

### Church Council Decision Planned

Members from 21 Eugene churches and related organizations will participate in an important session of the Community Council of Religious Education scheduled for Wednesday evening at the First church.

The council's office for the coming season will take effect at this time. The officers' terms expire as Jesse H. Walther, president; W. P. Walther, secretary; and A. F. Holmer, treasurer. A nominating committee headed by Frank Eberhart presents nominations for a new set of officers.

The scheduled items of business include the consideration of recommendations by the day church school committee, presented by Rev. A. B. Cromp, chairman, looking toward the formation of this program into a regular school age group.

It is presented to the council that the annual report of M. Wood who is in direct instruction in the grade school.

Coming up for attention are proposed plans for the formation of the Eugene church ship school now scheduled for opening session at the Baptist church Monday evening. Rev. Walther will outline these plans on behalf of the leadership school committee.

The council will give consideration to the part Eugene churches take in the community's entertainment of the members of the armed forces. Howard is the chairman of a special committee to represent the council in this communication.

### Recruiting Offices 11 Volunteers

Twenty-one men were recruited Tuesday by local recruiting offices.

Travel orders have been issued by Richard James McLeod and Robert Calvin Wiseman of Eugene, and John Jardine Jr., Portland.

Enlistments include Jerome Lewis, Creswell, who has the regular army; and the other who will serve as men in the air corps: Patrick L. Wilbur; Kenneth Leroy Monmouth; Bruce Gibson and Morris Mendelsohn head, both of Eugene; Eldred Rathkey, Tenmile; Russell Tracer, Junction; Vernon Jennings Houck, etc.

### Scouts To Hold House Scrap Drive

GREENFIELD.—A scrap drive led by the Springfield Boy Scouts will start Thursday and last Saturday, it was made Saturday by Paul Basford, scout commissioner.

Boys will contact each household and the residents are asked to pile scrap on where it can be picked up by scout wardens, at time convenient.

### Men's PE Evenings To Begin Thursday

An evening of athletic recreation will be enjoyed by Eugene men who attend the first in the series of weekly classes sponsored by the city in their behalf starting at 7:30 Thursday night in the men's physical education building on the campus. It is announced by Miss Florence D. Alden, city director of recreation and parks.

Last week Miss Alden and a group of interested men met to discuss plans. The men preferred that classes be held once a week. Sports to be offered include basketball, handball, volleyball, boxing, wrestling, badminton, apparatus and tumbling.

The nominal fee charged for the fall term pays for all sports and equipment except badminton rackets and birds, and for all activity equipment except shoes. Showers, towels, and lockers are furnished. The men's physical education building is located just north of McArthur court on University street.

### NOTE 313 X NO

(TO DIVERT INCOME TAXES)

Taxpayers should unite in opposition to this proposal to divert income tax receipts to purposes other than as prescribed in the original income and excise tax laws. These laws were enacted with the specific pledge and promise to the people of Oregon that the revenues therefrom would be applied ONLY toward replacing and reducing property taxes.

The sponsors of this initiative claim its purpose to equalize school revenues and to reduce local property taxes. The exact OPPOSITE will result—additional funds will be raised for increased spending. This promise of property tax relief will NOT be fulfilled.

The ballot title of this bill is misleading and decidedly unfair to the voters seeking property tax reduction.

Report of the State Tax Commission shows that this bill will increase STATE TAXES on your property \$1,300,000 next year and this will INCREASE in later years.

### Can You Toot? WAACCalls for 'Swing Sisters'

"Swing sisters" now have their chance to toot their flutes for Uncle Sam.

The announcement came Tuesday from T-Sgt. John T. Costello, in charge of the local army recruiting office, who said that the Women's Army Auxiliary corps has begun to comb Oregon for qualified applicants interested in joining the army in hopes of playing in a WAAC band.

Before applications of "swing sisters" can be considered, he said, they must be able to produce evidence that they are skilled on one of 15 musical instruments and that they have been associated with a musical organization. They must be citizens between the ages of 21 and 45 years of age.

