

### SALEM DELEGATION VISITS AT CLUB; DESCRIBES FAIR

A hearty invitation to Eugeneans to attend and a listing of highlights of this year's state fair featured the weekly Rotary club luncheon, Tuesday noon. The program was presented by a Salem delegation as a "state fair and Salem booster" event. Leo G. Spitzbart, assistant manager of the fair, A. W. Metzger, manager of the horse show for the fair, and Miss Genevieve Morgan, publicity manager for the fair, were the three giving the program sent by the Salem chamber of commerce, the Salem Rotary club, and the state fair board.

As the diamond jubilee—the 75th anniversary of the start of the state fair—this year's show is to be held Sept. 7 to 13, will be one of the best yet, Mr. Spitzbart said. As compared with the premium list valued at \$500, counting silver spoons and all, given in 1931, the first year the fair was held, this year's premium list totals \$30,000, he said.

"Remember, this is not a Salem fair—this is a state fair and we want you all there," he told the club. The event is to be both educational and entertaining. Lane county is very favorably located among the county booths, he pointed out, and went on to speak of the extensive flower show, the livestock and poultry exhibits, which are drawing from many sections outside the state, and of the free entertainment.

Prolonged laughter greeted the speaker when he tried to tell of the "circles" he had gone around in attempting to straighten out with Ralph E. Moody, assistant state attorney general, on what would be games of chance and games of skill. Mr. Spitzbart assured the group, however, there would be games that had the okay from the chief of police and mayor.

Miss Morgan presented some of the highlights of the free program to be given at the fair and on Sunday afternoon. She also described the grounds, pointing out that home folks may not know it but Oregon is recognized as having the most beautiful fairgrounds in the west. She spoke of the new landscape features added to the grounds this year—a lily pond, a replica of Mt. Hood drawn to scale, numerous flower beds and formal garden arrangements.

Mr. Metzger highlighted the horse show. Both he and Mr. Spitzbart commended Dean Wayne L. Morse of Eugene for cooperation in the horse show and for the fact that Dean Morse had done much to get the fair to have a horse show and get away from the rodeo. Mr. Metzger said there would be many features with the horse show, including a group of Arabian horses and the 11th cavalry from Monterey. Horse people throughout the state are cooperating to make the show a successful one, he said.

### TROTSKY DENIES "TERROR PLOTS"

KRISTIANSAND, Norway, Aug. 12.—(AP)—Leon Trotsky, exiled soviet leader, emphatically denied today the charges made in Moscow that he and other opponents of the Stalin regime had engaged in a terroristic plot against the soviet government.

In an exclusive statement to the United Press, Trotsky was vehement in his repudiation of the soviet prosecution of Gregory Zinoviev and Leo Kamenev, who will go on trial tomorrow as enemies of the regime and allies of Trotsky in a plot to overthrow Stalin.

Trotsky called the charges "one of the greatest fabrications in the history of politics." He said he was glad to see his critics being widely ridiculed in the Soviet Union, but ridiculed the idea that he was in any way connected with a terroristic plot.

