

Fritz Kuhn Called For Own Defense

NEW YORK, Nov. 21.—(AP)—Fritz Kuhn, called as a surprise witness in his own defense, testified today at his trial on grand larceny charges that as leader he had "the right to use" funds of the German-American bund "as I saw fit."

The "Bundesführer," who is accused of appropriating bund money to his own uses—which allegedly included paying the moving costs and medical bills of women friends—testified that the bund's "leadership principle" gave him supreme authority.

Kuhn was questioned by Defense Attorney Peter L. F. Sab-

balino, who previously had indicated that the defendant probably would not be called.

Kuhn testified that at first he allotted himself a salary of only \$300 a month but that, in the bund's 1937 convention, he was given full power over the treasury.

Kuhn testified after Assistant District Attorney Herman J. McCarthy had cross-examined Willy Luedtke, a bund member who testified that a \$500 legal fee, listed by the state as stolen from the organization's legal defense fund, had been duly paid and accepted.

It is estimated that about 3 per cent of the total of 11,000 students to be trained by the government will be women in co-educational schools.

Glass Favors Byrd, Garner For President

WASHINGTON, Nov. 21.—(AP)—Senator Carter Glass disclosed today he has two choices for the 1940 democratic presidential nomination—Vice-President Garner and Senator Byrd (D., Va.).

"I know of no man better qualified for the presidency than John Garner or Harry Byrd," Glass told reporters.

The 81-year-old Virginian declined to discuss his views regarding a third term for President Roosevelt. Although Glass generally has been understood to oppose a third term, his friends reported he did not wish to say anything which might create party friction.

It was said authoritatively, however, the senator would work to have the Virginia delegation to the democratic convention instructed for Byrd but Glass would support Garner if Byrd were unable to obtain the presidential nomination.

25 Years Ago Chamberlain Tells Of Retaliation Move

NOVEMBER 21, 1914 — Germany's attack on Verdon is thwarted, according to French communiques, while Berlin says the theater of war on the western front shows no decisive change. . . . in Poland both Russia and Germany claim to have made significant progress.

In Eugene, the day was Saturday and the big news was football. Oregon and Oregon State played to a 3-3 tie, although the Guard's sports reporter claimed the University lost the game by a close margin. It seems that in the closing minutes a forward pass from Sharp to West connected, and West had a clear field except for one Oregon State player, Bert Hall, Eugene dairyman, lost his faith in books. He read where if he fed his cows salt they would drink lots of water and give more milk. It worked, but Mr. Hall paid a \$25 fine after a creamery that had contracted to buy his output of milk complained and proved that it was 88 per cent water.

England To Take American Scrap Iron

NEW YORK, Nov. 21.—(AP)—A record order for 850,000 tons of scrap iron has been placed in the United States for shipment to England's war-burdened steel mills, it was learned today in trade circles.

In addition, it was said, Italy has bought around 150,000 tons and Japan about 100,000.

At the current price of about \$21 a ton for heavy melting scrap in the Pittsburgh area, the tonnage would be valued at approximately \$23,000,000.

The British buying, trade circles reported, was done in the name of the British Iron and Steel federation.

Dealers said England will pay cash and supply the ships in accordance with U. S. neutrality laws. The scrap is destined to move from Atlantic and gulf coast ports in coming months.

Indian Independence Asked For Help In War

BOMBAY, Nov. 21.—(AP)—Mahandas K. Gandhi, demanding a pledge of cooperation in the European war, declared today, "the issue is purely moral, for owing to her material and military control, Britain is able to regulate garrisons and drain India's wealth at will."

The wispy, 70-year-old Indian nationalist leader, refreshed by his invariable Monday period of abstinence, met at Allahabad with a committee of the congress party (nationalists) seeking to influence the country's attitude toward the war.

Complicating the situation is the ever-present strife between Hindus and Moslems, which resulted in 12 deaths yesterday in rioting at Sukkur, in the province of Sind, northwestern India.

Eleven persons were killed there Sunday in the disturbances orig-

Legionnaires Re-elected At Meeting Monday

SPRINGFIELD, Nov. 21.—(Special)—All officers who have served in the American Legion post No. 40 were re-elected Monday night at a meeting of the group held in the Springfield armory.

Commander of the group is H. E. Maxey; vice commander, F. B. Hamlin; adjutant, Roland Mosher; and finance officer, Jack Larson.

A delegation from the Eugene post gave a program, and a number of Eugene members were visitors at the affair. A report that enrollment throughout the country has reached the half-million mark was given.

Refreshments were served.

Americans Preferred, Nippon Consul Says

WASHINGTON, Nov. 21.—(AP)—Kensuke Horinouchi, the Japanese ambassador, asserted today Americans were being given special consideration by Japanese military authorities in China.

Horinouchi talked with reporters after Sumner Welles, acting secretary of state, had made public reports saying the Japanese had been interfering with the transportation of American goods into the British and French concessions at Tientsin, China.

The ambassador said while other nationals may be delayed in their movements to and from the concessions, "Americans pass very quickly." As a general rule, he said, Americans are granted preferential treatment.

Horinouchi said he had not been advised the Japanese had interfered with the movement of American goods to the concessions. If there had been any delay, he declared, it had developed from military necessity.

Dallas Girl Slayer Freed Under Bond

DALLAS, Nov. 21.—(AP)—Blond Corinne Maddox, whose blazing guns killed Brooks C. Coffman, 40-year-old criminal lawyer, is free under \$7,500 bond.

Coffman was facing trial on charges he stabbed Miss Maddox, 28, with an ice pick because she refused to go to California with him. He was married and had three children.

He fell to the sidewalk on a busy main street, screaming "don't kill me, Corinne" as Miss Maddox drew two guns from under her coat and fired yesterday. She was charged with murder.

Explosion Sank the Mastiff

The explosion that sank the Mastiff was heard on shore and a lifeboat, motorboat and airplanes rushed to the scene. A passing ship picked up some of the Mastiff's crew and transferred four of the injured to a lifeboat. The four were suffering from severe burns, exhaustion and shock and one died in a hospital where the other three were confined.

Another merchant loss, not a victim of the new activity, was confirmed today when the Newcastle lines announced that hope had been abandoned for the 4,800-ton steamer Newton Beech and her crew of 34, overdue for more than a month.

Of the 12 ships reported sunk since Saturday, the Mastiff was the only warship. She was the first British mine-sweeper lost and took her place along with the battleship Royal Oak, the aircraft carrier Courageous, an unnamed destroyer, the tug Northern Rover and the submarine Oxeley, sunk by accident, as a wartime casualty. The Mastiff carried one four-inch and two smaller guns. She was launched Feb. 17, 1938.