The WAAC will create a pool of qualified applicants pending such time as enrollments can be accomplished. Women interested are asked to apply at postoffice headquarters or to write to the Portland WAAC office, 323 main post-office building.

### More Farms Sold To California Residents

Several more farms have been sold to California residents the past few days through the Oregon Settlement association as a direct result of the extensive circulation of Frank I. Kinney's farm catalog in that state.

Mr. and Mrs. Fred A. Thompson of Los Angeles have bought a 443-acre farm near Anlauf from Mr. and Mrs. A. M. Maguire and their son, A. C. Maguire.

Other deals reported by the firm are as follows: Sale of 787-acre stock farm one mile north of Coburg from Mr. and Mrs. Walter Harrison to Mr. and Mrs. Henry A. Gallagher of Beverly Hills, Cal.; sale of 80-acre farm at Ferguson, ten miles west of Junction City, from Mr. and Mrs. Clyde Rose to Mr. and Mrs. E. E. Bartruff of Long Beach, Cal.; sale of 20 acres highly improved near Alvarado from Mr. and Mrs. O. Falk to Mr. and Mrs. Roy E. Fornerook of Eugene; sale of 80-acre farm ten miles west of Eugene from Mr. and Mrs. Otto Vitus to Mr. and Mrs. William Slater of Lewistown, Mont.

### Deerhorn Items

DEERHORN.—High school students and grade school pupils are looking forward to vacation on Thursday and Friday of this week when their teachers attend the annual teachers' conference.

A turkey hen belonging to Mr. and Mrs. James Edwards is rushing the season a few months by laying eggs this fall. She has laid 23 during the last three of four weeks. Her motto is not "too little and too late" but "speeded production is egg-zactly what will win," say the Edwards.

The state highway painting crew finished this section of the road this week, painting the dividing line down the center using less than half as much material as formerly, with just as much effect. The line is about one inch narrower on each side than it used to be and is painted at regular intervals about six feet in length instead of a solid line. According to the crew, the next time painting is done it will cover the strips now left bare.

### Henderson Places Ceiling on Stockings

WASHINGTON, Oct. 21.—(AP)—The prices of nylon hose are to be made non-proof.

Convinced that charges for the hosiery have been running too high "in almost every store in the country," Price Administrator Leon Henderson yesterday fixed ceilings on first quality nylon hose ranging from \$1.35 to \$2.50. The scale will become effective tomorrow.

The most commonly sold full-fashioned hose of first quality construction, Henderson said, will be priced at \$1.85 as compared with prevailing prices which he declared were \$2.50, \$2.95 and higher.

Stocks held by dealers for the holiday trade were "tremendous," he added, and would be disposed of at "fantastic prices" without establishment of a ceiling.

The prices of "irregulars" will range from \$1.40 to \$2.25 for the best grades, and for second quality, from \$1.15 to \$1.90.

The administrator advised women to bring a civil action in case they may recover from the seller \$50 or three times the amount of the overcharge, whichever is greater, in addition to court costs and lawyer fees.

### Special Train Of Apple Pickers From Portland To Help Get In Crop

PORTLAND, Ore., Oct. 21.—(AP)—Chamber of commerce officials pushed ahead today with plans for chartering a 20-car special train to carry 1,000 apple pickers from Portland to Hood River Sunday to aid in the attempt to save the \$2,250,000 crop.

Plans are contingent upon the railroad's ability to round up equipment and upon Senator Charles McNary's success in obtaining a special train permit in Washington.

The round trip fare of \$2.68 would be refunded to any person picking over 40 boxes.

### Four Axis Ships Sunk In Mediterranean Sea

LONDON, Oct. 21.—(AP)—The sinking of four Axis supply ships in the Mediterranean by British submarines was announced today in an admiralty communique.

Two of the sinkings were credited to one submarine. They were a small axis supply vessel which went down off the Italian coast and a medium size ship which burst into flames and sank after a torpedo hit amidships.

The other two were a large supply ship, hit three times from close range and sunk within two minutes despite extremely bad weather and destroyer protection, and a smaller ship sunk off the Libyan coast.

