The merits of our chick are proven by your repeat orders of over half of our chick sales and this is also true of our hatching egg sales to other hatcheries and breeders in many states and Hawaiian Islands and Alaska territory. Properly mated breeders and chicks from one breed, one strain have enabled us to produce chick without equal. The co-operation of our Associated Flock owners have in a great degree, through proper management of care and feeding, enabled us to attain our goal in the production of chick of real merit. In keeping with our hatchery, we have added a feed and supply store and we invite those of you who are not satisfied with your present feed to try FISHER'S brand we are featuring and we know you will find real satisfaction in using this feed. Feeds for baby chick, growing chick, layers, broilers, hen batteries and turkey.
