duction board to recommend legislation on overtime and ways of putting more shifts on the job, while Senator Reed (R-Kan) urged early action on a measure to increase the work week from 40 to 48 hours before extra pay is allowed. The law now provides for time and a half for work over 40 hours.

Lee wrote Nelson after quoting him as saying that time and a half and double time and reluctance by manufacturers to increase the number of shifts were two problems involved in increasing production.

"These two hindrances, it seems to me, can be removed by proper legislation," Lee told the senate yesterday, adding he had long advocated relaxation of the 40-hour week.

Tree Farms Spread Across Timberlands

acres in Lane and Lincoln counties of Oregon—a forest farm one-quarter the size of Rhode Island.

"It is an innovation in cooperative forest management adopted by the national lumber manufacturers association as a national model," said Edmund Hays, Portland, NLMA director and one of the Willamette farm's founders.

Five Oregon lumber companies—all small operators—went in together on the Willamette project. That was the shot in the arm the tree farm movement needed.

Lumbermen's imaginations were fired from the beginning—last summer when the Weyerhaeuser Timber company, the nation's largest, established the 129,000-acre Clemons tree farm in Washington's Grays Harbor country. But until the Willamette farm appeared, tree farming was restricted to large operators who had money.

And it takes plenty.

"The cooperative now makes it

possible to include small operators who alone could not finance tree farms," said Walker B. Tilley, Willamette's chief forester. The man who coined the phrase tree farm—Roderic Oldendamp, Tacoma, Wash., former vice-president of the American Forestry association—predicts that farms soon will spring up in the southern pine region, Michigan, New England.

August 9-15 Dates Set for DAV Convention

(CONTINUED FROM PAGE 1)

Barbara Spargur of Milwaukee, Wis., is commander of the national auxiliary. Mrs. Anne Weber of Colorado Springs is national adjutant for the auxiliary.

Adjutant Corbly and his staff will arrive in Eugene a few days ahead of the convention to set up headquarters.

State officials, Lane county legislators, and chamber of commerce, University of Oregon, and local business representatives were guests at the meeting Thursday. Adjutant Corbly and other DAV officers taking the occasion to express their appreciation to the officials for the grant of \$10,000 in the last legislature to use in staging the convention in Oregon. Governor Charles A. Sprague was unable to come to the Eugene meeting because of another speaking engagement but Adjutant Corbly and other officials had called on him in Salem earlier in the week.

State Secretary Earl Snell and State Treasurer Leslie M. Scott were both here for the banquet and expressed appreciation in behalf of the state that the veterans were assembling in Oregon, and commended the program of the veterans in defense interests.

Mayor Elisha Large and County Judge Clinton Hurd both extended welcomes to the group. State Senator H. C. Wheeler from Lane county, and Representatives Truman A. Chase, Angus Gibson, and James A. Rodman, senate members, and Fred Fisher, commission secretary. The commission decided that no life guards would be maintained at the Skinner Butte park swimming hole as had been done in previous summers.

The commission received a letter from W. J. Cloyes, county sanitarian, and Dr. C. R. Lindgren, chairman of the city health board, pointing out that sludge from Springfield sewers makes the river water absolutely unfit for swimming during the summer time, and advocating that swimming be not only discouraged, but prohibited as well.

The commission also made preliminary plans for the summer recreation program in Eugene. This summer, because war activities and the rubber shortage will cut short vacations and discourage travel, the program will stress home and neighborhood recreation.

To help carry out the "home and neighborhood" type of recreation, the commission voted to distribute to every family in the city a pamphlet of "Suggestions for a Home Recreation Kit," prepared by the National Recreation association. When air raid sirens sound, the pamphlet suggests, this kit can go into action and the family and friends who happen to be present can have a good time behind blackout screens doing such things as play games, cards, model clay, make scrap books, play musical instruments, sketch, or what have you. The important thing, the pamphlet says, is to have the recreation kit already, so you won't have to scramble around in the dark to find the toys, etc.

It was announced that a training class for recreation directors for home and neighborhood groups would be started soon. As many volunteer leaders as possible will be sought to carry out the plans.

A. F. Holmer Chosen For Defense Post

A. F. Holmer, executive secretary of the Eugene Y. M. C. A., Friday was appointed on a state-wide committee to direct young people in various types of defense work. The appointment was made by Governor Sprague, with H. C. Seymour of Corvallis, state 4-H club leader, as chairman.

The governor, asking all county defense councils to appoint similar county committees, said youths will be given an active part in the civilian defense program, but that existing youth organizations will not be interfered with.

Swimming in River To Be Discouraged

In conformity with the urging of Lane county's health authorities, the Eugene Playground and recreation commission this summer will make every effort to discourage swimming in the Willamette river and the old mill race (if the water is turned on again).

This was decided Thursday night at a meeting of the commission attended by G. D. MacLaren, who presided, Mrs. C. Constance, E. A. Barlette, commission members, and Fred Fisher, commission secretary. The commission decided that no life guards would be maintained at the Skinner Butte park swimming hole as had been done in previous summers.

The commission received a letter from W. J. Cloyes, county sanitarian, and Dr. C. R.