ELIZABETH M. BOHART, 91-year-old resident of Trent, who died Sunday. She and her husband, William A. Bohart, who survives, celebrated their 72nd wedding anniversary last March.

### Technicolor Invades Even Dreamland

GREENCASTLE, Ind.—(AP)—Dr. Warren C. Middleton, professor of psychology at De Pau University, announced today that an exhaustive investigation had shown that six out of 10 persons have technicolor dreams.

Hundreds of dreamers interviewed also told Dr. Middleton that they heard "color music."

"Their dreams of music result in occasional color sensations. It is better than radio frequency modulation," said the professor.

"Women do more color dreaming than men. Only the prosaic still dream in black and whites." It's cheap, too, no federal tax.

### Essential Vanadium Found In Curry County

PORTLAND, Oct. 20.—(AP)—Vanadium, essential to manufacture of tool steel, has been found in iron deposits in Curry county, Earl K. Nixon, director of the state department of geology and mineral industries, said yesterday.

He estimated there were 300,000 to 400,000 tons of the ore, and that the vanadium was more than 1 per cent of the total. It is combined with magnetite iron oxide, however, and tests will have to be made to determine whether exploitation is feasible, Nixon said. Roads also would be needed to the site in central Curry county, Nixon added.

### 8-Year-Old Is Donator Of 110 Old Keys

One of the outstanding juvenile "keylectors" in Uncle Sam's scrap campaign here is Dennis J. Koupal, 8-year-old son of Mr. and Mrs. Milton D. Koupal of Eugene.

"Dennie proudly donated his accumulation of keys, 110 in all, which were given to him by his grandfather, Dennis J. Koupal," says young Dennie's mother. "Mr. Koupal always saved any stray key he came across in his business. It took over 25 years to make the collection donated by his patriotic grandson."

### Oregon Motorists Are Slowing Down, State Highway Engineer Says

SALEM, Ore., Oct. 21.—(AP)—Drivers on Oregon highways are proceeding at a slower pace, despite reports that some are not adhering to the 35 miles per hour limit, R. H. Baldock, state highway engineer, said today.

Detailed checks of driving speeds indicate that 75 per cent of the passenger cars this month were traveling at 40 miles per hour or less, compared with 30 per cent in the first six months of this year and 20 per cent a year ago, Baldock said.

The pace of traffic, which Baldock explained is the 10-mile speed range containing the greatest number of vehicles, likewise shows a major change, he said.

"A year ago the pace of traffic was between 48 and 56 miles per hour. This decreased this spring to between 40 and 50 miles per hour, and at the present time the range is between 33 and 43 miles per hour," Baldock said.

"This reduction in speed will result in a major saving in consumption of rubber on present tires," he added.

### Negro Worker Status Problem in Shipyards

PORTLAND, Ore., Oct. 21.—(AP)—The turbulent question of whether Negroes recruited for Henry Kaiser's three shipyards in this area are skilled or common laborers today tossed precariously on charges and counter-charges of discrimination, against both white and colored workers.

A company move to elevate several Negroes from the status of common laborers to that of journeymen drew charges of discrimination against white workers from Tom Ray, business agent of the boilermakers' union.

Ray declared the company had refused in the past to permit experienced native Oregonians to advance to skilled jobs and that the personnel director of the Kaiser yards had "at all times sidetracked the issue."

The union leader further accused the company of violating a labor or stabilization agreement reached only last Friday, and said that "it looks like we'll have to take the thing in our own hands."

### Hines Held In Portland On Charge By FBI

PORTLAND, Oct. 20.—(AP)—Alfred J. Hines, who masqueraded as a Pearl Harbor hero, was held here today on a charge of wearing an army uniform without authorization.

J. D. Swenson, chief of the federal bureau of investigation here, said Hines was arrested originally by police at Eugene, where he attempted to gain credit at several stores by representing himself as a sergeant.

The Negroes, New York labor recruits, meanwhile had withdrawn a strike threat on the basis of the company's acquiescence to demands that several colored workers be classified as journeymen.

Spokesmen for the Negroes earlier had branded the classifications of colored workers as common laborers as discriminatory.
