

DR. JOHNSON IS SPEAKER MONDAY FOR KIWANIS CLUB

The purpose and place of the county public health program were discussed for the Kiwanis club Monday noon by Dr. A. N. Johnson, who came here recently to be the Lane county health officer.

Dr. Johnson first took up the place of a health survey. As a physician from the basis of a diagnosis can plan a procedure, so a health unit through a survey can know the public health problems facing the community and regulate its program accordingly to fit the needs and to apply the procedure scientifically, Dr. Johnson stated.

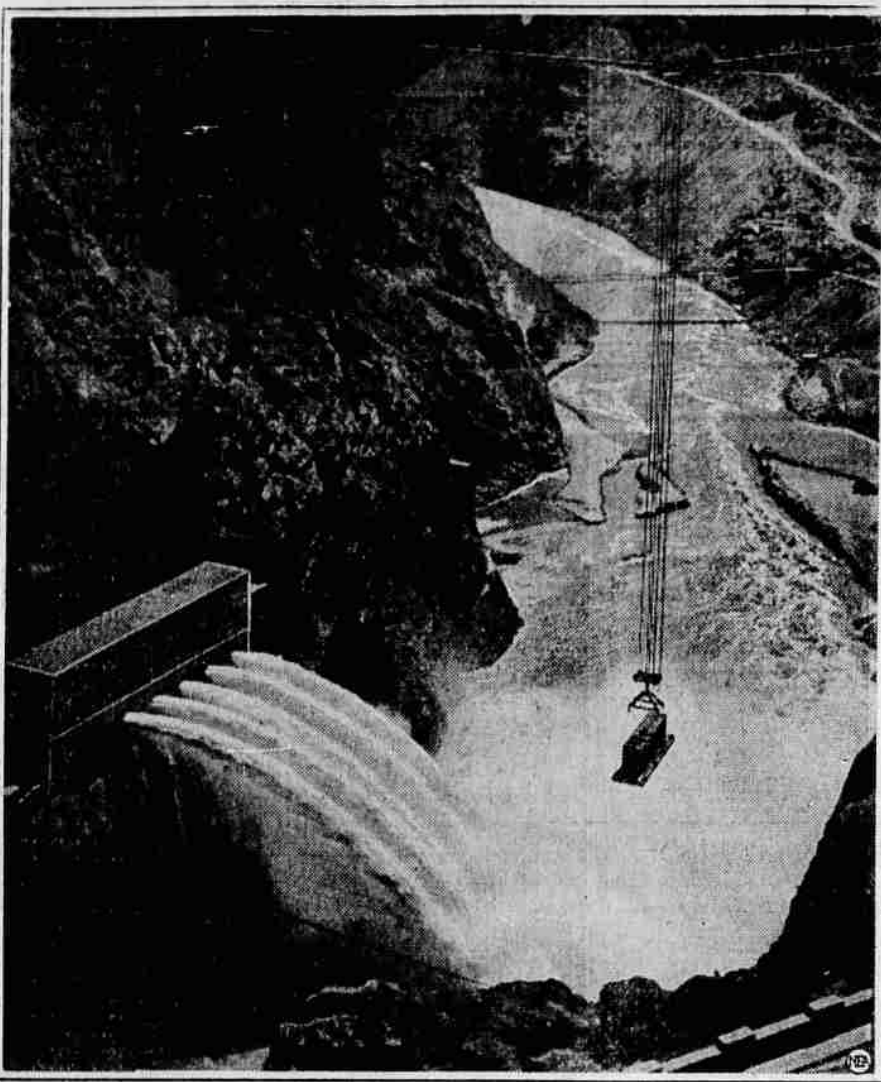

In speaking of this survey, Dr. Johnson stated a health survey for Lane county is contemplated by the state health department, the American Public Health association, and the United States chamber of commerce, in cooperation with the local chamber of commerce and local health organization.

Another point taken up by the speaker was whether or not to look upon public health as a co-operative enterprise. Public support is needed for any such program, such public support, after all, giving the strength to the arm carrying out the program, the health officer said.

The speaker also took up the matter of the project basis of operation; and the necessity of having a trained and competent staff along with a simple and careful administration.

The speaker was introduced by Wendell L. Van Loan, president of the Lane County Public Health association, and member of the club.

BOULDER DAM—BEAUTY AND POWER!

In the foamy spray of a majestic artificial cascade, a huge boxcar dangles like a toy—this is the scene, impressive in its revelation of immense power and startling beauty created by puny man, pictured in this striking air view of Boulder dam. As Boulder's "Niagara" gushes from five outlet valves into the boiling tailrace below, a freight car nearby is being lowered by the permanent cableway to the Nevada powerhouse, hidden behind the brink of the canyon in the foreground.