### Theatres Contend Bank Nite's Okay

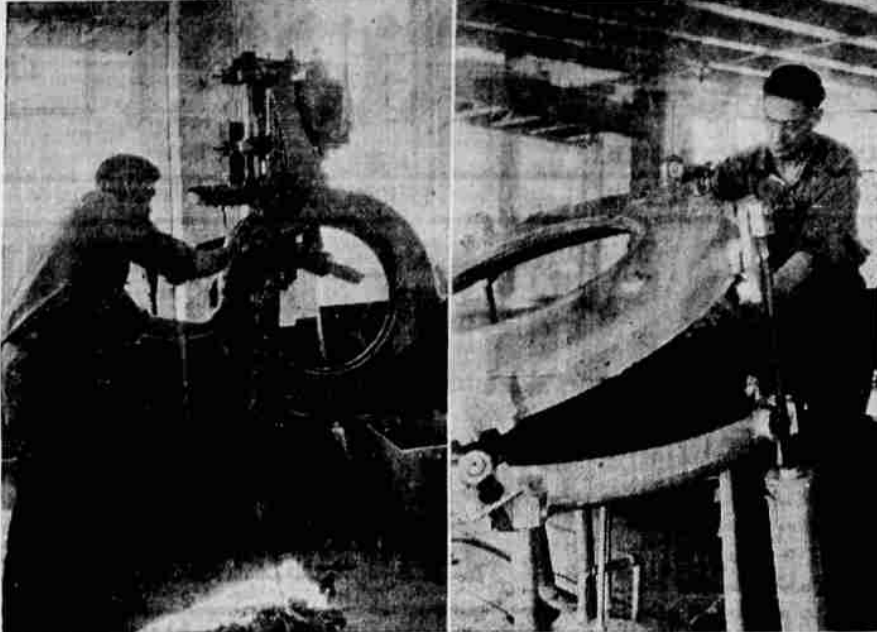

SALEM, Aug. 12.—(AP)—Circuit Judge L. H. McMahon signed a temporary restraining order against the immediate closing of theatre bank nights in Marion county. The order followed the filing of a suit by Carl A. Porter, theatre manager, in which it was held that the bank night plan was an advertising venture and not a lottery as held in a closing order issued recently by Ralph E. Moody, special prosecutor for gambling cases in the county. Judge McMahon set September 21 as the date of hearing on the suit.

### W. W. Wilson, 67, Dies at Tillamook

W. W. Wilson, 67 years of age, died at Tillamook, Tuesday morning, according to word sent Eugene relatives. The funeral service will be held in Yonahs, Thursday afternoon, at the Community church there, the R. N. Hinkle chapel of Tillamook in charge.

### Body Lice On Chickens and Birds

If you want to keep your poultry absolutely free from lice, here's the quick, cheap, easy way to do it. Simply sprinkle the chickens with BUHACH, sifting the powder through their feathers as much as you can. The lice vanish as quick as a flash! And sprinkle the magic protective powder in your coops and hen houses. It's guaranteed safe—but sure death to lice! In Handy Sifter Cans 25c up at all Drug, Grocery, Seed Stores and Pet Shops.

NEW EQUIPMENT, including a "detrander" and two latest type "clam shell" molds, has been installed in the E. E. Wyatt service station at Broadway and Olive streets. In the photo above Al Robitaille, retread expert, is shown using the retreading machine and removing a tire from one of the molds.

### WYATT RETREADING DEVICES "LATEST"

Installation of two complete American "clamshell" moulds, and latest model "detrander" as well as other necessary equipment for retreading all makes and sizes of automobile and truck tires up to 32x6 in size, has been completed at E. E. Wyatt service station. It was announced today by Mr. Wyatt.

The equipment, all of which is brand new and of latest type, now makes this department of the station one of the best on the entire Pacific coast. The installation here is the second of this type in the northwest, and factory representatives pronounce the arrangement and equipment ideal for this work.

Retreading has now passed the experimental stage and with such equipment as that installed in the Wyatt station, absolute satisfaction on retread tires can be guaranteed, Mr. Wyatt states. He points out that retreading has grown until this year reliable estimates are that the value of retreads in the United States will be approximately \$50,000,000.

The equipment here can best be described by following through a retread "job." The work is done under the direction of Al Robitaille, who has been specially trained in this line. The tire is first put on the "detrander" which in 40 seconds skims off the old tread, neatly peeling it away from the breaker strip. This is a job that formerly required 30 minutes by hand, and then was far from as smooth as the machine does.

After the old tread is removed, the tire is taken upstairs to a dustproof room, where the pure rubber casing tread, the finest rubber that can be purchased, is applied with cement. This is then brought downstairs and placed in the "clamshell" mould. Under heat and pressure the rubber is vulcanized onto the casing, and the tread formed at the same time.

Not only can retread tires be obtained at a saving, but they will serve every purpose that a new one will, Mr. Wyatt says.

