BOSTON WOOL

BOSTON, Oct. 21—(AP)—(USDA)—The Boston wool market was more active today. A number of inquiries were being received from manufacturers who intend to submit bids for the new government order for wool goods. Many of these inquiries however, were for options on wool. Sales included moderate quantities of graded three eighth and quarter blood combing bright wools at 50 cents, in the grease, and fine combing Delaine at 43-44 cents, in the grease. Some houses were moving fair quantities of spot Australian wools at firm to higher prices.

New York Markets

By VICTOR EUBANK

NEW YORK Oct. 21—(AP)—The stock market shifted to the rallying foot in today's session and leading rails and industrials tacked on advances of fractions to a point or so. Transfers ran around 500,000 shares.

Credit for the better performance of the list was given reports of strong Russian resistance to the nazi drive on Moscow, a slightly more optimistic view of the far eastern situation and persistence of inflation talk.

A burst of strength in commodities also helped hearten speculative contingents. The comeback in staples followed Secretary of Agriculture Wickard's advocacy of price ceilings for farm products of not less than 110 per cent of parity and his comment that staples were "not too high yet."

Both senior stocks of Pacific Coast Co. bounded to new 1941 highs, along with Consolidated Aircraft.

Standard Oil (NJ) and Texas Corp. swung upward as the bureau of mines revised substantially its estimates of heavy domestic demand for crude petroleum in November.

In front in the afternoon tilt were Santa Fe, Great Northern, Pennsylvania, Atlantic Coast Line, U. S. Steel, Bethlehem, Chrysler, U. S. Rubber, Douglas Aircraft, Boeing, Western Union, Anaconda, Du Pont Allied Chemical, Eastman Kodak and U. S. Gypsum.

Bonds steadied with rails regaining some of their popularity.
