Creswell News Items

CRESWELL, Aug. 29.—(Special)
—The regular meeting of the Civic club was held Tuesday afternoon at the club house. Under committee reports that of the recent swimming class was given. Splendid interest was reported this year and suggestions were made at the club that the appropriations for the classes for another year be included in the budget of the school as it is in most all other places. Officers will be elected at the September meeting of the club. The property committee was in charge of the program. A most interesting report was given by Mrs. Snere of her recent visit at the San Diego exposition and her trip through Yosemite park en route. Descriptions were given of the Wee Kirk of the Heather and the Little Church of the Flowers located in Forest Lawn Memorial park at Glendale, Cal., and of the wonderful colored glass window representing the famous picture of "The Last Supper."
Mrs. C. E. Wright of the Home Economics committee gave a report of her attendance at the recent Home Economics council in Corvallis. Mrs. D. I. Kent and daughter Luciel sang a duet.

Funerals
Mrs. Amelia Dietrich
Funeral services for Mrs. Amelia Dietrich will be held Friday at 2 p. m., at the Poole chapel. Rev. Martin Simon will officiate, and interment will be in the new I. O. O. F. cemetery.

Good Catches of Bass Made in Lake Tahkenitch Lately
Some good catches of bass have been made on Lake Tahkenitch lately, according to a card received Thursday by Arthur Hendershott from the Dean brothers, formerly of Eugene and who now operate the Tahkenitch auto camp. Catches of catfish and eastern perch have also been good and the water is fine, the card said.
E. F. Bourman of Washouk lake writes that the trout are rising on that lake about sundown and fine catches are being made. Fishermen are trolling with "Doc Shelton" spinners with worms for bait about the Portage, with good results.
Word from Gold Beach, at the mouth of the Rogue river, indicates that Chinook salmon and steelheads are swimming into the holes in the river but silverside salmon are not so numerous. Good catches of the Chinooks and steelheads are being made.
The oldest newspaper in the world is the Peking News, which has been published continuously for 1400 years.

Long Tom Committee To Report Progress

Committeemen working on the organization of the Long Tom drainage district will meet Thursday evening at 8 o'clock at the Franklin Grange hall to make reports on work done thus far. All residents of the Long Tom area have been contacted and a large percentage have favored an application for federal funds to carry out flood control and reclamation work, according to O. S. Fletcher, county agent and member of the organization committee. Absentee owners are giving some trouble, and persons having duck reserves have thus far refused to sign agreements for the project.
Fletcher said that the application for WPA funds must go to federal authorities before September 12, necessitating speedy work on the part of groups contacting land owners.
In proportion to population, Vancouven City has the largest army in the world.
The North American bullsnake makes a loud bellowing sound like distant thunder.

Miss Joanne Zemdel Tells How Cuticura Made Her Skin Lovely Again.
"I was bothered with a breaking out on my cheek from skin irritation. It appeared as a small red spot, scaly and tender; washing my face spread it. It itched and burned and spread over my chin and cheek. I scratched, and it burned and disturbed me night and day. I could not use enough make-up to hide the redness.
"I sent for a free sample of Cuticura Soap and Ointment. I purchased more, and after the use of three cakes of soap and one box of Ointment my skin was as clear and lovely as before the irritation." (Signed) Miss Joanne L. Zemdel, Loggreen, Utah.
Cuticura Soap 25c. Ointment 25c and 50c. Talcum 25c. Proprietors: Potter Drug & Chemical Corp., Malden, Mass.
