

CITY POLITICIANS GET ELECTION CALL

(CONTINUED FROM PAGE 1)

think not." Councilmen Dr. George A. Simon and Fred E. Lamb, could not be reached. Dr. Simon is away on a trip around the world, and Mr. Lamb is on his vacation.

W. R. Robertson, member of the Eugene water board and judge of the peace, member of the board in ward one, will have a statement within the next week of his intentions in regard to their candidacy.

Deadline is Sept. 18

All petitions must be filed with the city recorder by 5 p. m. Sept. 18. The 1935 session of the state legislature increased the number of signatures necessary on nominating petitions from 3 per cent to 10 per cent of the number of votes cast for the governor at the last election.

"At the 1934 election, 6742 votes were cast in Eugene, therefore the number of bona-fide signatures necessary on petitions are as follows: For mayor, treasurer, recorder, and member of the Eugene water board at large, 674; for councilman and member of the Eugene water board from ward one, 202; for councilman from the second ward, 143; councilman from the third ward, 170; and councilman from the fourth ward, 162.

Ward Boundaries Explained

Boundaries of the four city wards are as follows: Willamette street is the dividing line for the East-West division. Ward one lies east of Willamette and south of 13th avenue east; ward two is east of Willamette and north of 15th avenue east; ward three is west of Willamette and north of Broadway; and ward four is west of Willamette and south of Broadway.

All of the candidates are independent and forms for petitions prepared according to law may be had at the city recorder's office. Any questions regarding the election will be answered at the recorder's office, said Mr. Bryan.

Councilmen whose terms expire this year are Dr. George A. Simon, ward one; F. E. Lamb, ward two; Dr. M. C. Harris, ward three; E. W. Zumwalt, ward four.

The four councilmen who were elected in 1934 for a four year term are Fred Carlson, first ward; A. A. Reid, second ward; Arthur Henderson, third ward and Sam C. Bond, fourth ward.

Campaign issues in the city election will probably hinge around the issue of the city finances. Outcroppings of the finance problem have been seen several times recently and the question of whether present city officials have done a capable job on the financial setup is expected to hold major interest of the campaign.

While it is too early for news on other candidates, labor and veterans groups will probably put up rival candidates for the posts to be filled.

Non-navigable rivers and small streams are the property of the persons through whose lands they flow.

To Archangel, U. S. A., is the ambitious flight started by the two Russian aviators pictured above. Sigismund A. Levanevsky and his mechanic, Victor I. Levchenko, will follow the route mapped above, with several stops en route. They will use a new all-metal American plane.

ITALY SPECIFIES NEUTRALITY PLAN

(CONTINUED FROM PAGE 1)

spokesman of the press ministry said Italy certainly would recognize the Franco rebel faction "if and when it holds the entire Spanish territory, but until then it is premature to talk of the matter."

Premier Mussolini believes Italian intervention in the Spanish rebellion would precipitate a European war that would leave Europe easy prey to communism when the nations became exhausted.

Officials, army men and foreign diplomats agreed the Premier would do all he could to avoid international complications, though it was not denied that Italy is privately aiding the rebels—as France and Russia are held to be aiding the Loyalists.

Mussolini went to Pontinia today to inaugurate the threshing season. Italy, with its army of upwards of 1,000,000 men, is prepared for action anywhere.

ALL RULES OFF

MADRID, Aug. 19.—(AP)—The government decided today to wage a ruthless war to a finish against the rebels. It was expected that orders would be dispatched at once to the armed services releasing them on land and sea and in the air from all restrictions.

"Everything goes from now on," a Popular Front leader said to the United Press correspondent. "It is a war to the end."

Merchless bombardment of the historic monuments held by the rebels in such cities as Granada and Cordoba, the heritage of all Spaniards of a thousand years of history, and the execution of many high rebels held here, was forecast.

SIERGE GOES ON

SAN SEBASTIAN, Aug. 19.—(AP)—The loyalist forces holding San Sebastian are prepared to blow up Fort Guadalupe with all the rebel hostages held there, it was indicated today. The United Press correspondent was able to penetrate to the fort, which has been under heavy bombardment from land and sea. A talk with Sergeant Blanco, the commander, gave the distinct impression that he is ready to set off tons of dynamite stored in the fort's magazines rather than allow the insurgents to capture it.

MOORS ARRIVE

BURGOS, Aug. 19.—(AP)—A regiment of the foreign legion brought from Morocco left for the Guadarrama mountains today in preparation for an attack on Madrid, perfectly drilled and disciplined, some carrying heavy machine guns on their backs, the Legionnaires left for Valladolid, where Gen. Emilio Mola, commander of the northern armies, reviewed them yesterday.

