Gard Garners Honors In 19th Annual Meet

SALEM, Ore., March 21.—(AP)—The big trophy representing the 19th annual state high school basketball championship was in Baker for the first time in history today after the Baker Bulldogs fought their way to four victories in the tournament which ended here Saturday night.

The win that meant the crown was chalked up against tiny Amity, which won the state "B" league championship two days earlier, by a 27-18 score. It was the first time either team had reached the finals.

The contest was played before a crowd of 2,500 spectators who were packed in the Willamette university gymnasium.

The Hard Way Baker won the game the hard way, pulling out of a 10-9 half-time disadvantage with a third quarter scoring spurt.

A game preliminary to the final contest gave third place in the tournament to St. Helens, which defeated McLoughlin high of Milton-Freewater 30-16. University high of Eugene finished fourth by defeating Klondike 41-34 Saturday morning, and Klamath Falls nosed out Woodburn 31-29 for fifth position.

University high produced the tournament's outstanding player in Leonard Gard, six-foot three-inch forward, who was given that distinction by a vote of the coaches. The latter group also unanimously elected Gard as center on the all-state team and made him captain of the quintet.

Lane County Stars Gard established a new tournament scoring record of 80 points, breaking the mark of 68 set last year by Earl Sandness of Astoria.

The tournament's most sportsmanlike player, also determined by vote of the coaches, was Wendel Coleman, Baker forward.

Lane county, boasting three entries in the classic, placed two other players on all-state teams—Howard Fox, Thurston forward, on the second team and also the "B" all-stars, and Burke Austin, Eugene guard, on the second team.

The three teams—Thurston, Eugene and University high—placed six among the first 15 high scorers. The top scorers follow:

Mat Moguls Seek Title Bout Referee The Eugene Wrestling commission Monday had received the names of four possible referees for Thursday night's Pacific coast middleweight championship match between Champion Jack Lipscomb and Challenger George Wagner.

Lipscomb submitted the names of Noel Franklin and Bob O'Dowdy names Harry Elliott and "Curly" Donchin. It was believed, however, that the commission would pick an outsider due to the protest made against Elliott by Lipscomb following last week's fights.

The champion claimed that Elliott "crossed" him by awarding a verdict in the favor of Wagner after Lipscomb had allegedly fouled his opponent. The belt went to Wagner, but has since been taken over by the commission due to a ruling that prevents the shifting of the championship on a technical verdict.

In the meantime the two principals were in training for the rematch that attracted a capacity crowd of rabid nut addicts last week. Reserved seat tickets went on sale Monday with the indications that the S. R. O. sign will be hung out at the Club cigar store and Obak's Rainbow before Thursday.

Burned Out Athletes Depends On Prep Training By FRANK DOSSE United Press Staff Correspondent MINNEAPOLIS.—(AP)—To keep a young athlete from "burning out," it is essential that he have the best of training in high school, it has been discovered by Dr. Ancel Keys, associate professor of physical education and head of the University of Minnesota study into the effects of athletics on the human body.

"Keying up of high school teams is probably dangerous," Keys said, "although we cannot be positive. It is possible that all high school sports are a liability. It is more important to have good training in high schools than in colleges and the present situation likely is the other way around."

The scientist said that his statements were no indictment against high school sports, but explained that it merely means that more care should be taken in training young athletes. It is a question of the heart, mostly, he said; and there is as yet not much accurate information about effects of athletics on that vital organ.

"A great many liabilities attend artificial keying up of high school players by a coach who arouses their emotions to stir their adrenal glands, thus releasing abnormal amounts of fuel to the body and stepping up heart action. It is easy for the immature athlete to outdo capacities of his heart in order to bring at least second-half glory to his school."

Eugene To Have Baseball Club

The Eugene Drakes and the Hills Creek Hillbillies will again enter the State baseball league for the 1938 season, according to decisions made Sunday at Salem where George Wilhelm of Eugene was re-elected president of the circuit.

Other clubs definitely entered are Bend's defending champions, Toledo and Silverton. Other teams tentatively entered are Albany, Salem, Coquille and a traveling club from Portland.

Sweet Home, Woodburn and Reedsport have definitely dropped from the league. W. L. McGinnis of Silverton was elected vice president and Ray Brooks of Portland, secretary-treasurer.

\$100 Guarantees Demanded A second meeting will be held in Albany Sunday, April 3, when final action will be taken on franchises and a schedule drawn up.

The league voted to demand guarantees of \$100 from each club to insure completion of the schedule while \$25 additional will be contributed from each unit to provide a fund for publicity and incidental expenses. An expense account of not to exceed \$80 was voted the president.

Frank Nelson, business manager for the Senators will investigate the possibility of placing a Salem team in the league. Vice-president McGinnis has offered the use of the Silverton field for all home games for Salem should the latter decide to enter. Salem has no diamond.

The adopting "Hardwood" ball was dubbed as the official league baseball. To Use Fairgrounds Eugene was represented by Clyde Chilton, president of the Eugene Baseball Association, and Manager Bill Greene, Grover and "Bun" Kelsey represented the Hills Creek team.

The Drakes have received the assurance of cooperation from the Lane county fair board and will use the fairgrounds as an official home park during the season. Work on the field will start immediately and Manager Greene expects to issue the first call for candidates within the next few weeks.

Hills Creek will play all home games at Swimmers' Delight.

Grid, Baseball Practice Opens

Oliver and Hobson Meet Candidates

Monday morning quarterbacks and grandstand coaches had a "look see" at University of Oregon football and baseball prospects Monday afternoon as Coaches "Tex" Oliver and Howard Hobson issued initial calls to Web-foot gridders and baseballers.

With Oliver, Mike Mikulak, and Bill Cole, new line coach who arrived Sunday, casting eagle eyes over the lemon-yellow and green footballers, the task of re-building Oregon football got under way in business-like order. Daily practice, with the possible exception of Fridays and Saturdays—"if the boys work hard"—are in order, according to Oliver.

Hobson's defending championship nine did little work, but are scheduled to move into full swing within the next few days—the initial pre-conference games scheduled for the first of April. Pitchers and catchers have been working indoors for several weeks.

Buckaroos Out Of Playoff

PORTLAND, March 21.—(AP)—The Portland Buckaroos, even up with Vancouver in the Pacific coast hockey league semi-finals, were out of the running today.

League President Fred Taylor last night announced the semi-final victory had been awarded to the Vancouver Lions, who will open the final play-offs against Seattle in Vancouver.

The action followed a controversy over the use by Portland last week of Louis Holmes of the Seattle Clippers to replace Chubby Scott, who was injured. Guy Patrick, Vancouver manager, protested Portland's victory claiming Holmes had not played Scott's regular position.

President Taylor said the matter was referred to a vote of league directors, who upheld the protest. He said he had ordered the game replayed, but Rowe had refused.

"I'm wondering if they (Seattle and Vancouver) are playing for the league title or for the championship of Vancouver," Rowe said last night.

There has been no decision in the semi-finals. Portland and Vancouver each has won one game and has the same number of points scored for and against. There is no reason why Vancouver should play as the winner of the semi-finals.

He asserted that Portland's victory provided the Buckaroos would play without Holmes in Vancouver tonight.
