### New Grass Grown In Lane County

A large bunch of Reed's canary grass, grown on the Coyote bottoms about 10 miles west of Eugene, was brought to the Register-Guard office recently by R. R. Gibson of Route 1. The grass was shipped into Coquille 40 years ago, and was brought to this county about seven years ago. According to Mr. Gibson, it often grows to a height of 12 feet, and produces about 10 tons of dry hay to the acre. Its food value is said to be equal to that of rye grass.

ART BROWN'S clown band from Springfield high (top left) might not have produced the best music at the pet parade, but its antics provided plenty of laughs. Below, the "sugar-sack stallion" (Arthur Johnson and George Bradley) takes a little sista before the pet parade begins. Ralph Johnson keeps the "horse" from going astray. On the right a costumed cowboy rides his palomino pony, one of the best-looking ponies entered.

### Roses Viewed On Garden Club Tour

Roses were at their best in the three gardens visited Friday morning by members and guests of the Eugene Garden club during their weekly tour to three local homes and their beautified grounds.

The first visit was made to the garden of Mr. and Mrs. M. H. Douglass, at 2293 Birch Lane, where more than 120 varieties of roses bloom and velvety lawn areas on a sloping block-long expanse.

Varieties which attract much attention include the red Lucia Zoologna, the pink Dainty Bess and Mme. Gregoire Staechlin, the yellow Golden Emblem; and the Cecil Brunner which completely covers a long erection of a pergola.

A pool and rock garden in the outdoor living room at the rear of the house with a background of trees joining the wooded hills above were also points of interest to the 35 visitors.

At the home of Dr. and Mrs. A. H. Norton, 2178 Charnelton, with its outdoor fireplace, fish pond, and many varieties of iris blooms, garden seats at the foot of the garden flanked by tall shrubs of Spanish Broom are arranged for the best view of the many rose beds.

The last call was made at the country place of the club president, J. F. Reade. Four acres at the top of College Crest, much of it left in its natural beauty, has also nicely cultivated gardens about the buildings.

Announcement was made that club members will contribute flowers to be used for decoration of the Eugene float during the Portland Rose festival in June.
