

Democrats Picnic Newport Sunday

Democrats in Oregon's first congressional district will swing into active campaign Sunday when they hold the annual first congressional district picnic at Newport. The picnic will be held at the Yaquina bay state park. Charles A. Robertson, Salem, is the democratic candidate for congress from the first district, will be the main speaker, opening the picnic with a speech on the campaign for the first district.

Robertson's record of service includes his service in the United States as colonel of the service as military attaché in Rome, and all of the other European capitals, his position as general legal counsel for Ford Motor company and General Motors, as well as eight major American industries, representing them upon the European continent for some 20 years during the World War and following post-war era.

Paul N. Plank, of Eugene, president of the state organization of Young Democratic clubs, heads the picnic. All arrangements of this district are in Plank's hands.

Plank states headquarters of the state young democrats will be Saturday in Portland at the Stark streets in the Hotel Clute.

Miller's Open New Floor To Shoppers on Saturday

More beautiful than ever! That's the way Miller's describe their department store since the completion of the new lower main floor which has its grand opening Saturday.

Nine attractive and efficient departments are housed in the new section which was begun last spring and finally completed in time for fall shopping. Boys, girls and infants departments are near the front stairway while draperies, bedding and housewares surround the second stairway. Needlework, giftwares, pottery, glass and luggage are centrally located.

Brilliantly-lighted by modern ceiling fixtures with concealed display lights entirely surrounding the room, the light ivory finish creates a pleasant atmosphere for shopping.

A complete air conditioning system keeps a constant supply of fresh air warmed or cooled to the most comfortable degree, depending upon the season.

Moving the children's departments to the downstairs location has made possible some expansion on the street floor. Corsets
