Fir Mills Speed Cut During Past Week

SEATTLE, Oct. 2.—(P)—Cutting by 151 western Washington and Oregon Douglas fir mills was speeded up a million and a half feet last week, to a total of 93,926,143 board feet, the West Coast Lumbermen's association reported today, but orders dropped off.

At the rate of cutting at the mills reporting, the association said the entire industry produced 59.9 percent of the average weekly cut during 1926-29. The previous week's production was 92,486,020 feet.

Orders taken totaled 88,699,707 feet, compared with orders of 94,592,983 feet the previous week and slightly in excess of that figure the previous week.

Shipments last week were 89,068,792 feet, compared with 87,449,349 feet the previous week. The unfilled order file stood at 262,667,450 feet.
