10 YR. VICTIM OF GASSY STOMACH

Neuritic Pains Due to Contaminated System, But Van-Tage Brings Relief.

"I never would have believed there was such a medicine!" People over this Entire Section are saying that about Van-Tage, the Amazing New Medicine which is being sold in large quantities here in Eugene. Recently, Mrs. C. E. Soule, of 7010 W. River Place, Portland, Ore., endorsed it:

MRS. SOULE

"For 10 years I had a gassy, upset stomach and neuritic pains. I would get full of gas and could hardly stand it. This gaseous condition must have contaminated my whole system, causing the neuritic pains. These pains would strike me in the back of my neck and across my shoulders like a bolt of lightning. I could hardly move without flinching. When I started taking Van-Tage, I could feel myself improving right from the first bottle, and before long the gas and bloating had been relieved. And the cleansing action of Van-Tage seemed to help drive away the poisons that had contaminated my system, because my neuritic pains started easing up almost at once. Van-Tage simply improved my whole feeling and I want to endorse it to others."

VAN-TAGE helps clear away poisonous wastes from the system in several ways at once! It helps cleanse bowels, assists Nature to flush excess impurity from kidneys and brings forth gas and bloat from stomach. So much Van-Tage is sold that its price is very reasonable, so get it—TODAY—at the Stevenson's Inc., Store No. 3, 1016 Willamette street.

Aroma ...different from all the rest

Just as the savory aroma of appetizing food is half the pleasure of eating, so the fragrance of fine tobaccos is half the pleasure of smoking.

That's the reason we go half way around the world for the costly aromatic Turkish tobaccos that help give Chesterfields their more pleasing aroma.

Blended with mild sun-ripened home-grown tobaccos they make Chesterfields milder and better-tasting

...different from all the rest

...for pleasing aroma and all the good things smoking can give you... enjoy Chesterfields
