Civilian Defense Meeting Wednesday

MONROE—There will be a public meeting in the high school building Wednesday at 7:30 p. m. to discuss civilian defense. Speakers will be Dr. George Peavy, county civilian defense coordinator, and Dr. Fortner, who will discuss first aid methods. Everybody is invited to attend.

W. H. Carson, Monroe real estate broker, reports the sale of the property of Claire W. Smith of Newport, to Philmon Elery Renno from Connecticut, the five acres in the southeast corner of the Wilbur F. Starr's 25-acre tract in the Susan A. Starr donation land claim. This property is located 2 1/4 miles north of Monroe and is 1/2 mile west of the highway on the private road that leads to the Clyde E. Starr ranch. Benton County Surveyor Galloway will immediately establish lines and corners on the 5-acre tract purchased. Mr. Renno, the buyer, is a builder and contractor by trade. He is a brother-in-law of John Zyselt, a farmer in the Monroe community. Mr. Renno will establish residence at once of his newly purchased property.

The fifth and sixth grade room at the Monroe grade school received a letter this past week from Miss Carol Haugen, a school teacher of North Dakota. Miss Haugen teaches in a small school near Emerado. Her school was among those that won in her state in the recent nation wide scrap iron drive, and she was awarded by a trip to Portland in December to help launch a Liberty ship. Mrs. Wright, the Monroe fifth and sixth grade teacher, read about this in the paper, and had her pupils write to Miss Haugen to find out just how she liked Oregon. Miss Haugen writes that she wanted to stay in Oregon.

Merl Miller and Leonard Collins who own and operate their own gravel trucks, and formerly had a hauling contract with the Salem Sand and Gravel company, are now located in Tillamook. Mr. Collins was in Monroe a short time back visiting among friends here. He was a guest at the Carson apartments.

HERE'S Easy-to-Slice Williams' DELICIOUS NEW ENRICHED WHITE BREAD

HERE'S UNCLE SAM'S WAR ORDER TO BAKERS!

To conserve labor and materials in furtherance of the war effort, the Government has instructed all bakers to discontinue certain industry practices. Hence, in bread you buy for the duration, there will be NO SUCING... The convenience of ready-sliced bread must be foregone. NO "TWISTING" or "CROSS PANNING"... These baking techniques have been used to assure softer, smoother-grained bread. NO "INNER WRAPS"... This means elimination of the extra paper formerly used inside the bread wrapper to further preserve freshness and to add stability to the package of ready-cut slices.

anticipating THIS ORDER...

YOUR Williams' BAKERS LONG SINCE PERFECTED THIS NEW EASY-SLICING Williams' ENRICHED WHITE BREAD

Far from lowering the quality of your favorite loaf, these new Government rulings actually make it possible for us to give you a finer, more desirable bread that will continue to be a mealtime delight. It's a bread you'll really enjoy... a bread that gives your family the kind of nourishment that builds a greater store of vitality, strength and stamina vitally needed in these tense war days.

BAKED BY NEW SCIENTIFIC METHOD
Our own baking experts, working in close cooperation with the staff of one of America's foremost cereal laboratories, perfected an entirely new and different baking technique to produce this finer food—a loaf that's really better.

Just try this new, improved bread in competition with any other loaf. See how much more easily it slices—and how smoothly it spreads without the crumb rolling up beneath the knife blade. Remember! These superior qualities in this fine unsliced bread are not accidental. We worked long and hard to achieve them—to perfect this better bread for your war-time nutrition.
