Oregon Methodists To Erect Youth Institutes

(CONTINUED FROM PAGE 1) chairman of the ad interim committee acting as head of Willamette university...

Reports were also given by Miss Pearl E. Sherlock, conference education director...

Saturday's sessions concluded the business meetings of the conference. The appointments for the coming year will be read Sunday afternoon at 4:15 by Bishop Baxter.

Dr. Albert Edward Day, Pasadena, outstanding Methodist clergyman, Friday evening blamed continuous upheavals in the world upon the tendency of people to follow the crowd...

The Pasadena clergyman urged those present to look at life with greater expectation than before. Such an attitude will make life the event it ought to be, he said.

Dr. Day struck at the "prevailing trend" which leads people to profess a belief in God but deny that belief by their actions. People seem to think that God is "something operating by remote control when in reality finding God is like turning to one's own thoughts, he averred.

Cure for the present situation is a "change of mind," the conference speaker declared. People must banish their "earthly mind and take on a spiritual mind; You change your mind and God will change you," Dr. Day added.

U. S. Orders Italian Consulates Closed (CONTINUED FROM PAGE 1) States would serve no desirable purpose."

Besides the Italian consulates, the state department ordered removal of all agencies and organizations of the fascist government, except the Italian embassy here.

State department officials said these would include Italian subjects who were employees of the Italian tourist information office, Italian national institute of exchange, Italcable, Italian library of information, Italian Tobacco monopoly, Italian commission for the New York Worlds Fair, custodian of the Leonardo Da Vinci exhibition, and the office of the Italian commercial counselor in New York city.

Stefani, the official Italian news agency, was not among the organizations named to be closed. It is not registered at the state department as an agency of the Italian government.
