The Fun Begins an Hour From Now

THROW down your newspaper, turn off your radio—get your family and grab your hat!

Down on the streets right now is the bright and beaming face of a 1940 Nash. And just looking at it will make you feel good all over!

One sweet sweep of glittering line, it looks gay as a Mardi Gras—and twice as exciting.

But don't waste time staring. You belong in the driver's seat. For that's where the fun begins.

Before you start, turn on the Weather Eye to the comfort you want. (It offers new conditioned air wonders this year.)

Just a nudge of your toe, and in one split-second you'll get a good idea of what a hundred-odd stampeding horses can do. Three finger flicks—and the gears are shifted. Then—a lift, a rush, a click—and a new Fourth Speed Forward lends soft wings to your ride.

Don't worry about that Sunday driver ahead. There's something new in the throttle—the Nash Automatic Overtake. Just press your toe—and leave him dawdling in your dust, wondering where you came from—or where you went.

Then head for a backwoods road where the others dare not follow... and feel what happens.

Ruts and bumps rush up to meet your spinning wheels, but—they never seem to reach you. Your hands stay idle on the wheel.

It's riding magic, pure and simple. A ride so smooth, so level, so silent that you might be in your easy chair at home, or sleeping in the Nash convertible bed.

It's the new Arrow-Flight Ride... result of an entirely new spring combination... and we dare you to say you've ever experienced anything like it, or known steering that was so sure and effortless.

With singing heart, you give the throttle another nudge.

From where you're sitting, the world looks like one straight, unending ribbon of road ahead... in a land of perpetual spring.

It is—and always will be, in your Nash... long after other cars are parked for good.

We're asking you, with nothing but your own preferences, experiences, and instincts, to get behind the wheel of a 1940 Nash. For ten glorious minutes—that's all.

Then decide if any other car today... of any power, weight, or wheelbase... can give you as much downright fun as this new, lower-priced Nash!

Get your hands on it now—for you'll regret every minute you don't own one! Your Nash dealer is waiting. Come on—it's getting late—let's go!

NEW LOWER PRICES This 1940 Deluxe Nash LaFayette Sedan costs only \$375.00, delivered at factory, standard equipment and Federal taxes included.