They presented a hodge podge picture, some wearing bushy beards, others clean shaven, handsome looking toughs recruited from the slums of Spain and other countries. As they passed in review, they wore their khaki uniforms. At the front, according to their custom, they will throw away the coats and fight naked from the waist up, to show their wildy tattooed torsos.

COUNTY MAY SUE ON TAX "RIGHTS"

(CONTINUED FROM PAGE 1)

city on this basis the property is then free from all subsequent taxes and it stays off the tax roll till the city has sold it. This means, the district attorney explains, that the county is out its four or five years' taxes but that it has paid its state taxes and that the property it cannot recover.

This also means that the county and school district in which the property is located lose their taxes which have been budgeted and levied for these several years. In other words it is taking money that the county should have had and using it to help the cities in their lien assessments, according to Ray.

C. V. Galloway, state tax commissioner, was in Eugene Tuesday night on his way to Klamath Falls and met with the county court and Assessor

WELBY STEVENS, DISCUSSING THIS SITUATION. HE TOLD THE COUNTY OFFICERS THAT NOTHING COULD BE DONE TO PROTECT THE COUNTY'S INTEREST IN THE MATTER FURTHER THAN TO CHANGE THE LAW OR TO BRING SUIT, AS CONTEMPLATED BY THE COUNTY, TO DETERMINE THE CONSTITUTIONALITY OF THE ACT PASSED AT THE LAST SESSION OF THE LEGISLATURE.

SIUSLAW PROJECT GETS UNDER WAY

(CONTINUED FROM PAGE 1)

will receive "enlistments." Plans are being made to "ration" liberally and to combine work with play.

Those who participated in last week's program were: Irvin D. Custer, camp director; J. Warren Thayer, work project director; Warren Lonnax, Warren Smith, Jr., Gordon Clark, Paul Nelson, Dean Custer, Freeman Bovard, Selwin Wisdom, Dr. Warren D. Smith, Dean John Bovard, Percy Morse, Mrs. I. D. Custer, Margery Thayer, Mary Elliston Custer.

Visitors included: Dr. and Mrs. W. D. Smith and daughter, Prof. and Mrs. A. L. Lomax, Mr. and Mrs. Good and daughters, Ethel Chase Christie, Vera Todd Crow, Mrs. Bailey, Judge Fred Fisk, Omar Wisdom, Miss Margie Morse, Miss Jean Schaeffer.

YOUTHFUL PRISONERS AND OFFERS CHANCE

SALEM, Aug. 19.—(AP)—Governor Martin adopted a new policy here today of personally interviewing all youthful offenders transferred from the Oregon state penitentiary to the state training school for boys. Three boys, all under 19 years of age, serving one year terms in the penitentiary from Wheeler county, were before the governor today. All were products of broken homes, and their names were not divulged.

Each youth was questioned closely by the governor as to the nature of his crime, the length of his sentence, and whether he was satisfied with conditions in the prison. To the last question all three replied no.

"If I take you out of the penitentiary and send you to the boys' training school will you obey the rules, work hard and be good boys?" the executive asked.

Each in turn replied that he would.

BRITISH SHUT OFF ARMS FOR SPANIARDS

LONDON, Aug. 19.—(AP)—The board of trade announced today that all licenses for the exportation of arms, ammunition and aircraft to Spain are revoked, effective today. The board revoked licenses already granted for 20 categories of articles, ranging from cannon, flame throwers and tanks to swords, knives and almost every kind of missile "except airgun pellets." The order also affects exports to Spanish possessions and the Spanish zone of Morocco.

SEATTLE'S MAYOR ANGERED BY HEARST

SEATTLE, Aug. 19.—(AP)—Mayor John F. Dore of Seattle said today, "I don't care now whether the Post-Intelligencer ever publishes again." His challenge came in answer to a letter from W. V. Tanner, publisher of the strike-bound morning Hearst daily. He refused the mayor's offer to act as mediator or to submit controversies with the guild to an arbitration board of nine members.

In the early days of photography, the picture was focused directly on the surface to show the finished product.

RUSSIANS EAGER TO KILL STALIN

(CONTINUED FROM PAGE 1)

during the comintern congress of last July, in Moscow.

Zinovieff Says "Sure" Zinovieff was asked by the prosecutor if he organized the terrorists. "Yes," he replied. "Did you plot the Kiroff death?" "Yes."

"Did you organize the plan to kill Stalin?" "Yes, I am guilty of every charge in the indictment."

Named by prosecutors as the German agent who acted as contact between Berlin and Fritz David, one of the prisoners, who, it was alleged, was to have killed Stalin in the comintern congress last July.

