THIS WOMAN'S RECIPE TASTE-LIKE HOMEMADE
—NATURALLY IT'S MY FAVORITE BREAD

I'M ALWAYS SURE OF ITS
FRESHNESS—THAT'S WHY
I PREFER IT

Now your family can enjoy bread fresh as Grade A Milk

By JULIA LEE WRIGHT
Head of one of the world's
largest Home Economics Bureaus

Julia Lee Wright's is a woman's idea of good bread. To develop its recipe Western housewives tested hundreds of loaves—worked months with our bakers.

Created by women—to please women—my new bread had to have finer flavor. It had to "eat" better—with meals, toasted, in sandwiches (and that's just

what it does—I'm sure you will agree!).

In our baking we use only the very highest-grade ingredients. Even chemists give my Julia Lee Wright's Bread top ranking.

And women made another contribution. In test reports they stressed the special goodness of really fresh bread.

So we try to get my Julia Lee Wright's Bread to you always fresh as Grade A milk. Soft, creamy, oven-fragrant.

This perfect freshness not only assures your full enjoyment of my "woman's recipe" bread. Also it means each loaf of Julia Lee Wright's offers an extra economy—it keeps fresh LONGER!
