MADAGASCAR'S CAPITAL NOW IN BRITISH HANDS— Shoppers crowd the market place of Tananarive, capital of the strategic French island of Madagascar. British troops occupied the city as part of a campaign to keep the Axis out.

Two New British Warships at Sea

LONDON, Oct. 21.—(AP)—Two powerful 35,000-ton battleships, the Anson and the Howe, each carrying ten 14-inch guns, have moved into their stations in the British fleet and their commanders were reported spilling for a fight with the great prize of the German fleet, the battleship Tirpitz.

The British fleet has now reached its pre-war strength of 15 battleships and battle cruisers and at least four more battleships are under construction, including the Lion and the Temeraire, rated at 40,000 tons.

The Anson and the Howe are the last of five great battleships of the King George V class to be commissioned. The Prince of Wales was sunk last December during a Japanese air attack off Malaya. The King George and the Duke of York have been with the fleet for some time.

One of the Anson's first tasks was to help guard a Russia-bound convoy in the Arctic and her guns already have been in action against German aircraft, it was announced.

Capt. H. R. G. Kinahan is in command of the Anson and Capt. C. H. L. Woodhouse commands the Howe.

The new battleships "carry four aircraft each and their design incorporates enhanced defense against air attack," an admiralty announcement said today. Their 14-inch guns are said to have an effective range greater than the 15-inch guns of earlier ships.

Britain has lost five capital ships by enemy action so far in the war—the Royal Ark, Hood, Barham, Repulse and the Prince of Wales.

Orin Coldren, Partner In C. & M. Transfer Co., Dies At Home

Orin L. Coldren died at his home at 546 Oak street, Tuesday evening, at the age of 60 years. He was a partner in the C. & M. Transfer Co., which he formed with Harry Mitchell, in 1910.

Mr. Coldren was born June 30, 1882, near Hubbard, Oregon. He had been a resident of Eugene and vicinity for the past 35 years. He was a member of the Elks lodge. Surviving him are his widow, Julia; a brother, James E.; a sister, Mrs. Inez Powell, all of Eugene; two grandchildren and one great granddaughter; a niece and nephew.

Funeral services will be held Thursday for Frank Lee Huberd, who died as a result of a fall into a grease pit at the Oregon Motor stage garage in Portland Sunday. He was employed as a driver for the Oregon Motor stages.

Huberd, 27, is survived by one daughter, Aili, 7 years old; his father, Jasper W. Huberd, Rt. 1, Creswell; two sisters, Mrs. Pearl Castleman, Rt. 1, Creswell and Miss Willow Huberd, Goshen; two brothers, Robert, Eugene, and Earl T. Portland.

Services will be held at 10:30 Thursday, October 22, at the Veitch-Hollingsworth chapel.

DEANS GO TO WAR

CLEVELAND—Chubby Dean of the Indians plans to join the Marine Corps. Mrs. Dean, a nurse, will enter army service.

On the grounds of being too intoxicated to distinguish a patrol car from a taxi.

ROYAL NEIGHBORS TO MEET—The Royal Neighbors lodge will meet for a regular meeting at the Legion hall in Springfield Wednesday evening at 8:30. The juveniles will also meet on this evening, at 6:30.

TAKES PATROL CAR FOR TAXI

OAKLAND, Cal.—(UP)—A dense fog prevented Joe Costello, 26, laborer, from discerning clearly the precise nature of the "taxi" that he summoned in the darkness. However, the "taxi" drew up to the curb, allowed him to enter, and then officers Frank Logan and A. K. Wood, who were driving the patrol car, drove him to the police station, where he was booked.

Reds Say U. S. Forces 'Ready'

MOSCOW, Oct. 21.—(AP)—Red Star, official organ of the Soviet army, asserted today that the United States is ready now in men and equipment to open active military operations.

(The Russian press has expressed the view with increasing frequency recently that Russia's allies have the strength to undertake second front operations at once to relieve German pressure on the Soviet forces.)

"Successful fulfillment of the war industry problems, growth of the army and airforce and accelerated naval construction create all the necessary conditions for active operations by the United States," Red Star said.

"They have enough men and machines. As to the training and operating ability of the army, this can be determined only in armed struggle."