HEAT GRIPS EAST AGAIN; 1454 DEAD IN LATEST CHECK

(CONTINUED FROM PAGE 1) moving down from the northern Pacific states, probably would bring cooler weather tomorrow to the Dakotas, Nebraska, Minnesota, northwestern Wisconsin, upper Michigan and the extreme northern portion of lower Michigan.

When this joins with the cool wave which halted at the western border of middle America yesterday it is likely the combined forces of the two will be able to break the mass of heat, possibly Wednesday over the central states, he added.

The precipitation over the week-end in the northwest was of untold benefit. Besides aiding crops and the rest, in some sections it also lifted the fire scourge in eastern Wyoming and southeastern Montana.

Men and women laughed and shouted in the rain, and their children played in mud puddles. Farmers wondered if the cool weather and rain would rid the area of the grasshopper and cricket horde. More than 1,000 men fighting the huge Black Hills forest blaze for more than a week, breathed easier as the moisture quenched all but a few spots.

Elsewhere in the nation, welcome rain revived the spirits of a sorely-tired populace over the week-end. In Connecticut the drought was believed definitely broken, and temporary relief was given in New York state, New England, Nebraska, Georgia, Virginia and South Carolina.

But as a general continuation of the drought was predicted, prices of major grain markets, which tumbled practically the full limit Saturday upon a forecast of probable relief from heat and aridity, opened today highly lower than Saturday's close, then steadied to about the closing limit.

Temperature Still High. Meanwhile temperatures continued to ascend rapidly during the morning toward levels equal to or higher than the marks which created new maximums in many midwestern cities almost daily last week.

As the withering hot blasts continued unabated, Michigan, which listed 115 as the torrid wave entered its 11th consecutive day, and such high marks as 106 at Grand Rapids and 100 at Detroit yesterday, reported morning temperatures today of 97 at Bay City, 96 at Flint and Kalamazoo, and 94 at Detroit.

In Illinois where all-time marks were broken yesterday with 112.9 at Kewanee and 109 at Ottawa, the weather bureau at Springfield said the temperature there would exceed 102 for the 10th consecutive day, yesterday's high was 107.5.

"ROPE DOWNS" IN CITY!

It's no cinch, this business of fast "rope downs" which figure in hazardous mountain climbing, but members of the Sierra Club, Northern California organization of mountaineers, believe that practice makes perfect. Getting in their practice, they chose—of all places—a mountain in the heart of San Francisco. Here's Kenneth Adam swinging in space as he scales a cliff.

Legion's Leaders Oppose Pensions

PORTLAND, Ore., July 12.—(AP)—Western leaders of the American Legion were on record today against proposed universal pensions for world war veterans because "such a move would be detrimental to the cause of disabled war veterans."

In a final session yesterday the legion's regional rehabilitation conference for area embracing western states, Hawaii, and Alaska, adopted a resolution to that effect by Hugo H. Harris, Los Angeles, of the California rehabilitation commission.

REX BILL CONTINUES

The Rex theatre will hold week-end bill, "The Trail of Some Pine" and "Exclusion" until Monday night, due to a demand. In the former picture Sidney, Henry Ronda and Bill Murray are starred, while "Exclusion Story" is headed by Hot Tone, Madge Evans and Irwin.

OREGON ACCIDENT SET NEW RECORD

(CONTINUED FROM PAGE 1) skidded off the highway near Lem. Three others were killed. A falling log killed Jack 48, Elkton, at a camp on the river near Reedsport.

Dan Kardell, 40, was on his farm, apparently gored by a bull which gored him. William E. Noonan, 60, of Portland resort, dropped 200 feet from a boat and was killed. A partner was carried to the hospital, knocked unconscious. William H. Leonard, 35, of near Silverton, apparently died of heart attack.

BREVITIES

(CONTINUED FROM PAGE 1)

E. Vincent, Central Point, president and chess Penitentiary as the 1937 convention city.

HOOD RIVER, July 12.—(AP)—A spectacular illumination of Mount Hood will be attempted next Saturday night by the Crag Rats, mountaineering organization, in connection with its annual ascent of the famous peak the following day. Flares which will burn for 30 minutes or more will be lighted to illuminate the trail to the peak.

PORTLAND, July 12.—(AP)—The state industrial accident commission, hoping to organize a statewide campaign to reduce industrial accidents, called a conference here for Wednesday with employers and employees.

PORTLAND, Ore., July 12.—(AP)—Sir Malcolm Perks, Great Britain public works contractor, told interviewers here the "three things I most admired in America are the American girls, the American food and the Methodist churches."

