

All Merchant Ships Soon To Have Arms

The maritime commission asserted Saturday that arming of America's merchant ships would be completed in "a few months," at the same time the Nazis acknowledged that the allies had "strongly increased" their defenses along United States gulf and Atlantic coasts.

Meanwhile, however, torpedoes from enemy submarines sank two more small merchant vessels—a U. S. ship in the Caribbean and a Nicaraguan ship—each sinking bringing loss of life, the navy announced.

This increased the announced loss of cargo carriers of the United Nations and neutral countries since Pearl Harbor to 288.

On the comforting side was a state department announcement that an agreement had been reached by which Cuba "offered facilities to the United States war department for training aviation personnel and for operations against enemy undersea craft . . . work on these installations will begin at once."

The Berlin radio in a German-language broadcast for European consumption and recorded here by CBS said "the fight against enemy supply shipping and patrol and escort vessels of the enemy assumed particular fierceness in the past week," but added:

"The enemy has strongly increased his submarine defense and convoy protection, and is using for the battle against the ever-greater submarine danger all available craft."

The maritime commission said cargo ships of America were being equipped with the newest types of weapons to fight off submarine and air attacks.

It can be said, "that officers and seamen are protected to the greatest degree possible against machine gunning by enemy planes."

Budge, Riggs Favored For Pro Tennis Crown

NEW YORK, June 20. — (AP) — The national professional tennis championships came back to Forest Hills today for the first time in a dozen years and 32 players started quest for the title vacated by Fred Perry.

With Perry in retirement, the field was wide open in both singles and doubles, but Don Budge and Bobby Riggs appeared to be conspiring to take a corner of the cash.

Budge, who held the singles title in 1940, topped the seeded list, while Riggs was seeded No. 2 for his first national professional tournament since he abdicated the amateur throne.

DOG TAGS NOW PLASTIC
COLUMBUS, O. — (AP) — Eighty thousand Franklin county dogs have been hit by government priorities on metal. Instead of brass dog tags they will wear brown plastic licenses made by convicts at Ohio penitentiary.

More Bond Purchasers In Aid For Navy Drive Are Listed

A long list of additional purchasers of war bonds was announced Saturday by A. L. Hawn, who heads the committee to sponsor the purchase of nearly \$22-

000 worth of bonds in Lane county under the "Buy a Bond and Help a Sailor" drive. The latest list of purchasers under this navy-bond set-up follows:

Laws On Ambulance Driving Are Quoted

All city, county, and state laws regarding driving must be observed, according to a statement released by the Lane county Red Cross, regarding ambulance driving during an emergency.

All those who drive ambulances or may be called upon to drive a makeshift ambulance are warned that no ordinance or laws regulating driving will be set aside because of an ambulance on an emergency call. This means that the regular traffic officers will be on duty during an emergency and will arrest ambulance drivers if they are violating the law.

No sirens will be allowed at any time on an emergency vehicle or ambulance. Speeds must be 25 miles per hour or less, depending on zoning ordinances.

Dr. N. Paul E. Anderson, medical advisor for the Red Cross First Aid emergency stations, warns all ambulance drivers to slow down over rough places in the road and to turn corners slowly and carefully. Great damage can be done a victim by being bounced on rough pavement or rolled over when a corner is turned too rapidly.

All ambulance drivers will have to take charge of loading ambulances. But the preparation for loading and the care of the patient in the ambulance is in the hands of a first aider. Each casualty transported will have a first aider accompanying him in the ambulance. This first aider is to ride beside the victim and not beside the driver, Dr. Anderson said.

United States National bank: Dawn Louise Haviland, 70 cents in defense stamps; William King Haviland, \$1.60 in defense stamps; Frank A. Wittsbruck, \$25 bond; Maurice L. Redding, \$25 bond.

Pacific First Federal Savings and Loan association: Edith M. Westphal, Eugene, \$25 bond; Mack D. Power, Eugene, \$25 bond; Mrs. F. N. Rhodes, Eugene, \$50 bond; Mr. and Mrs. Walter G. Hodes, Eugene, \$25 bond; Opal H. Conaway, Eugene, \$25 bond.

Burian, Springfield, \$25; Cecil L. Harbert, Eugene, \$25.

LEOVICH TAKES BRIDE
PORTLAND, Ore., June 20. — (AP) — The Portland Beavers always do things backwards — judging from their standing in the Pacific Coast league.

And Johnny Leovich, Beaver catcher, is no exception.

Leovich was married today to Miss Janet Goresky of Portland—not by a minister, but by Circuit Judge Donald E. Long of the court of domestic relations. Ordinarily, Judge Long issues divorces.

Witnesses were Robert W. Bergstrom, new Beaver outfielder, and James J. Richardson, manager of the Multnomah Athletic club.

MASKS FOR WAR PRODUCTION—Safety masks for various war production jobs were modeled by women employees of a Los Angeles safety appliance specialist for use in shipyards. Left to right (top): Aluminum "T" helmet with plastic protective visor and welder's helmet; Center—breathing apparatus used with oxygen bottles in confined areas, face shields of clear plastic and plastic visor with metal fume respirator for use around burning metal; Bottom—respirator for paint spraying or chemical fumes, and goggles of clear plastic with new all-plastic respirator for use against acid gases and organic vapors.

Announcement Near On FD-Churchill Talks

WASHINGTON, June 20. — (AP) — An announcement may be made within several days, possibly over the weekend—on the results of the secret conference between President Roosevelt and Prime Minister Winston Churchill, it was indicated tonight.

The two leaders continued their momentous talks at an undisclosed place somewhere in the United States and were believed to be considering decisions which may have a far-reaching effect on the outcome of the war.

However, no statement on the meeting is expected until Churchill returns to London. It was indicated that the talks would be brief, inasmuch as London said the prime minister came here to make "lightning decisions" on the conduct of the war.

It was believed that Churchill's position in the British government might also depend on the outcome of the conversations, since reports from London asserted that British reversals in Libya were generating political unrest.

The talks were viewed here as having two primary purposes—establishment of a second European front and strengthening of allied positions in North Africa. They were described as concerned principally with "the war, the conduct of the war and the winning of the war."

However, no statement on the meeting is expected until Churchill returns to London. It was indicated that the talks would be brief, inasmuch as London said the prime minister came here to make "lightning decisions" on the conduct of the war.

ELKS PREXY ELECTED

BEND, June 20. — (AP) — Harvey L. Armes of Bend was elected president of the Oregon State Elks association here today and Baker was selected for the 1943 convolve as the 1942 convention closed.

Mount Holyoke College, the first American college for women, was established at South Hadley, Mass., in 1837 by Mary Lyon.
