of \$10, the government would add \$10, providing a pension of \$20 a month. There is nothing to prevent a state from granting more than \$15. Thus if a state gave \$25, the government would add \$15 to make a pension of \$40 a month.

Administration of the pensions is left to the states, but they must meet certain requirements.

A pension applicant, otherwise eligible, cannot be denied aid if he has lived in a state for the year immediately preceding his application and for any five of the nine preceding years. Aid may be denied to those who are not U. S. citizens. Until 1940, states may refuse to pension those under 70, but after that 65 is the eligibility age.

Thirty-three states (including Oregon) now have pension systems. Others are expected to adopt them soon. Where constitutional requirements prevent states from matching the federal funds, cities, counties or other subdivisions may do so for the time being, but each dollar of federal pension money must be matched by some agency.

COMPULSORY ANNUITY SYSTEM
This will apply to all wage earners throughout the country, except agricultural labor, domestic servants, casual labor, federal, state, city, county and other governmental employees, and employees of educational, charitable, scientific, literary and religious organizations. On the basis of the 1930 census, it is estimated the plan will cover 25,504,000 persons.

Beginning in 1937, each employee will be taxed one-half per cent of his wages. That part of wages received from one employer in excess of \$3,000 in one year would not be taxed. The tax will be deducted from wages and paid by the employer. At the same time the employer himself must pay an equal tax.

Every three years, each tax will be increased one-half of one per cent until each amounts to three per cent or a total of six per cent, in 1940 and thereafter.

How One Man Lost 25 Pounds

John Lathaby of Portland, Ore., writes: "Have known Kruschen Salts for years in England, Africa, Brazil. I weighed 160, chest 40, waist 42. After 6 weeks with Kruschen am 135, chest 42, waist 36. It gives me pep and vigor and has kept me young."

To lose fat SAFELY and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—cut down on fatty meats, butter, cream and rich pastries.

For your health's sake ask for and get Kruschen—the cost for a bottle that lasts 4 weeks is but a trifle at any drugstore in the world and if after the first bottle you are not joyfully satisfied with results—money back. THREE CHEERS

HOLLYWOOD, Cal., Aug. 14.—Here's one bathing beauty contest winner who is different. Kathryn Batson, belle of Bowling Green, Ky., won a contest in her home town, came to Hollywood, landed a minor role in a picture—and then announced: "I don't think I care for a motion picture career, so I'm going back home. It's been nice seeing you all, though."

TEXAS EXECUTES

HUNTSVILLE, Tex., Aug. 14.—John Trapper, Uvalde negro, was executed today for slaying J. W. Haygood, who sought with other officers to arrest the killer in connection with the slaying last February of the negro's wife.

ly worded series of questions to the league. "Is that real neutrality? Is it just? Will the council remain unmoved in the face of this situation which is growing steadily worse? Will it allow this unequal combat to continue between two members of the league of nations, one of which is all powerful and in a position to employ all its resources in preparing for aggression, while the other, weak and pacific and mindful of its international undertaking, is deprived of means of organizing the defense of its territory and its very existence, both of which are threatened?"

"Will the council," the appeal concludes, "assume the responsibility in the eyes of the world for allowing these preparations to continue unchecked for the massacre of a people which constitute a menace to none?"

CCC CREWS GROW AS FIRES SPREAD

est made ready to order hundreds of additional men into the fire-fighting crews. Flames were less than a mile from the southern boundary of the Willamette forest.

Seventy-five employees of the Lewis Lumber company, ten miles south of Dexter, battled a blaze which broke out near the mill Tuesday afternoon. The fire, burning in green timber, had spread over an area of nearly 100 acres Wednesday and threatened the donkey engines and other equipment of the company. Skinner said that no CCC fighters had been sent to this fire, but that, if the blaze spread farther, aid would be sent. The loggers and mill workers who are now on duty.

Alarmed by reports from the Cottage Grove district, officials of the Siuslaw national forest and the Western Lane County Fire Protective Association Wednesday recommended to Governor Charles H. Martin that he order closures in certain forest areas of the Siuslaw national forest. If granted, the closures would require all campers and tourists to obtain permits before entering the district affected.

fect. The restricted forests would include old burn areas on the east side of the Coast range, where the fire hazard is the greatest.

Supervisor Thomas Burgess of the Siuslaw forest reports that there are now no fires in that area. Two small blazes which flared last week-end have been extinguished, he said.

2 Mabel District Schools Merged For Coming Year

Mabel school district, No. 64, and upper Mabel district, No. 153, will be consolidated this year, a favorable vote upon the plan having been polled at a special election held last Saturday. Figures on the election were announced Wednesday by L. C. Moffitt, county school superintendent.

The vote in Mabel district was 17 to 6 and in the upper Mabel district, 17 to 14. Plans are being made to transport the pupils of upper Mabel to the Mabel grade school. A bus runs from the upper district daily to take high school students to Marcola and it is believed that arrangements can be made to carry the grade school pupils also.

Mabel has a three-room school, built when the mill was operating there and the school population was larger than it is now. There will be only two teachers, Mrs. Shirley Peterson who was engaged to teach this year at upper Mabel, being transferred to the Mabel district. This is the first consolidation of grade school districts in the county since 1932 when Black Butte and London voted to unite.

POTATO CONTROL

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks lunk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.