This Plot Went Wrong David admitted attending the congress as a delegate but said he was unable to get close enough to shoot Stalin. He was alleged to have come to the Soviet Union with a Honduran passport and a \$1,000 kroner check given him by Trotsky's son.

Trotsky himself is in Norway. All the 16 defendants refused counsel and said they would defend themselves. But hardly had the session opened when Gregory Zinovieff, former high Bolshevik leader accused as one of the masters of the conspiracy, rose and declared: "I am fully guilty!"

His colleagues, including Leon Kameneff, also a one-time communist leader ousted by Stalin, followed, although T. Smirnov and E. Holzmann, two of the lesser defendants, pleaded guilty with reservations and said they were not involved in the actual attempt to kill the leaders.

Those marked for death, in addition to Stalin, included Klementi Voroshiloff, commissar of war; Lazarus M. Kaganovich, chairman of the all-union peasants congress and commissar for railways; Gregory K. Orjonikidze, commissar of heavy industry, and the head of the communist party in the Ukraine, Postisheff.

Zinovieff and Kameneff, who with the others are expected to receive the death penalty, already are serving sentences for activity in connection with another alleged plot against the government in 1924.

Of the 16, Zinovieff appeared the most nervous.

His voice broke several times as he pleaded guilty and he appeared scarcely able to control his emotions.

HELPING HARVEST ASHLAND, Aug. 19.—(AP)—The Ashland relief office closed Tuesday as seasonal work in orchards, packing plants and canneries reached its peak. Several WPA projects are in preparation for the winter. Included are laying of new water pipe lines, construction of storm sewers, landscaping the new sewage plant, and improvements on the Southern Oregon normal school athletic field.

The lightning of winter thunderstorms, it is said to be more dangerous than that of summer storms.

BULLETIN!

SAN FRANCISCO, Aug. 19.—(AP)—Superior Judge Raglan C. Tuttle today dismissed the case of Mrs. Tilton E. Tillman and Samuel G. Boyd, on trial for mayhem for the sterilization of Ann Cooper Hewitt, young heiress. Judge Tuttle held the prosecution had failed to establish a case against the defendants and declared sterilization is not prohibited under California laws. Miss Hewitt's mother, Mrs. Maryon Cooper Hewitt, and the young woman's guardian had consented to the operation, Judge Tuttle declared.

WPA Sewing Room Here Closed Down

Fifty women were temporarily thrown out of employment when the federal sewing room in the old Montgomery Ward building at Tenth and Olive streets, operated as a WPA project, closed down Tuesday evening. The reason for closing the work room is that the allotment of federal funds is exhausted, Victor Todd, WPA director in Lane county, said Wednesday. Application has been made for a continuation of the allotment, but it has not yet been approved. It is believed that approval may be given in a short time and that work will be resumed.

The British Museum in London is said to have the world's largest collection of coins and medals. There are more than 500,000 pieces in the collection, the oldest having been made about 700 B. C.

Three unruly prisoners who were locked in a strong cell in a Colombo prison escaped because white ants ate away the brickwork around the window bars.

England is taking a census of all its footpaths and estimates that there are nearly 500,000 in England and Wales.

ASHLAND, Aug. 19.—(AP)—The Ashland relief office closed Tuesday as seasonal work in orchards, packing plants and canneries reached its peak. Several WPA projects are in preparation for the winter. Included are laying of new water pipe lines, construction of storm sewers, landscaping the new sewage plant, and improvements on the Southern Oregon normal school athletic field.

The lightning of winter thunderstorms, it is said to be more dangerous than that of summer storms.

Oregon Onion Crop Affected by Mildew, Says U. S. D. A. Report

PORTLAND, Ore., Aug. 19.—(AP)—The August onion crop report issued for Oregon by the U. S. department of agriculture said today that the present outlook for the onion crop in most sections is poor.

A heavy mildew infestation developing with the continuing cool weather, an unusual number of maggots

and a general presence of account for the reduced crop. In the Klamath Falls district yield estimates are more than will run below last season. There are 2000 acres under this year compared to 1934 year. Sack yield per acre was 285, to 190 this year. A total of 527,000 sacks is 329,000. The final crop will depend to a great extent upon the further development.

Chesterfield Wins

The "electric eye" sees all in testing Chesterfield cigarette paper

The picture above shows one of the many tests for purity and quality in the laboratories of the Champagne Paper Co. Nothing is left to chance to make sure that Chesterfield paper is the finest that money can buy. Chesterfield paper must measure up to the Chesterfield standard . . . it must be scientifically pure . . . it must burn uniformly without taste or odor.

Mild ripe tobaccos and pure cigarette paper . . . Chesterfield wins
