Mayor Recall Move Turns To Political Tangle Today

SPRINGFIELD, Oct. 21.—(Special)—Rumors centering around the continued political unrest of Springfield indicate today that the faction desiring the recall of Mayor C. E. Chandler is running into difficulty. Petitions have already been filed with the city recorder, and the date set as November 4, for the recall vote on three city councilmen—E. G. Privat, R. E. Morris, and G. B. Kendall.

Petition sponsors have not yet filed with city recorder Chester Aldrich the petition asking a recall vote on the mayor. This petition was filed with the county clerk on August 14, with 90 days in which to complete checking and filing with the city recorder. Petition backers had over 250 names on their petitions (243 were required), and did not have to submit it to the recorder until November 14. By that time the recall election on the councilmen would have been over.

But meanwhile the opposition has persuaded several persons to withdraw their names from the petition asking Mayor Chandler's recall, and if the petition is not filed soon there may not be enough names to demand a recall election. City Attorney W. S. Fort could not be reached today for a statement. Petition backers refused to say what their next step will be.

Bases In Siberia Urged By Wallgren

WASHINGTON, Oct. 21.—(AP)—Sen. Max C. Wallgren, D., Wash., today called for the acquisition of bases in Siberia to forestall the possibility of an axis attack upon the United States through Alaska.

"The bases could be acquired with ease now," Wallgren said in an interview, "but if Russia falls we would experience great difficulty."

"If Hitler should conquer Russia, he would have at his disposal all soviet facilities and a clear route through Siberia to our shores. Such a campaign would not require naval strength since nazl troops are well trained for operations while crossing small bodies of water such as separate Alaska from Siberia."
