Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And God spake all these words, saying, I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me" (Ex. 20:1-3).
The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Life, Truth, and Love constitute the triune Person called God,—that is, the triply divine Principle, Love. They represent a trinity in unity, three in one—the same in essence, though multifarious in office: God the Father-Mother; Christ the spiritual idea of sonship; divine Science or the Holy Comforter" (p. 331).

Admiral Stark Asks For Largest Navy
(CONTINUED FROM PAGE 1)
Stark would provide 95 warships and 31 auxiliaries.
Stark said the plans still called for an approximate 25 percent tonnage increase but did not specify what categories of ships would be enlarged.
Not Clear
He did not make clear immediately whether the navy had decided to include some battleships in the program, previously omitted, or whether the change meant the navy had decided on battleships larger than 45,000 tons, the current maximum.
Congressional wariness of raising the national debt limit appeared today to lessen the chances of additional defense measures which are being drafted by the war and navy departments in the hope of administration backing.
Both branches were reported in administration quarters to have been counting on prompt approval of the \$2,248,126,509 military appropriations which Mr. Roosevelt submitted last week to clear the way for requests for supplemental funds later in the session.
The army's \$1,007,356,596 share fell far short of meeting the general staff's estimate of the cost of "critical" items for the so-called initial protective force.
A \$850,000,000 estimate originally requested for additional guns, ammunition and supplies for a force of upwards of a million men was slashed. The war department said only approximately \$55,000,000 was included in both regular and emergency budgets specifically for the purpose.
If congress adopts the president's budget and votes \$460,000,000 for special defense taxes, the federal deficit will approach the \$45,000,000,000 mark—the maximum set by law. There has been no general disposition in congress so far to move to increase that limit.

"NOW'S THE TIME TO TEST THIS FAMOUS CAPSULE REMEDY"
KruGon Representative Kept Busy Everyday at the Hiron's Everybody's Drug Store; Many Local Residents Are Publicly Praising the Laxative-Tonic Formula
Mr. F. M. Clift, 299 Polk Street, Eugene, a well known employee of the Red and White Food Corp., this city, is among the many throughout Eugene and vicinity who now know to their own joy, "Faulty bowel elimination was behind my health troubles of the past year. For the past twelve months I had been forced to a strict diet and even then I was distressed continually with poor digestion. My kidneys acted too frequently, calling me up several times each night and causing me to have dreaded back pains, these often extended down into my limbs. I became nervous in this condition and being unable to get the rest I needed I was always tired and worn-out. But then I learned about KruGon... began its use and today I am feeling better than in months."
"From the first I could see that KruGon was the medicine I had been wanting," continued Mr. Clift, "my bowels are now regular and now I can eat solid foods without any distress or discomfort after my meals... something I had not been able to do in months. I have no pain now, sleep soundly throughout the nights, get my rest and even my nerves are calm too. No wonder so many people are praising KruGon... it is a deserving remedy."
"The Special KruGon Man is daily meeting the local public at the Hiron's Everybody's Drug Store, 986 Willamette Street, Eugene, and invites all local people to call to see him."
