New York Markets

NEW YORK, Nov. 21.—(AP)—The stock market found the going somewhat rough at times today but persistent bidding for bulls and selected industries eventually steamed up recoveries in other parts of the list.

Even steel which had lingered in the background from the start, lacked on modest plus signs in the final hour. While many leaders failed to get above advances of fractions to a point or so, they were well spread over the ticker tape at the close. Transfers were around 300,000.

Notably supported members of the share division included Southern Railway preferred, which hit a new 1941 high, 46 1/4, and Union Pacific, Pacific, Chrysler, U. S. Rubber preferred, International Harvester, Eastman Kodak, General Electric, and General Motors.
