HAPPY RELIEF FROM PAINFUL BACKACHE
Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisons waste out of the blood. They help most people pass about 3 quarts a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisons from your blood. Get Doan's Pills.

Message to Garcia
In your history book, I and mine, there was a story about "carrying a message to Garcia." I am somewhat vague, now, about who sent it—and who Garcia was.

But all of us remember how necessary it was for the message to go through. Garcia would have made some costly mistake if he hadn't got the message—straight and on time. What made history was the faithfulness of the messenger.

Imagine for the moment that you are General Garcia. You're somewhere apart from what is going on. You need a message. Not just any message, the right message. Then the newsboy brings it. Or you pick it up on the street corner.

This message—the news of the day—may warn you of a threat to pass a law you oppose and want to protest. It may inform you of the valiant service a good public official has performed.

It may tell you of an approaching storm and give you a chance to prepare for it. Or it may give you

Without this message—the constant stream of messages—you'd stumble, fumble, err in your decisions as voter and citizen. You'd cost yourself money, time, and perhaps your liberty.

In short, you'd not be able to keep up your job of being a competent, self-governing citizen in a democracy.

Let someone interfere with the messenger—corrupt him, suppress him, delay him—and it is you who suffer. Perhaps you hadn't realized that a few cents' worth of newspaper you now hold casually in your hands is your main contact with the world you live in. True, you see other people, you hear broadcasts, read magazines and books about the state of the world. But where do these others get their data? Most likely from newspapers. I'm not suggesting that you pin any medals on the messenger. But if he's molested or threatened or muzzled, strike his attacker quickly, with all your energy. Remember, the enslaved nations of the world lost their free press, early.

Harry Orr, program chairman, presented the following: the Bailey Hill Billies musical troupe composed of Harriet Harvey, Ted Eggeve, Elden Knight, Stanley Thestand, Florence Knight, Mr. and Mrs. Earl Fox and Archie Root, director; piano selection by Dorothy Dunlap; vocal selections by Thelma Wilson accompanied by Dorothy Dunlap; and a reading "Spittin'" by Elizabeth Callaghan. A pie auction followed the program with Dick Chamberlain officiating. More than \$15 were realized on the auction. Following refreshments, Archie Root led the crowd in games.