PENDLETON, Ore., July 12.—(AP)—Ranchers from the Meachem area shipped 3,000 lambs, the first large 1936 consignment from the district. Most sheepmen have been showing a tendency to hold the lambs until they are in better condition.

VALE, Ore., July 12.—(AP)—I. F. E. Diven, who came west from Arkansas in the early 60s and operated a general store here, died at the age of 81. He served as a scout in early Indian wars.

ST. HELENS, July 12.—(AP)—The revival of the lumber industry brought an announcement today that the mill of the Oregon-American Lumber company, Vernonia, idle almost five years, will start cutting timber July 20.

ASTORIA, July 12.—(AP)—Prizes totaling \$31,650 will go to the winners of the first air race from Salt Lake City to Astoria this fall. The race will be held as a part of the dedication of the city's \$500,000 airport on Sept. 7 and also will mark the centennial of the coming of white women to the Columbia river and the arrival of wagons over the Oregon Trail so far as Fort Boise.

SALEM, July 12.—(AP)—Eighty-seven potential lawyers will arrive for admission to the Oregon bar during the two-day examinations starting here tomorrow.

SALEM, Ore., July 12.—(AP)—The state supreme court today set a case against M. P. Selwender, ex-Marshfield dart game owner, for argument Sept. 8.

PROGRAM TUESDAY

The Veatch funeral home will give its regular program over KORE, Tuesday from 12:30 to 1 p. m. Fred Dallas, violinist, Mande Stehn, organist, and a special guest artist to be announced later will be on the program.

POSTMASTERS HERE FOR ANNUAL MEET

(CONTINUED FROM PAGE 1)

of Oregon; William McCarthy, president of the national association of postmasters, San Francisco; George Starr, western regional director, Seattle; E. T. Hedlund, national director for Oregon, Portland; C. D. Ellenberger, third assistant postmaster-general, Washington, D. C.

Dance Scheduled. Following the banquet, a dance will be held in the hotel Osburn ballroom. On Tuesday morning, the delegates will listen to addresses from national and regional officials. The program at that time includes:

Group singing; address, C. E. Caine, Seattle; G. D. Ellenberger; William McCarthy; A. D. Lawrence; Seattle, J. C. Lackore, Seattle; question box and open forum led by S. H. Morse, Eugene, and G. A. Olsen. At 12 o'clock noon a luncheon will be held for postmasters, with a picture "Here Comes the Mail."

Delegates registered Monday morning included: Victor P. Moses, Corvallis; John H. Fuller, Ashland; Dr. George Larkin, Newberg; Nelson J. Nelson, Jr., Cottage Grove; Frank DeSouza, Medford; G. A. Hartman, Pendleton; Mrs. Carmelita Hall, Albany; Harry Stewart, Springfield; Percy C. Confield, Oregon City; Mae M. Humphreys, Boring; Mrs. Elsie Palmer, Eagle Creek; K. E. Sturges, Linton; Ivan Swift, Gresham; Marvin O. Hawkins, Coquille; Frank L. Armitage, Eugene; Sanford Adler, Baker; George E. Starr, Seattle; Wash.; E. W. Angus, Gardiner; Neta Daly, Beaverton; Fred R. Peat, Lakeview; Charles R. Cox, Hesperia; Merrill V. Smith, Lebanon; Alice J. Nebel, Glendale; James W. Drinkard, Halsey; Vica R. Todd, Cloverdale; Erna L. Basford, Florence; R. A. Chisholm, Monroe; H. E. Barr, The Dalles; Frank H. Fawc, Willamette; H. D. Force, Gold Hill; A. L. Boe, Parkdale; Mrs. Neolie G. Haven, Sweet Oregon; H. R. Crawford, Salem; E. E. Mc-

Clem. Holley; Lester L. Wimberley, Roseburg; L. H. Arson, Corbett; Emil F. Messing, Vernonia; Wm. J. McLenn, Kirby; Henry Alm, Silverton; Marie W. Harill, Beaver-creek; Charles A. Purcell, Troutdale; Estella Evans, Crawfordville; W. A. McHargue, Brownsville; Mrs. Francis E. Foister, Rufus; H. T. Butterfield, Woodburn; A. H. Fasel, Estacada; Geo. A. McCulloch, Reedsport; J. Dayton McLucas, Hood River; C. H. Massie, Grants Pass; Rancho M. Brown, Hubbard; Phenton Grobleke, Mill City; W. T. Coffey, North Portland; Grace E. Neibrey, Stayton; L. L. McPheeters, Hillsboro; Oscar L. Groves, Tillamook; Glen C. Smith, Independence; Wm. W. Tower, Creswell; R. C. Cooke, Oswego; Mrs. Josephine Starke, Sutherland; Dr. G. W. Leslie, Marshfield.

