Splendid Cough Syrup Easily Mixed at Home
It's So Easy! Makes a Big Saving. No Cooking.
To get quick and satisfying relief from coughs due to colds, mix this recipe in your own kitchen. Once tried you'll never be without it, and it's so simple and easy.
First, make a syrup by stirring 3 cups granulated sugar and one cup of water a few moments, until dissolved. A child could do it. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup.
Then get 1 1/2 ounces of Pinex from any drugist. This is a special compound of proven ingredients in concentrated form, known for its effect on throat and bronchial membranes.
Put the Pinex into a pint bottle, and add your syrup. Thus you make a full pint of really splendid medicine and you get about four times as much for your money. It never spoils, and children love its pleasant taste.
And for quick, blessed relief, it is amazing. You can feel it take hold in a way that means business. It loosens phlegm, soothes the irritated membranes, and eases the soreness. Thus it makes breathing easy, and lets you get restful sleep. Just try it, and if not pleased, your money will be refunded.
