

Wood, Leal Shoot Well In Tacoma Meet

TACOMA, July 21.—(AP)—Stan Leonard, Vancouver, B. C., professional, won the Washington Golden Jubilee Open golf tournament yesterday by covering 36 holes in seven under par for a score of 133—a 68 in the morning and an afternoon 65.

He was four strokes ahead of Emery Zimmerman, Portland pro, who fired a 137 over the Allenmore course.

The Rev. Fr. James A. Hamilton, assistant pastor of a Tacoma Catholic church, who plays golf only occasionally, won the amateur title and tied for third in the open play with a score of 139.

He shared third honors with Chuck Congdon, Tacoma defending professional champion.

Harold West, Chehalis pro, and two amateurs, Bon Van de Mark, Tacoma, and Bud Hassell, Olympia, tied for fourth with cards of 140.

Three tied for the amateurs' low net prize at 132 strokes—Van de Mark, Larry Stanley, Seattle, and Max Jensen, Tacoma.

Harry Givan, Seattle, defending amateur champion, came in with a 146.

Wendell Wood, Eugene Country club professional, finished in a four-way tie for 27th place in the field of nearly 75 top-flight golfers. He carded a 73 in the morning and a 75 in the afternoon for an aggregate 148. Don Leal, Eugene amateur, posted a 78-73-151 to finish in a five-way tie for 39th place. Father Richard Carberry, former St. Mary's (Eugene) high school coach, shot 88-83—171 to finish far down the list.

Sterling's, Rubes To Battle Friday Night

Another of those "crucial" softball contests is booked for the Lane county fairgrounds Friday evening.

This tilt will pit Rubenstein's defending champions, and Sterling's, a potent crew, in a grudge battle. It begins at 8:15. The teams are tied for second place in the strong American league, just back of Fenn's.

Fenn's and S. P. Shops will meet in a nightcap.

JENS HANSEN (left), of Seattle, Wash., and Hans Jensen of Portland, Ore., whose family says they are the nation's oldest twins, met in Seattle to celebrate their 84th birthdays, and for their annual "grudge" pinochle game.

Zoning Ordinance Encounters Snag

SPRINGFIELD, July 21.—(Special)—The second reading of the zoning ordinance by the planning commission at the second public hearing Thursday night hit a snag in the objections of several citizens in the scant audience present.

Severt Jacobson, chairman of the committee which made the plans for zoning Springfield and drew up the ordinance, stated that the main objection seemed to be on the question of stables. There are within the city limits, approximately 100 cows owned by numerous families. Under the provisions of the suggested ordinance, no more permanent stables could be constructed. Those already in use could not be disturbed, and for a temporary period other stables could be constructed, Mr. Jacobson said.

But as soon as the outlying sections grew up and became more crowded, these stables would have to be abandoned. It was there that the main objection centered. In time there would be none within the city limits.

The ordinance, however, will go to the city council with the recommendation of the commission for approval. A few minor changes in the wording of the document have been made, but in substance it reads as before.

Should the council approve the ordinance, Mr. Jacobson stated, the ordinance will go into effect immediately as there was not enough objection from the public to cast it out.

Astronomers Still Believe Mars, Nearest Earth Since 1924, Might Support People

FLAGSTAFF, Ariz., July 20.—(AP)—Scientists at Lowell observatory whose big telescopes are trained on Mars each night believe there is some basis for popular theorizing that the planet is inhabited.

Mars, for the study of which this observatory is noted, is of particular interest now, for on July 27 it will be the closest to the earth since August, 1934. The eccentricity of Mars' orbit, which ranges in relation to the earth from 36,000,000 to 63,000,000 miles, provides astronomers with a periodical "closeup" not afforded by any other planet.
