

Highclimber

By DICK STRITE

With Chuck Mallory, No. 1 track and field prognosticator of the Pacific coast, available we should know better than to attempt to dope the state high school cinder classic which will be held here on Hayward field Friday and Saturday.

However, it is a slightly different system than the one that gave Mallory an "on the nose" prediction of the Oregon-Osc meet outcome. Anyone who is able to count to five, and we barely made the grade, can give you the statistical result of the coming state championships. Our system is comparing times, distances and heights of the eight district qualifying meets.

We attempted the same system last year with the net result that we managed to pick the championship team and eight winners out of 14 events. The total scores were not too impressive. We gave Medford 28 1/2 points and the Pearlickers actually won with 22 1/2, Salem got 12 instead of 22, Ontario 14 instead of 17, Scappoose 14 1/2 instead of 12 1/2, Coquille 14 1/2 instead of 10 1/2, and Mac-Hi 9 1/4 instead of 10.

The tabulations found later in this column shows that Medford figures to retain the title by an even more impressive total, 32 to 16 for second-place Mac-Hi of Milton-Freewater.

The 1941 meet should be one of the classic in recent years, what with four defending champions returning in Wally Still of Mac-Hi in the 100, Ray Johnson of Medford in the 440, Hoover of Toledo in the javelin, and Schweitzer of Adrian in the low hurdles.

Five of the state's 14 records may go by the boards. Still qualified in the hundred in 9.9, tying Bobby Grayson's and Leslie's record, Johnson may better his own 49.5 in the quarter. Grace of Clatskanie ran the mile in 4:29.9, within nine-tenths of a second of the 4:29 by Wilson of Washington in 1912. Schweitzer has a chance to crack his own hurdle mark, and Anderson of Imbler was within 1 1/2 inches of DuFresne's record in qualifying at six feet.

Had the first report on Mac-Hi's relay been correct the eastern Oregonians would have been shoos. . . The report gave the winners a 1:24.5, five-tenths of a second under Stanford's world record for the distance, and 3.7 seconds under the National Interscholastic mark held by Los Angeles high school.

The results might go haywire, but we present the statistical winners, state recordholders, defending champions and district entries in the coming championships:

100-yard—Still (MacHi) 9.9, Gossett (Dayton) 10.2, Faubion (Eugene), Jenkins (Lakeview) and Elliott (West Linn) all 10.4. State record—Grayson (Jefferson) 9.9 in 1932 and Leslie (Klamath Falls) 9.9 in 1934. 1940 winner—Still (MacHi) 10.1.

Spokane Regains WIL League Lead

(Associated Press)

Spokane moved back into undisputed possession of the Western International League leadership Monday night while Yakima rested.

Although gleaming only five hits, Spokane defeated Tacoma 6 to 4 in the final game of their series at Tacoma and moved half a game ahead of the idle Yakima Pippins, who tied for first place Sunday with their eighth straight victory.

In the other W. I. L. game, Wenatchee won at Vancouver, 6 to 1.

Bob Williams, Wenatchee pitcher, turned in a brilliant one-hit performance on the mound. The lone hit was Al Lingua's single in the first inning to drive in the lone Vancouver run.
