

Governor Vetoes Pilot Measure

(CONTINUED FROM PAGE 1)

refused to pass a bill to increase the state labor commissioner's salary from \$3,600 to \$4,200 a year. The vote was 14-14.

When Hood River fruitmen expressed fear it might result in retaliatory measures against Oregon fruits, the bill to limit sales of fortified wines to state liquor stores was re-referred to the alcohol control committee.

The bill authorizing the fish commission to regulate commercial fishing near Bonneville dam will reach the senate floor this week on a divided report. Most members of the senate fishing industries committee recommended against it. The committee also recommended against three other bills giving the commission the right to regulate the commercial season on the Columbia river, granting similar powers on all other streams, and limiting commercial fishermen to the use of drift nets on the Columbia.

WOULD CHANGE BOARD

SALEM, Feb. 21.—(AP)—Changing the state planning board into a state bureau of research and development and establishment of a committee to work on legislation between sessions were recommended today to the legislature by Gov. Charles A. Sprague.

In a special message to both houses, the governor said the revamped bureau would do research for the governor, legislature and legislative interim committees, and also "have broad powers in exploring fields of economic development, utilization of natural resources and industrial opportunities."

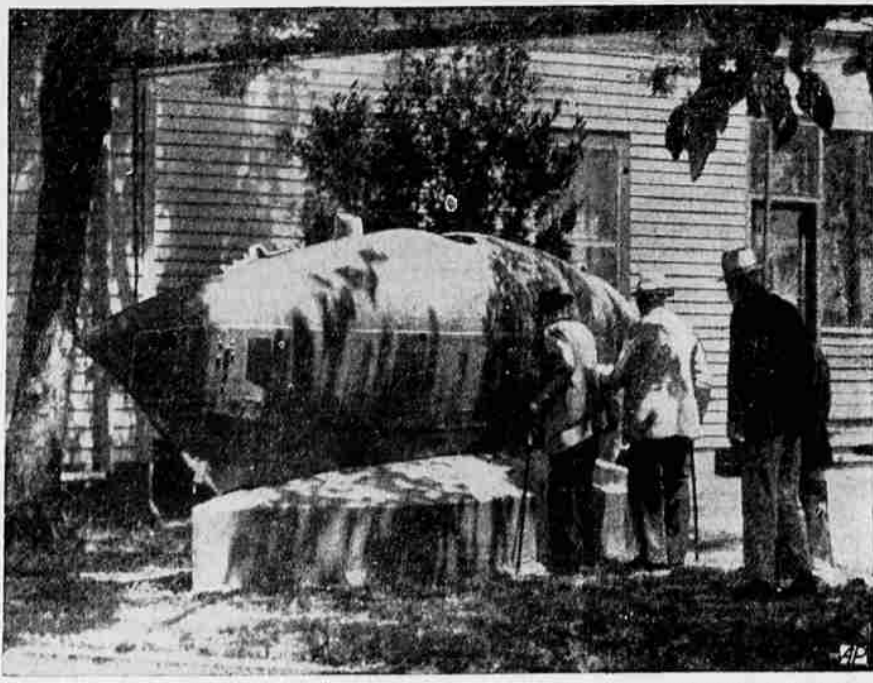

South Lane Favors School Measures

A large majority of citizens of seven school districts in the southern part of the county who attended a mass meeting at the high school in Cottage Grove Monday night favor the equalization bill and the reorganization bill, two school measures now before the state legislature.

L. C. Moffitt, county school superintendent, who was present, said that while the attendance at the meeting was not large, great interest was manifested in the bills. A similar meeting was held at the courthouse in Eugene a short time ago and sentiment there, too, was in favor of the measures.

NEW POPE SOON

VATICAN CITY, Feb. 21.—(AP)—Cardinals at the Vatican announced officially today they would meet in conclave March 1 to elect a new pope.

This relic of Civil war days—a three-man "sub" built to tow explosives against the hull of federal warships around New Orleans, veterans turn proudly, at the confederate soldiers' home in New Orleans. Two of the men cranked the propeller, and great risk lay in failure to retire fast enough once the explosion was set off. (A.P.—Universal Newsreel photo.)

K. P. Lodge Observes 75th Anniversary

The seventy-fifth anniversary of the Pythian Order was observed by Helmet Lodge, No. 23, Knights of Pythias, Monday evening. After the business meeting, a program was given. R. S. Bryson gave the main address, his subject being "The History of Pythianism." He described the early days of the lodge and the life of the founder of the order in the United States, Colonel Rathbone. Other numbers on the program were violin and piano numbers by Arthur Hendershott and Herman Hendershott; a talk on early days in Oregon and Lane county by Walter B. Dillard; and accordion solos by Gerald W. Huff. Eugene V. Slattery was toastmaster. Cards were played after the program. A dance will be given Tuesday evening, Feb. 28.

Grand Jury Will Report Thursday

The Lane county grand jury will not make a report to the court until some time Thursday, District Attorney L. L. Ray said Tuesday. Judge G. F. Skipworth has been out of the city the last two days and Wednesday is a legal holiday, so no report could be made sooner than Thursday. Several criminal cases have been taken up and considered by the jury the past two days.