### Lane Farmers Get \$7,500-8,000 On Old 3-A Wheat Pledges

Wheat control compliance papers for 1936 and signed by Lane county farmers in cases where fall wheat was sown prior to the time the AAA program was declared unconstitutional Jan. 6 were forwarded Monday by O. S. Fletcher, county agricultural agent, to the state college at Corvallis for checking and from there will be sent to Washington, D. C.

There were 109 of these contracts and a few that have been delayed will be sent later, Mr. Fletcher said, Tuesday. Congress has made an appropriation to pay these farmers, who last fall signed applications for the 1936 allotments, as though they had signed the contracts.

Between \$7500 and \$8000 will be paid, according to ? ( ? ) 78908 paid.

Despite the fact that adult male seals are called bulls and the females cows, the young seals are known as pups.

All cars regularly assigned our trains to California and the East are AIR-CONDITIONED. No matter how hot the weather may be, inside these air-conditioned cars the atmosphere is kept delightfully cool. The air is chilled, washed and purified, automatically maintained at just the right degree for your greatest comfort. You'll enjoy this luxury at our very lowest fares; for example:

San Francisco \$12.00 Los Angeles \$19.00 \$29.00  
The above fares good in air-conditioned coaches and chair cars. Also in air-conditioned tourist sleeping cars (plus small berth charge). Fares good in standard air-conditioned Pullmans slightly higher.

### Elsie Janis Plans To Sell Belongings

NORTH TARRYTOWN, N. Y., Aug. 12.—(AP)—Elsie Janis, who revealed earlier this summer her plan to devote the rest of her life to "helping others," prepared today for an auction sale on Labor Day at her home, this historic Philippe manor, where she will sell all her possessions except a few souvenirs. Miss Janis, known as "the sweetheart of the A. E. F.," during the World War, said she would be ready to start her "new career" by the middle of September. It is understood she plans to devote her time to charitable work.

### Japanese Expanding Naval Construction

TOKYO, Aug. 12.—(AP)—Japan's navy officials, seeking funds for new warships, mapped a campaign today to swell the naval budget to record proportions. The Domei (Japanese) News Agency said navy office estimates for the coming fiscal year were believed to total 770,000,000 yen (about \$223,300,000) of which 340,000,000 yen (about \$95,600,000) would be expended for ship construction. The building program would be designed to meet naval expansion by the United States and Great Britain.

### Vigilantes Tried For Tarring "Reds"

SANTA ROSA, Calif., Aug. 12.—(AP)—Twenty-two of the 23 alleged "vigilantes" accused of tar and feathering two "communists" a year ago pleaded innocent at their arraignment before Superior Judge Hilliard Comstock here today. Judge Comstock approved bond of \$500 for each defendant and set the preliminary examinations for Friday morning.

### OREGON MILK, EGG PRODUCTION RISES

PORTLAND, Ore., Aug. 12.—(AP)—The U. S. department of agriculture said today milk and egg production in Oregon as of Aug. 1 was higher on an average than on a corresponding date in either of the two preceding years.

On Aug. 1, 1934, milk production was 16.8 pounds per cow, in 1935, 17.5 pounds, and this year 18.7 pounds. The egg production as of Aug. 1, 1934, was 47 per 100 hens and pullets, 47.9 in 1935, and 49.4 in 1936. None of the five districts into which the state was divided for the survey showed a consistent increase in the two categories since 1934, but district 1, composed of the Willamette valley and northwestern Oregon, showed milk production above 1934 and 1935 and egg production above 1934 and equal to 1935.

The report by districts, with the 1934, 1935 and 1936 production listed in that order:

- District 1, (Benton, Clackamas, Clatsop, Columbia, Lane, Lincoln, Linn, Marion, Multnomah, Polk, Tillamook, Washington and Yamhill counties):  
Milk—17, 18.5, 19.9; eggs—47, 49, 49.
- District 2, (Gilliam, Hood River, Morrow, Sherman and Wasco counties):  
Milk—17.6, 16.7, 13.4; eggs—40, 41, 47.
- District 3, (Baker, Umatilla, Union, and Wallowa counties):  
Milk 15.8, 17.4, 16.3; eggs—42, 48, 47.
- District 7, (Cook, Curry, Douglas, Jackson and Josephine counties):  
Milk—19.7, 16.9, 20.7; eggs—51, 49, 53.
- District 8, (Crook, Deschutes, 53.

