

NEA SEEKS AID; WANTS FREEDOM

(CONTINUED FROM PAGE 1)

On those cited a dozen dismissals or threatened dismissals and mentioned names and places in four. The committee specifically mentioned Vallarta, N. Y.; Alexandria, Ind.; Cornman, Mich., and Loch Haven Teachers' College, Pa.

PORTLAND, Ore., July 1.—(AP)—

Twelve thousand teachers and educators began the fourth day of the National Education association convention today with a thrilling challenge by Dr. Robert Gordon Sprout, president of University of California, to make education an intelligent, coordinated, national program, ringing in their ears.

"Racketeers," he said, "are telling the youth of America that this is not the fair land of hope and opportunity that, always and everywhere, it has been pictured to be," he said.

He pointed to education as the force which can give modern young people "that natural self reliance and independence of action . . . to meet the tests of an age of crisis."

Highlights Fourth Session

Dr. Sprout's address highlighted the fourth general session of a convention which opened Sunday and will end Thursday night after more than 500 general, departmental, and committee meetings.

In so far as it has failed, education had failed because it has never been approached as a national problem on a national scale, Dr. Sprout said. Youth's problems, he stated, must be answered by education reaching all the nation.

"America's answers to youth's appeal is not going to be fulfilled by increasing facilities for the economically and intellectually fortunate at the expense of those who are less fortunate. We need a greater diversity of paths in our educational landscape and we are not going to meet the situation by pouring more concrete on the highway that leads to white collar jobs."

"Go Out and Change It"

"Above all, don't be content with contemplative inaction. Don't be content merely to interpret the world, or even to complain about it. Go out and change it. But remember that there is a difference between change and destruction."

"If you can keep our American system of government successfully working, as it has worked since the days of its beginnings with Washington and Franklin, you will be keeping clear the way to the land of promise, far better than any 'ism' could possibly be."

LABOR CONSIDERS AUDITORIUM HERE

(CONTINUED FROM PAGE 1)

Any civic auditorium should have facilities for women's and girls' clubs and organizations for meetings and the like as well as being a general community center, Mrs. Horton pointed out.

The Business and Professional Women's club is another group that has long wished to have a civic meeting center for Eugene. This group, too, would give its best cooperation toward such a project. As a partial substitute for a community center, the Business and Professional Women's club has sponsored the upkeep of the clubhouse in Skinner Butte park, assisting in the program to have this as one community center. Its size, however, has prevented it being of service to any large community enterprise.

Dr. Alice M. Smith, a past president, expressed the opinion that the business women would be behind an auditorium project 100 per cent.

The Girl Scouts group is another organization that is in need of facilities such as a civic auditorium could offer. As it is now, the scouts have small headquarters in the chamber of commerce and have to hold court of awards, program meetings, etc., wherever room can be found.

Groom Grants Kiss; Gives Fee To Bride

HUNTINGTON BEACH, Calif., July 1.—(AP)—Judge C. T. Pann was out a \$10 marriage fee today and had instead a kiss from a flustered bridegroom.

After the ceremony the groom, nameless here, gave the judge a hasty kiss, handed the bride the fee and before Judge Pann could point out the mistake, hurriedly left.

There are said to be more than 900 languages in use on the continent of Asia.

Banker Morgan Ill; Under Doctor's Eye

NEW YORK, July 1.—(AP)—J. Pierpont Morgan, the financier, suffering from neuritis that made walking painful, was taken to his Long Island estate at Glen Cove today and placed under close medical care.

Two sons of the 60-year-old banker, Junius and Henry, were at the station when a special car to which their father had been carried by stretcher and ambulance yesterday at West Manchester, Mass., arrived. Junius Morgan said, "There's nothing wrong. He just needs rest."

CITY PLAYGROUND PROGRAM OUTLINED

Activities at the Eugene summer playgrounds will be a standstill over the Fourth of July holiday, with the exception of the Skinner Butte park and swimming pool, announced Gilbert Sprague, director.

Attendants will be at the Skinner Butte pool from 7 p. m. to dark and supervision of the playground will also be made.

Monday, July 6, will see an increased activity at the playgrounds

and plans are underway for the opening of the swimming classes. The first two weeks classes, starting Monday, will be for girls and women and will be conducted each morning during that period, except Sundays, from 10 a. m. to 12 noon. Classes will be held for the various age levels and swimming abilities, such as classes for non-swimmers, beginning swimmers and advanced swimmers. The classes will be under the supervision of Marion Weitz, Red Cross life saving instructor, assisted by Leonard Scroggin, also an examiner, and James Smith, a Red Cross senior lifesaver.

Mr. Sprague announces that the handicraft classes working on kites are progressing well, and next week will be the local kite tryouts at the various playgrounds.

Also starting Monday, July 5, will

be beginning classes in pine needle basketry, leather tooling, soap carving and clay modeling.

July 10 is the date announced for the all city ping-pong tournament which will be held at the Lincoln school house at 2 p. m. and this week the local ping-pong play is being held. All interested in the tournament are to contact the playground in their neighborhood, said Mr. Sprague.

The king cobra is the world's most dangerous serpent. Its home is in India, but Africa is represented by several distinct species of cobras in all parts of the continent.

A woman residing in Durham, Eng. is reported to wear size 21 shoes.

Twelve Additional Jurors Selected

Twelve additional jurors were empaneled Wednesday to serve during the present term of circuit court to take the place of those who have been excused. They are to report Friday at 9:30 a. m. The names of those chosen are as follows: Effie Bond, 528 Clark street, Eugene; Rose E. Brauer, 910 Lawrence street, Eugene; Walter Adrigan, Springfield; John Cupp, 2227 Agate street, Eugene; Walter P. Fell, 910 Washington street, Eugene; Howard Morse, R.F.D. 2, Springfield; Rodney Roach, 1200 W. Seventh, Eugene; Cecil H. Reynolds,

1041 Charnelton street, Eugene; Frank W. Sironz, 2088 Garden avenue, Eugene; Elsie B. Shields, Cottage Grove; O. K. Wright, Junction City.

It has been estimated that approximately 2 per cent of the population of the United States is ill at any given time. That averages 7.3 days of illness per person per year.

Umbrellas which look like bouquets of silk flowers when closed are fashion novelty in Paris.

2 BURGLARY CASES REPORTED TO POLICE

Two cases of burglary in Eugene homes were reported to city police Tuesday. John Swafford, 1260 3rd avenue west, reported the theft from his house of a boy's club suit, size 16, a pair of white shoes, a hat, typewriter, Gladstone bag, woman's dress and skirt.

The home of J. R. McClinton, 127 6th avenue west, was broken into Tuesday sometime between 8 a. m. and 12 noon, and an alarm clock, a box of cigars, 4 cords, a wristwatch and a kodak and films were stolen.