Obituary

William H. McKenzie
William H. McKenzie, 67, for many years a printer in Eugene, died Tuesday morning at his home, 365 Eighth avenue east. He was born in Chenoa, Ill., April 12, 1871, and married Mayme Rohne in East St. Louis in 1910. He came to Eugene in 1919. Mr. McKenzie worked for the Eugene Register, the Register-Guard and the Morning News. He was a member of the Typographical Union. Besides his wife, he is survived by one son, William R. McKenzie, of Eugene, and a brother, Arthur McKenzie of Rockford, Ill. The Veatch chapel is in charge of arrangements.

Sheridan Butter Man Takes Dairy Award

CORVALLIS, Feb. 21.—(AP)—William McGhie, buttermaker for the Farmers' Union creamery of Sheridan, won first place in the annual cold storage butter contest held today at the opening of the Oregon Dairy Manufacturers' association four-day convention.

LACKS AUTHORITY

PORTLAND, Feb. 21.—(AP)—The state liquor control commission lacks jurisdiction over liquor traffic in Crater Lake national park, Federal Judges James A. Fee and Claude McCulloch decided yesterday.

Army Sees Need For Anti-Aircraft Guns

WASHINGTON, Feb. 21.—(AP)—The senate military committee heard today the army cannot obtain in less than two years sufficient anti-aircraft weapons to equip its "initial protective force" of 400,000 men. Chairman Sheppard (D., Tex.) said Maj. Gen. Charles M. Wesson, chief of ordnance, told the committee day and night shifts would be required in manufacturing plants to turn out sufficient of the heavier types of anti-aircraft guns in two years. The army made a start on manufacture of this type of artillery under an appropriation of \$13,000,000 and contract authorization of \$10,000,000 by the last congress.

Sheppard said testimony of Wesson and other army officials disclosed even the appropriation of \$110,000,000 sought in the president's rearmament program for this purpose would not provide enough artillery, ammunition and other supplies for the 400,000 soldiers comprising the regular army, national guard and organized reserves.

While the senate committee considered armaments, the house military committee was told by George S. Messersmith, European nations were "using every effort to press the services of their experts" on South American countries free of charge.

Two Skulls Cracked As Cycle, Truck Crash

NEWPORT, Feb. 21.—(AP)—Two men riding double on a motorcycle suffered fractured skulls yesterday when the cycle and a truck driven by S. F. Fields, Newport, collided head on. The injured were Elmer King, 20, and Wally Gruser, about 20, of Toledo and Columbia Park, respectively.

DOPE?

THE DALLES, Feb. 21.—(AP)—Letting themselves into the central pharmacy by using ropes after drilling holes in the roof, several men, believed by police to be narcotic peddlers, looted the store of \$20 worth of narcotics and \$40 in cash early today.

RECALLERS

OLYMPIA, Feb. 21.—(AP)—An attempted recall action against state Sen. Joseph D. Roberts (D., King) reached the supreme court today.

New Scout Troop Ready For Session

Tuesday night, Feb. 21, Eugene's newest Boy Scout troop will meet for preliminary organization at the Church of Jesus Christ of Latter Day Saints, at Tenth avenue and Tyler street. This troop is sponsored by the mutual improvement association of the church.

Oregon Prisoners Admit Triple Murder

SALEM, Ore., Feb. 21.—(AP)—Claud and Elmer Tenison told state police officers yesterday they killed a father and his two sons near Perryton, Texas, seven years ago.

The two men, serving 18 years each in the Oregon penitentiary for bank robbery, repeated confessions made 2½ years ago which at that time were discredited by Perryton authorities who regarded the confessions as a hoax.

Saturday the bones of a child were found on a panhandle ranch causing the Perryton officials to attach greater credulity to the Oregon confessions. The investigation was reopened. The two brothers were questioned again and repeated the story.

Claud, 40, and Elmer, 42, said J. M. Cone agreed to pay them \$1,000 to murder his two sons, J. M. Cone, Jr., and Vernon Cone, 6, because he didn't want to be encumbered with them when he "ran off with another woman."

They said the father paid them only \$250 so Claud shot him. They said each shot one child and buried them 20 or 25 miles southeast of Perryton.

PUD Proposal Stirs Legislature

(CONTINUED FROM PAGE 1)

system, told the committee "the state won't permit a public system to operate on the same basis as private utilities because we have to pay off our debts in a certain period of time."

For this reason, he said, publicly-owned utilities were not in a position to operate under restrictions suggested by opponents of the bill.

Ray Gill, state grange master, said loss of taxes now paid by private companies, would be matched by reduction in power rates.

"Why wasn't the question of lost taxes raised when the city took over city docks and other functions?" Gill asked.

A charge that the Eugene system, through its exemption from taxes, has produced a "high toll of foreclosures and delinquent taxes" in Eugene was made by Elmer Maxey, Springfield publisher.

He attacked "high-powered campaigns" by the water board last fall when a taxing proposition was defeated.

A. A. Smith, representative of Portland General Electric, told the committee publicly-owned systems should operate on the same basis as private utilities.

"The public should be able to look at the balance sheet and determine which company is operating for the best interests of the public."

The first crop leaves are the flavor leaves that you get in **TREE TEA Green**

You would learn this important fact from any good book about green tea leaves: only the first crop produces the full flavor leaves.

The earliest, the finest first crop leaves are selected for Tree Tea, Green. They're grown in high altitudes. That's why Tree Tea is the most delicious, most satisfying green tea that you can buy—regardless of Tree Tea's reasonable price.
