Mrs. Dorothy Keith Finds KruGon a Real Blessing; Faulty Elimination Yields Easily, Aches and Pains Of Past Are Relieved Too; Feels Best in Two Years

Sufferers in Eugene and vicinity who have not yet given KruGon the opportunity to prove its great difference from many of the medicines on the market today may have in store for them a pleasant

MRS. DOROTHY KEITH

surprise when they learn through actual use what KruGon will do in eliminating clogged intestinal impurities which are often the cause of awful aches and pains in the muscles and joints, night risings, backaches, poor digestion, nervousness, gas and bloated stomach, dizzy spells and headaches.

"For two years before I learned of KruGon I hardly knew a well day," said Mrs. Dorothy Keith, Walton, Oregon, (just west of Eugene), a respected local lady, recently in a praising statement given the KruGon Man at Hiron's Everybody's Drug Store.

"A long standing case of constipation had almost gotten the best of me," continued Mrs. Keith. "It seemed that every bite I ate would sour on my stomach in just a few minutes and cause me to bloat so badly I could hardly breathe. I would have those fainting spells too and I could hardly get any sleep at night for frequent kidney action would call me up at all hours of the night. Pains developed and settled through my back and shoulders which made my condition almost unbearable at times. I felt so badly continually and had become so nervous and upset generally I was discouraged and wondered if I would ever be any better. But when I began KruGon I soon knew it was only a question of time until I would be feeling good again."

"KruGon seemed to be made for cases just like mine," continued Mrs. Keith. "Soon after I began these capsules I was given surprising results. My bowels are now regular and I am able to eat and enjoy the foods I want without a moment's discomfort afterwards. I sleep good now without any disturbance, those aches and pains are relieved, my nerves are calmed and it is wonderful to feel so good again. No wonder KruGon is so popular here in this section for I like many others have found it to be a real blessing."

The KruGon Representative is daily meeting the local public at the Hiron's Everybody's Drug Store, 986 Willamette Street, Eugene, where he is introducing and explaining the action of this modern remedy.

I average 35,000 miles a year, so economy counts heavily with me. I've driven my 1940 Packard (my 53rd car) 17,460 miles in 6 months and haven't spent \$5 on it, except for gas, oil and lubrication. Gas mileage is better than on small cars I've owned - averaging at least 17 miles to the gallon.

COMPARE ECONOMY—YOU'LL PICK PACKARD!

Packard, of all manufacturers, has the fastest-growing family of owners in America.

And the big reason is—greater owner satisfaction... in value, performance and all-around economy. Packard urges you to compare... check... demonstrate it against other cars.

You'll find it's 1940's stand-out—a big car that costs little to run. For proof, study the comparative service costs at the right—then see your nearest Packard dealer now.