### STOMACH UPSET--DIETS DIDN'T HELP! VAN-TAGE QUICKLY ENDED MISERY!

Amazing New Mixture of Nature's Roots and Herbs Continues to Astound This Whole City With Surprising Relief From Long-Time Suffering! Now Mr. Thomas, of Salem, Is Endorsing It!

VAN-TAGE has taken Eugene by storm! Druggists and Public alike freely say they never saw ANYTHING like this "Amazing Compound of Natural Medicines" in this city before, and larger crowds than ever before are now flocking daily to Stevenson's Drug Stores No. 3, at 1016 Willamette, and No. 1, at 764 Willamette, where this Great Compound is being introduced to the local public. At the same time, some of the best-known residents of this section are coming forward with Remarkable Statements—publicly praising and endorsing Van-Tage, describing how it helped them, and urging ALL SUFFERING PEOPLE to get this "Wonder Medicine" and take it!

For instance, just a few days ago, the following statement was received from Mr. Harry S. Thomas, of 904 S. 20th St., Salem, Ore. Mr. Thomas is known throughout Oregon, and his story of the relief Van-Tage gave him will be read with interest by every person who suffers as he did, for it contains a message of hope and cheer for those who have been weak, miserable and rundown for years, who have tried dozens of ORDINARY medicines without getting any real relief. Read every word of this statement, and find out how Van-Tage can help YOU!

Suffered With Stomach Before He Got Van-Tage

"Like so many others, I found Blessed Relief with your Van-Tage medicine and I want to recommend it to others," said Mr. Thomas. "For a long time I had been a victim of upset stomach. I tried many different medicines for this condition, but couldn't get relief, no matter what I took. I even went on a diet for a long time, but even that didn't help me. Then recently I began to read in the papers about this Van-Tage, and what it was doing for so many other people, so finally I got it and started taking it. And I will say that it turned out to be just what I

### HEWITT GIRL NOT NORMAL, SURGEONS ON TRIAL ASSERT

SAN FRANCISCO, Aug. 12.—(AP)—Two society doctors, charged with mayhem in the sterilization of Ann Cooper Hewitt, today denied they acted other than in good faith when they performed the operation which deprived the young heiress of possibility of motherhood.

In affidavits read at their trial before Judge Regan Tuttle, Mrs. Tilton E. Tillman and Samuel C. Boyd maintained they never had attempted to conceal the nature of the operation and that the "motive in the entire affair was simply that of a surgeon attempting to render a service for a minor at the request of her guardian."

The state charges the doctors conspired with the 22-year-old heiress' mother, Mrs. Maryon Cooper Hewitt, to sterilize her daughter and thus deprive her of her share of the Peter Cooper Hewitt millions.

Miss Hewitt, in a civil suit, seeks \$500,000 damages from the physicians, her mother, and a state psychiatrist who gave her tests allegedly showing she was a "high-grade moron."

In his affidavit read in court today, Dr. Tillman said he had been the Cooper Hewitt family physician since 1931 and that in 1933 he observed Miss Hewitt for six months and concluded she was "feeble-minded, unreliable, easily influenced, untruthful, and dangerously over-sexed."

### F. D. TO STAND BY FOR WAR TROUBLE

(CONTINUED FROM PAGE 1)

bitterly anti-Roosevelt. Both groups condemned Gov. Landon, as well as Norman Thomas, the socialist candidate, and Earl Browder, communist. The Townsend anti-administration demonstration may have been more impressive than important. It promises to be far less effective than that of Father Coughlin.

