BOSTON WOOL

BOSTON, Aug. 21—(AP)—(USDA)—The volume of new business on wool in the Boston market was very moderate. Scattered sales were closed at prices mostly steady compared with transactions earlier in the week. Fine and one-fourth blood wools were receiving the largest part of the limited demand. Combing one-fourth blood was selling at 85-87 cents scoured basis, for territory wools and 45-47 cents in the grease for bright fleece wools. An occasional carload of fine bright Delaine fleece wool was selling at 41-43 cents in the grease.

CLOSE FIGURING

CLEVELAND (AP)—Sports writers thought maybe Bob Feller was just being modest a short while ago when he said he doubted if a modern pitcher could win more than 28 games a year. The way Bob was ging, the experts figured he was sure for 30 or more. But Feller bumped into trouble in late July and August and may have to stretch himself to get those 28 he promised.

SIGN LANGUAGE

KINGSTREE, S. C. (AP)—These Kingstree ball players are the sly ones. When they disliked a decision of Palmetto League umpire San Sturgeon in their game with Sumpter they didn't go racing out brandishing bats and hurling invectives. They slipped a "Help the Blind" sign on the ump's back.

Mayor Waits Voters' Verdict

(CONTINUED FROM PAGE 1)

time is the center of a suit, filed in Circuit court earlier this week by Daniel C. Teeter, seeking an injunction to force the city to collect that interest.

Mayor Chandler's statement is as follows:

"In answer to the recall petitions directed at me I wish to say that I am well pleased to have the question as to whether I should serve as Mayor of the City of Springfield tried before the people. While I am sure that the sponsors of this petition have stretched a point in their allegations, I feel that I am well enough known for the people to judge the truth.

"It has been my policy to try and keep foreign owned corporations from meddling in local city affairs and I would rather take an interest in city affairs as viewed from the standpoint of the people who own the city than from the view taken by the Mountain States Power company who are only interested in what they can take out of our city.

Recently when initiative petitions were being circulated which would permit the city to take over and operate its own utilities in order that we might have good drinking water, the Mountain States Power company, through Mr. Severt Jacobson, circulated other initiative petitions on water and sewage disposal in order to cloud the issue to be presented by the first initiative petition. The date requested by citizens signing the first petition was August 5th, 1941, and the date on the Jacobson petitions was set for later in the year, November 4, 1941, and two days before the time of the council meeting it was known on the streets that a clique on the council intended to deny the request of the petitioners and refuse to call an election for August 5th.

It is interesting to note that Cocucilmen Privat and Kendall voted to cancel all the interest in amount of $64.00 from Mr. Severt Jacobson assessment.

It is a policy of foreign owned corporations to own as many public officials and newspapers as possible and applying this to our city you can see what we have to contend with. The people of this city do not have funds available for this purpose and it is doubtful if they would use it that way if they had.

I have been in this fight for the past seven years and during this time we have had substantial reduction in our electric rates caused by the effort we have put forth and do not therefore feel that our time has been wasted.

The water is of main importance as the present system in Springfield is a hit and miss affair. The water is not good to use and has been a disgrace to our city and is the sore spot in our fight for freedom from the influence of the Mountain States Power company.

I am glad to place my fate in the hands of the people who own this city and let the results be of their making."

C. E. CHANDLER, Mayor
Springfield, Ore.

Evangelist To Offer Play Saturday At Salvation Army Hall