BASEBALL SCORES

Table with columns for American and National leagues, listing teams and scores. American: Philadelphia 5, Detroit 0, Philadelphia 2, Boston 3, Cleveland 11, Boston 3. National: Pittsburgh 4, Boston 7, Pittsburgh 1, Chaplin and Mueller, Swift, Weaver, Welch and Madden, Finney.

Firemen Answer 14 Alarms During June

A total of 14 fire calls answered by the fire department is shown in the fire chief's monthly report to the council and state fire marshal for the month of June. One of the calls was a false alarm.

The actual loss on the properties totaled \$357 and the value of the properties at risk totaled \$55,500. Insurance collected on the lot was \$307.

SIDELIGHTS!

(CONTINUED FROM PAGE 1)

Included on the committee were Mrs. D. C. Shuey, Mrs. T. E. Davenport, Mrs. Walter Cole, Mrs. Orville Richardson, Mrs. R. E. Hempy, chairman, and Miss Renee Hempy.

To prove that this was a strictly democratic assemblage, two prime Oregon democrats, Vernon Williams of Portland, editor of the organization's paper, and Guy Popjoy, Portland, also a high official of the democrats, hovered in the lobby to spread party literature. Republicans, it was rumored, were not around to read the literature.

Most of the flowers for the occasion can be traced to Mrs. Harry F. Stewart of Springfield, who sent in several cuts.

Most of the musicians, as usual, were late, and on this account the gavel-rapper, Mr. Hoekensmith, Albany, threatened to sing "Wild Irish Rose" on several occasions.

Besides the official pamphlet of the convention, there was an interesting 10 page book of songs, some original, some not. Several of the songs were written by N. J. Nelson, Jr., of Cottage Grove, who also led the singing.

The U. S. Forest Service is to experiment with bombing planes which will scatter dirt and chemical bombs as a means of combatting small forest fires.

Exports of American aeronautical equipment in January, 1935, exceeded \$1,000,000, when 24 planes, 40 engines, and parachutes, parts, and accessories were sold abroad.

Reports of American aeronautical equipment in January, 1935, exceeded \$1,000,000, when 24 planes, 40 engines, and parachutes, parts, and accessories were sold abroad.

THE MAN OF THE HOUR. The FIRST man to see about Air Conditioning. YOUR HEATING AND PLUMBING CONTRACTOR. Forget, for a moment, the magic of air conditioning... the thrill of having Springtime in your home all the year 'round... the joy of living in air that makes living a joy. Consider the practical side. All this new comfort is yours only after the right equipment is installed. Carefree, dependable service in air conditioning for your home, as in heating, depends upon the knowledge and skill of the men who make the installation. There is one way to be certain that the air conditioning in your home is properly installed—call first upon the man best qualified by years of training and experience to assure you satisfactory service—your Heating and Plumbing Contractor. His practical knowledge in solving difficult comfort problems... in recommending proper equipment... in meeting installation difficulties... is your assurance of satisfaction and economy. You will find your Heating and Plumbing Contractor fully equipped to provide efficient air conditioning for your home. He will give you the benefit of his wide, practical experience in selecting the right type of American Radiator Conditioning System to meet your needs. He can plan the installation, arrange financing on FHA terms and then provide the skilled workmanship essential for satisfactory service. For genuine comfort and satisfaction in home air conditioning, the first man to see is your Heating and Plumbing Contractor. PRESIDENT, AMERICAN RADIATOR COMPANY. YOUR HEATING AND PLUMBING CONTRACTOR WILL TAKE THE MYSTERY OUT OF AIR CONDITIONING. Ask him to explain in greater detail these various points of home air conditioning, and you will know what few other people know—the complete truth about this much discussed and much confused subject. RADIATOR HEATING—Most important phase of home conditioning; warms the air and automatically maintains a comfortable, healthful temperature in every room, all winter long regardless of wind and weather. AIR CLEANING—Filters dangerous and unsanitary dust, soot and pollen from air before it enters your rooms. HUMIDIFICATION—Adds to room air proper moisture, thus preventing harmful dryness during winter months. AIR CIRCULATION—Distributes cleaned, humidified, fresh air throughout the house, insuring stimulating and refreshing air motion at all times. NIGHT COOLING—For summer air conditioning, the installation of an Attic Fan draws out heat accumulated inside the house during the day and maintains indoors a temperature comparable to outdoor night temperature. COOLING AND DEHUMIDIFICATION BY REFRIGERATION—Expensive to install and operate at present, and by no means necessary to reasonable indoor comfort. AMERICAN RADIATOR COMPANY DIVISION OF AMERICAN RADIATOR & STANDARD SANITARY CORPORATION 40 West 40th Street, New York, N. Y.