But the disorganized, now poorly-financed, Townsdenites claim 2,000,000 to 3,000,000 followers and the more zealous of them will vote against Mr. Roosevelt, possibly for Lemke, next November, in protest against congressional investigation of their beloved leader.

Standing alone among the minority groups against Mr. Roosevelt, the Townsdenites probably would not amount to much. Reinforced by Father Coughlin's crusade they must be counted as a factor.

Coincident with the Townsend and Coughlin mass movements is the walk out of conservative democracy led by Alfred E. Smith. A rump conference of Jeffersonian democrats

Grant, Harney, Jefferson, Klamath, Lake, Malheur and Wheeler counties):  
Milk—14.4, 15.2, 16.4; eggs—51, 45, 53.

assembled in Detroit August 7, with-out Smith, but under leadership of Former Sen. James A. Reed of Missouri, to war on the administration.

Smith and the Jeffersonians stopped short of formally endorsing Gov. Landon, but the practical effect of their conference and all subsequent activities will be to aid his candidacy.

Whatever the American Liberty League influence may be, it is against the democratic administration. Gov. Eugene Talmadge of Georgia is leading a forlorn battle against Mr. Roosevelt in the deep South.

Favorable to Mr. Roosevelt is the obvious trend of labor toward him and the endorsement he received from John L. Lewis' United Mine Workers of America convention.

And there is one more political conference to come—the progressive conference which will convene next month in Washington or Chicago. The progressives are sponsored by numerous leaders including the La Follette brothers of Wisconsin and Floyd B. Olson, Farmer-Labor governor of Minnesota. The principal conference business will be to decide whether to support the Roosevelt-Garner ticket and the outlook is that the progressives will decide to do so.

The extent to which political hostages had been executed in reprisal for the general state of affairs in the besieged government territory.

### Japanese Appoint New Navy Attache

TOKYO, Aug. 12.—(AP)—The navy office tonight announced Captain Kenzo Kobayashi, now commanding the special service ship Tsurumi, had been appointed naval attache at the Washington embassy, succeeding Captain Tamon Yamaguchi. It was stated officially the change was not connected with the disclosing of military secrets to Japan.

### Club Will Consider New Fall Projects

The Junior Chamber of Commerce is having a dinner meeting at 6:30 p. m. Tuesday at Seymour's Cafe, followed by a regular business meeting.

New fall projects will be discussed at this time.

### Mr. Herring Dies At Florence Tuesday

FLORENCE, Aug. 12.—(Special)—E. D. Herring died at his home here early Tuesday morning. The complete obituary and funeral announcements will be given later.

### SPANISH CRISIS BELIEVED NEAR

(CONTINUED FROM PAGE 1)

hour of fighting. The fort replied twice, but failed to find the target. In retaliation for the vicious shelling, two government bombing planes from San Sebastian blasted rebel troop positions in the hills northeast of Enderlaza.

In a land attack on San Sebastian and Irun, the rebels tried a new advance over the hills from the direction of Enderlaza in the face of heavy machine gun fire and air attack.

At the same time, insurgents operating out of Tolosa attempted a westward advance toward Azpeitia, 15 miles southwest of San Sebastian and the birthplace of Ignatius Loyola, founder of the Jesuit order.

Expectation of new supplies of ammunition from Barcelona and the apparent failure of rebels in a combined sea and land attack aroused new hope in the besieged government territory.

Rebel war lords, in an official communique, announced they held more than two-thirds of Spain.

HYDE PARK, Aug. 12.—(AP)—Critical conditions in war torn Spain and Europe were disclosed authoritatively today to have prompted President Roosevelt to put a check on any plans that would call for his being far from Washington for any extended period.

Mr. Roosevelt, in an address at Chautauque, N. Y., asserted he was more gravely concerned over international tendencies than domestic problems.

Any thought of a lengthy trip, political or otherwise, is out of the picture because the chief executive feels he should not be too far away from his Washington base for very long at a time. That thought does not apply, however, to his forthcoming trip through drought stricken states starting a week from tonight.
